INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Galileo 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and for the year then ended, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

An independent member of Baker Tilly International

Frank Rimerman + Co. LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America with (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institutions management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled Financial Statement

Plan management is responsible for the accompanying statement of net assets available for benefits as of December 31, 2021 in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement.

1. Description of the Plan

Galileo, Inc. (the Company) established the Galileo 401(k) Plan (the Plan), effective April 23, 2018, to provide participants with a means to fund their retirement on a tax-deferred basis. The following description of the Plan, as amended and restated, effective October 1, 2022, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. As of December 31, 2021 and for the period from January 1, 2022 through September 30, 2022, Benefit Trust Company (Benefit Trust) served as the Plan's investment custodian and Guideline, Inc. (Guideline) served as the Plan's third-party administrator and record keeper. Effective October 1, 2022, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively, Principal) became the Plan's trustee and record keeper, respectively. Benefit Trust held, invested and reinvested Plan assets and Principal holds, invests and reinvests Plan assets in the interest and direction of the participants and their beneficiaries.

In 2022, in connection with the transfer of assets to Principal, the Company merged three other employee benefit plans, which were sponsored by wholly-owned subsidiaries of the Company into the Plan. In 2022, participant account balances totaling $1,992,859 were transferred from the other employee benefit plans to the Plan.

Eligible Participants:

Eligible employees, as defined by the Plan agreement, aged 18 and older, may begin participating in the Plan upon the first day of the pay period after their hire date.

Contributions:

Participants are permitted to make voluntary pre-tax salary deferrals and after-tax contributions up to 100% of their annual compensation, as defined in the Plan agreement. Participants who have reached the age of 50 may also elect to withhold additional "catch-up" contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), excluding rollovers of after-tax contributions, subject to Code regulations.

1. Description of the Plan (continued)

Contributions: (continued)

The Plan provided for automatic enrollment on the date participants became eligible for the Plan. The automatic pre-tax salary deferral contribution is 4% of their eligible compensation, as defined by the Plan agreement, unless the participants request a different amount to be contributed or formally decline participation. Participants can adjust the deferral rate or discontinue contributions at any time.

The Company may make matching discretionary matching and nonelective contributions to the Plan at the discretion of the Board of Directors. The Company made matching contributions of $223,212 to the Plan in 2022, which represents 25% of participant salary deferral contributions up to 5% of eligible gross annual compensation. No nonelective contributions have been made through December 31, 2022.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Each participant's account is credited with participant contributions, Company contributions, rollovers and an allocation of Plan earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant vested account balances.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are immediately vested in their contributions, plus actual earnings (less any losses) thereon. Participants are also immediately vested in Company nonelective contributions. Company matching contributions, plus actual earnings (less any losses) thereon, become 25% vested after one year of service and 25% per year thereafter, and are fully vested after four years of service. Company matching contributions become fully vested once a participant reaches age 59.5 or upon death or disability.

1. Description of the Plan (continued)

Forfeitures:

The forfeited, non-vested portion of terminated participant account balances may be used to reduce Company contributions or to pay Plan expenses. As of December 31, 2022, there were $3,070 of forfeitures available for future use (none as of December 31, 2021). In 2022, forfeitures of $15,496 were used to reduce Company matching contributions.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants can borrow up to one-half of their vested account balance, a minimum of $1,000 and not to exceed $50,000, for a period not to exceed five years, except for notes used to acquire a principal residence for which terms up to 25 years may be granted. Participants can have up to five notes outstanding at a time. Participant notes are evidenced by a written note, secured by the balance in the participant's vested account, and bear interest at a rate similar to loans from commercial lending institutions. Interest rates on notes outstanding as of December 31, 2022 range from 4.25% to 5.00%. Repayment of principal and interest is generally made through payroll deductions.

Payment of Benefits:

Upon termination of employment, participants may elect to receive a lump sum amount equal to the value of their vested account balance. Distributions will be paid as soon as administratively feasible and may be paid in lump sum cash payment, rolled into another qualified retirement plan, or transferred to an individual retirement account, as elected by the participant, subject to certain stipulations defined by the Plan agreement. Benefits are recorded when paid.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Advisory services, as well as certain investment, account maintenance and note fees may be by the Plan and charged to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

1. Description of the Plan (continued)

Risks and Uncertainties:

The Plan offers a variety of investment options to participants. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the financial statements.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments consist of money market funds. These funds are reported at fair value, which is the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The Plan's mutual funds are classified as Level I within the fair value hierarchy.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on the Plan's investments bought, sold or held during the year.

3. Information Prepared and Certified by Principal and Benefit Trust

Principal, as the Plan's current trustee, has certified the fair value of the assets held as of December 31, 2022, and the net loss for the period from October 1, 2022 through December 31, 2022. Benefit Trust, as the Plan's previous investment custodian, has certified the fair value of the net loss for the period from January 1, 2022 through September 30, 2022. This certified information was used in the preparation of the financial statements and supplemental schedules. The following table summarizes the certified information as of and for the year ended December 31, 2022:

Mutual funds, at fair value	$ 6,365,197
Notes receivable from participants	58,717
Total certified assets	$ 6,423,914
Certified net loss for the year ended December 31, 2022	$ (553,985)

4. Party-In-Interest Transactions

The noninterest-bearing cash account held by the Plan as of December 31, 2021 was managed by Benefit Trust. As Benefit Trust is the previous investment custodian, transactions by the Plan within this account qualified as party-in-interest transactions. Note receivable transactions with participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Income Tax Status

The Plan is a non-standardized pre-approved plan offered by Principal. The Internal Revenue Service (IRS) has determined and informed Principal by a letter dated June 30, 2020, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan and the Plan sponsor believe the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust that forms a part of the Plan is exempt from federal and state income taxes.

GAAP require Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. All Plan years are subject to examination since inception.

6. Nonexempt Prohibited Transactions

In 2022, the Plan sponsor did not remit participant contributions and note repayments totaling $236,286 timely, as required by the Department of Labor (DOL). To correct the nonexempt prohibited transactions, the Plan sponsor contributed lost earnings in 2023 on $8,538 of these delinquent contributions and note repayments and will contribute lost earnings on the remaining amounts in 2024.

The DOL considers these late remittances to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements	$ 3,022,755
Less: Employer contributions receivable	(4,690)
Less: Participant contributions receivable	(29,601)
Net assets available for benefits per Form 5500	$ 2,988,464

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2022:

Net increase in net assets available for benefits per the financial statements	$ 3,401,159
Add: Participant contributions receivable as of December 31, 2021	29,601
Add: Employer contributions receivable as of December 31, 2021	4,690
Net increase in net assets available for benefits per Form 5500	$ 3,435,450

8. Subsequent Events

Subsequent events have been evaluated through January 5, 2024, which is the date the financial statements were approved by the Plan and available to be issued.
