Independent Auditor's Report

The Plan Administrator
Mike's Camera, Inc. 401(k) Profit Sharing Plan
Boulder, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mike's Camera, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended March 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of March 31, 2023 and 2022, and for the year ended March 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of March 31, 2023 and Schedule H (Form 5500), Line 4a – Schedule of Delinquent Participant Contributions for the year ended March 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Mike's Camera, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Mike's Camera, Inc. and related adopting employers (the Company) effective April 1, 1997 and most recently amended and restated effective August 13, 2021. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Administration of the Plan

The administrator of the Plan is the Company. Empower Annuity Insurance Company of America (Empower) is the issuer of the fixed-rate group annuity contract and pooled separate accounts offered through a variable group annuity contract held by the Plan. The Company and investment advisor determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

Each employee is eligible to participate in the Plan on the first day of each quarter after attainment of one year of service (defined as 1,000 hours) and age 21. Employees are eligible for the non-elective discretionary employer contribution if they are employed on the last day of the Plan year and have at least 1,000 hours of service during the year, as defined in the Plan Document.

Contributions

Eligible participants can contribute to the Plan on a pre-tax basis up to 100% of their qualifying annual compensation (as defined) into the Plan, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants aged 50 or older and is subject to IRC limitations. Participants can terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

The Company may make a non-elective discretionary employer contribution. There was not a non-elective discretionary employer contribution for the year ended March 31, 2023.

Rollover contributions to the Plan can be made from other qualified plans if certain criteria are met.

Participants' Accounts

Participants' accounts are credited with employee salary deferral (pre-tax and catch-up) contributions, rollover contributions, discretionary non-elective employer contributions (if any), and an allocation of plan earnings or losses. Participants can direct the investment of their account balances into various investment options in the fixed-rate group annuity contract and various pooled separate accounts currently offered by the Plan. Earnings or losses from investment funds are allocated to

each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are 100% vested in their employee salary deferral contributions, rollover contributions, non-elective discretionary employer contributions, and the allocated earnings thereon. Forfeitures may be used to pay administrative expenses or offset employer contributions. During the year ended March 31, 2023, no forfeitures were used to pay administrative expenses or offset employer contributions. The balance in the forfeiture account was $0 at March 31, 2023 and 2022.

Payment of Benefits

Upon termination or separation of service, death, attainment of normal retirement age (60), or disability, as defined, participants can elect to receive their benefit payment in the form of a lump sum amount or installments equal to the vested portion of the participant's account, remain in the Plan if their vested account balance has a minimum of $1,000, or can roll over the amount to another qualified retirement plan or individual retirement account. Mandatory distributions of balances below $1,000 are distributed to participants in a lump sum. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts.

Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

Participants are permitted to borrow from their vested account balance a minimum of $1,000 up to a maximum of the lesser of $50,000, reduced by the highest outstanding note balance during the previous 12 months, or 50% of their vested interest in the Plan. Participants may have two outstanding notes at any given time. Notes bear a reasonable rate of interest set by the plan administrator at prime rate plus 1% and are fixed for the term of the note. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. The participant note held by the Plan bore an interest rate of 4.25% at March 31, 2023.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Accounting for Investment Contracts with Insurance Companies

Investments in the pooled separate accounts are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment in the fixed-rate group annuity contract issued by Empower is valued at contract value, as this contract meets the fully benefit-responsive investment contract criteria. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The effective annual interest rate can never be less than 0%, and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions. Certain events could limit the ability of the Plan to transact at contract value. The contract issuer can delay liquidation of the entire contract up to 12 months and apply a market value adjustment; however, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and the issuer of the fixed-rate group annuity contract and pooled separate accounts.

Income Recognition

Interest income is recorded as earned on the accrual basis. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments.

Contributions

Participant contributions are recognized in the period during which the Company makes the payroll deduction from the participant's compensation. The discretionary non-elective employer contributions, if any, are recognized in the year that the respective participant contributions apply. Contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions in the year the excess occurred.

Payment of Benefits

Benefit payments to participants are recorded when paid to participants.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Participants pay certain loan and distribution fees, which are charged

directly to the participant's account. Certain investment fees are netted with investment earnings or losses of the investments in the form of an expense ratio.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimis. Delinquent notes receivable are reclassified as deemed distributions based upon the terms of the loan policy. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Plan Termination

Although the Company has not expressed any intent to discontinue the Plan, it may do so at any time. In the event of termination of the Plan, participants become fully vested in all accounts and the assets of the Plan shall be distributed to the participants in proportion to their respective account balances.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2023 and 2022:

Pooled Separate Accounts (PSAs) – PSA's are valued based on the publicly quoted pricing input that is used in determining the net asset value (NAV) of the PSA, which is not publicly quoted. The value of each PSA is determined at the close of each business day based on fair value of the underlying assets, which can consist of a single mutual fund or multiple securities. The value of the account is expressed in units (unit value), which represents NAV. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. These are direct filing entities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis:

March 31, 2023

	Level 1	Level 2	Level 3	Total
Total assets, in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments, measured at NAV[(a)]				1,150,342
Total Investments, at fair value				$ 1,150,342

March 31, 2022

	Level 1	Level 2	Level 3	Total
Total assets, in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments, measured at NAV[(a)]				1,337,839
Total Investments, at fair value				$ 1,337,839

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

March 31, 2023

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
PSA	$ 1,150,342	None	Daily	None

March 31, 2022

Investment Type		Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
PSA	$	1,337,839	None	Daily	None

4. Related Party and Party-in-Interest Transactions

Certain plan investments are in pooled separate accounts and a fixed-rate group annuity contract issued by Empower. Empower receives certain asset-based and loan fees, as outlined in the various fee disclosures to the Company. Notes receivable from participants are also party-in-interest transactions. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower has certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of March 31, 2023 and 2022.
- Interest income, net depreciation in the fair value of investments, and interest earned on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended March 31, 2023.
- All investment amounts included in Note 3.
- Supplemental Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of March 31, 2023.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Income Tax Status

The Plan adopted a pre-approved plan document for which an opinion letter was obtained from the IRS, dated June 30, 2020, indicating the non-standardized pre-approved profit-sharing plan document and trust are designed in accordance with applicable sections of the IRC. The Company and plan administrator believe the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust were tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Concentrations, Risks, and Uncertainties

The Plan provides for investments in pooled separate accounts and a fixed-rate group annuity contract. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investments are sensitive to changes in economic conditions in interest rates and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of March 31, 2023 and 2022, there were two investments that individually represented more than 10% of the total investments held by the Plan. Refer to the accompanying supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) for a complete listing of investments held at March 31, 2023.

8. Delinquent Participant Contributions

During the plan year ended March 31, 2023, participant contributions totaling $2,205 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company is in the process of correcting these transactions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying statements of net assets available for benefits to the Form 5500:

March 31,	**2023**	2022
Net Assets Available for Benefits, per financial statements	**$ 1,247,871**	$ 1,452,048
Add: current year excess contributions refundable	**18,859**	9,419
Net Assets, per Form 5500 (unaudited)	**$ 1,266,730**	$ 1,461,467

The following is a reconciliation of net change in net assets per the financial statements to the net loss per the Form 5500:

Year ended March 31, 2023		
Net Change in Net Assets Available for Benefits, per financial statements	$	(204,177)
Plus: current year excess contributions refundable		18,859
Less: prior year excess contributions refundable		(9,419)
Net Loss, per Form 5500 (unaudited)	$	(194,737)

10. Subsequent Events

The Company has evaluated subsequent events through January 8, 2024, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
