INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the Learning Care Group Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Learning Care Group Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contribution and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Learning Care Group Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all eligible employees of La Petite Academy, Inc. (the "Company") who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Principal Trust Company is the Plan's trustee and Principal Life Insurance Company provides record keeping services to the Plan. The plan administrator has overall responsibility for the operation and administration of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Restatement

Effective September 1, 2022, the Plan was restated in its entirety to comply with regulatory requirements. There were no changes to the Plan provisions as a result of the restatement.

Amendments

Effective September 1, 2022, the Plan was amended to add a discretionary employer contribution. This relates to COVID grants the Company received from two states, for the benefit of non-admin and school employee groups in those states. The contributions were the same for all qualified employees. The amendment also removed the requirement to be employed on the last day of the plan year to receive the employer contribution.

Contributions

Participants may contribute 60% of annual eligible compensation, as defined in the Plan, and designate those contributions as pre-tax. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

The Company's matching contributions are discretionary and determined as a percentage of participant elected deferrals. For the year ended December 31, 2022, the Company contributed $0.25 for each $1 of the participant's elective deferrals contributed to the Plan each pay period with a maximum of 1% of compensation per pay period. The Company made an additional employer matching contribution for the year ended December 31, 2022, of $0.25 for each $1 of the participant's annual elective deferrals contributed to the Plan, with a maximum of 1% of annual compensation.

The Company made a one-time discretionary employer contribution $1,000 contribution to eligible employees in Arizona and Nevada. Employees are 100% vested in these contributions.

Discretionary profit-sharing contributions are determined annually by the Company. Profit sharing contributions are allocated to each participant based upon the ratio of the participant's compensation to the total compensation of the Company. There were no profit-sharing contributions for the year ended December 31, 2022.

Contributions are subject to certain IRS limits. Participants direct the investment of their contributions, including their employer contribution, into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, discretionary employer contributions as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the discretionary employer contribution, plus earnings thereon. Vesting in the discretionary employer matching and profit sharing contribution portion of their accounts is based on years of service. After one year of service, participants with a hire date prior to January 1, 2020, become 25% vested in employer contributions in the Plan; with vesting increasing to 100% after two years of credited service. After one year of service, participants with a hire date on or after January 1, 2020, become 25% vested in employer contributions in the Plan; the vesting increases by 25% each year. A participant is 100% vested after four years of credited service, or upon reaching plan retirement age of sixty-five, death, or disability.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $5,000 up to a maximum equal to $50,000 or 50% of the participant's vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Vested Benefits

On termination of service due to death, disability or retirement, participants may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump sum amount or in installments, depending on the size of the participant's account balance at the time of termination. Participants with a vested account balance of less than $5,000 must take a lump-sum distribution. The account of a participant with a vested account balance between $1,000 and $5,000 who does not request a distribution will be rolled into an individual retirement account in the participant's name.

In-service distributions are allowed when a participant reaches age 59½. The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

If a distribution payment remains outstanding for 180 days after the funds are moved from the Plan into the general Principal Life account, they are considered stale dated. These stale dated checks must clear the bank of Principal by the end of the 12th month after the check was issued. The amount of unclaimed checks available at December 31, 2021 was $459,497.

During the year ended December 31, 2022, unclaimed checks of $398,414 were transferred to the forfeiture account. The plan sponsor used the forfeitures to reduce employer contributions, thereby transferring the responsibility of the unclaimed checks to the plan sponsor. At December 31, 2022, the plan sponsor was responsible for unclaimed checks in the amount of $398,002.

Forfeitures

Forfeited nonvested accounts may be used to pay plan expenses or reduce employer contributions. During the year ended December 31, 2022, forfeitures in the amount of $486,528 were used to reduce employer contributions. At December 31, 2022 and 2021, there were $997 and $6,903 in unallocated forfeitures, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2022, and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with the corresponding reduction to contributions. The Plan did distribute some of the 2022 excess contributions to the applicable participants prior to the required due date of March 15, 2023 and April 15, 2023. Some refunds were distributed after the due date, and the plan sponsor is subject to a 10% excise tax for 2022 for these distributions.

Payments of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Rebate Income and Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan. The Plan receives rebates from mutual funds on fees paid to invest those funds. The rebate income is used to pay expenses.

Subsequent Events

The plan sponsor has performed a review of events subsequent to the statements of net assets available for benefits date through January 8, 2024, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period, except as disclosed in Note 12.

NOTE 3 –CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments and dividends and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission (SEC). These funds must publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 62,970,127	$ -	$ -	$ 62,970,127
Investments measured at net asset value [(a)]	-	-	-	8,286,475
Total assets at fair value	$ 62,970,127	$ -	$ -	$ 71,256,602

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 70,778,269	$ -	$ -	$ 70,778,269
Investments measured at net asset value [(a)]	-	-	-	8,365,812
Total assets at fair value	$ 70,778,269	$ -	$ -	$ 79,144,081

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Estimated fair value at December 31,		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2022	2021		
Stable value collective trust fund - Gillard Stable Return PN25	$ 8,286,475	$ 8,365,812	Daily	12 months

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2022, there were direct fees of $289,944 paid to Principal Life Insurance Company, BKS Retirement Services, and UHY LLP, parties-in-interest as defined in section 3(14) of ERISA. During the years ended December 31, 2022, and 2021, there were transactions involving the investment of plan assets in investment funds maintained by Wells Fargo Bank, N.A. and Principal Trust Company, parties-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net depreciation of the fair value of investments. Rebate income in the amount of $137,138 is netted against administrative expenses on the statement of changes in net assets available for benefits.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The plan sponsor incorrectly calculated the discretionary employer match of one participant by using their rehire date as the eligibility date, rather than their original hire date. The employee’s match was recalculated and corrected subsequent to year end.

NOTE 8 – TAX STATUS

The Plan is a volume submitter document plan for which the Internal Revenue Service has issued an advisory letter dated June 30, 2020, stating that while they do not issue a determination as to whether a specific employer’s plan is qualified, any employer who adopts this plan document will be considered to have a plan qualified under code section 401(a) provided all the terms are not more favorable for officers, owners, or highly compensated employees than for other employees. Although the Plan has been amended, management believes that the Plan is operating in accordance with the terms provided in the volume submitter document.

The Plan is subject to examination by the Internal Revenue Service for the statutory period.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – TIMELY REMITTANCE OF CONTRIBUTIONS

During the year ended December 31, 2022, there were instances of noncompliance in remitting participant contributions as soon as they could be reasonably segregated related to various individual participant deferrals. Untimely remittance of participant contributions constitutes a prohibited transaction under ERISA section 406. Lost earning in the amount of $248 were paid into the Plan subsequent to the year ended December 31, 2022.

NOTE 11 – DEPARTMENT OF LABOR INVESTIGATION

During the year ended December 31, 2021, the Plan received a letter from the Department of Labor (DOL) regarding the DOL's investigation of the Plan and the actions of the Plan Fiduciaries. The Department of Labor found the Plan to have failed to pay benefits to participants in a timely manner, ensure participants receive distribution benefits, and maintain Plan records, resulting in them being in violation of ERISA. The Plan made corrections to those errors and, on March 11, 2022, the DOL provided a closing letter to their investigation.

NOTE 12 – SUBSEQUENT EVENTS

Effective July 1, 2023, the Plan was amended to remove the discretionary employer contributions related to COVID grants discussed in Note 1.
