INDEPENDENT AUDITOR'S REPORT

Board of Trustees
South Central Annuity Fund
Houston, Texas

Opinion

We have audited the accompanying financial statements of the South Central Annuity Fund (the Fund), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of March 31, 2023 and 2022 and the related statement of changes in net assets available for plan benefits for the year ended March 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the South Central Annuity Fund as of March 31, 2023 and 2022, and the changes in its net assets available for plan benefits for the year ended March 31, 2023, in conformity with accounting principles generally accepted in the United States.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Trustees for the Financial Statements

The Fund's Board of Trustees are responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

The Fund's Trustees are also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held (at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Fund's trustees and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A FUND SUMMARY AND SIGNIFICANT ACCOUNTING POLICIES

Fund Summary – South Central Annuity Fund (the Fund) is a multi-employer defined contribution retirement plan covering all employees working for employers under the collective bargaining agreement between the signatory members and the International Union of Operating Engineers Local Unions No. 178, 351, 406, 407, 450, 478, 564 and 627. The Fund was established April 1, 2011. Employers make contributions as described below for the purpose of providing and maintaining retirement benefits. Qualification and eligibility are subject to the determination of the Board of Trustees (the Board). The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Accounting Records – The accounting records of the Fund are maintained on the accrual basis for financial reporting purposes.

Employer Contributions – Contributions are payable to the Fund by employers of members of affiliated unions based on collective bargaining agreements. Contributions stipulated in the collective bargaining agreements range from an hourly contribution rate to a percentage of gross wages. The effective range is \$.25 to \$4.75 per hour worked. During the year ended March 31, 2023 two employers' contributions amounted to approximately \$6,600,000 or 49% of total contributions.

Contributions Receivable – Employer contributions receivable are recognized for contributions from payroll periods prior to fiscal year end and received by the Fund after year end.

Cash and Credit Risk – Cash consists of cash held in a checking account and investment account. The Fund places its cash with high credit quality financial institutions to limit credit risk. The Board periodically assess the financial condition of institutions and believe that any possible credit risk is minimal. As of March 31, 2023 and 2022, the Fund had approximately \$2,103,000 and \$767,000, respectively, in cash balances in excess of the FDIC limits.

Valuation of Investments – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits. Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income are recorded as earned. Dividend income in mutual funds are included as a component of net appreciation or depreciation in fair value of mutual funds.

Individual (Participant) Accounts – Each participant's account is credited with the employer's contributions and investment earnings or losses and is charged with an allocation of administrative expenses allocated on a per capita basis. The investments in the participant accounts are self-directed.

Vesting – Participant account balances are immediately 100% vested and non-forfeitable at all times.

Participant Loans – Loans are not currently permitted.

NOTE A PLAN SUMMARY AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administration – The Board of South Central Annuity Fund serves as administrator of the Fund.

Investment Options – Upon enrollment in the Fund, a participant may direct contributions in increments of 1% to various investment options approved by the Fund's Board. The investment objectives of the options offer varying degrees of investment risk.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant is eligible to receive the participant's account balance in the form of a single lump-sum payment or rollover. The Fund allows for withdrawals or rollovers by a participant who is considered a terminated employee after a two-year break from covered employment. The Fund allows a participant who has been promoted from a position covered under the Collective Bargaining Agreement to a management position within the same company and has less than \$1,000 in the Fund to withdraw or rollover their accounts without waiting the two years. Benefits are recorded when paid.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Fund's Board to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties – The Fund holds various investments which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Concentration of Market Risk – Contributions paid to the Fund are directly affected by the level of construction activity within the Texas area. Therefore, the Fund could suffer the risk of loss of contributions should the Texas area suffer from an economic downturn.

Subsequent Events – The Fund has evaluated subsequent events through January 8, 2024, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at March 31, 2023.

NOTE B FUND TERMINATION

Although it has not expressed any intent to do so, the Board has the right under the Fund to terminate the Fund subject to the provisions of ERISA.

NOTE C INCOME TAX STATUS

The Internal Revenue Service has ruled that the Fund qualifies under Section 501(a) of the Internal Revenue Service Code and is, therefore, not subject to tax under present income tax laws. The Fund received a favorable determination letter dated May 5, 2015 from the Internal Revenue Service. The Fund has been amended since receiving the determination letter. The Board is of the opinion that the Fund continues to be exempt from Federal income taxes and continues to conform to the requirements of the Employee Retirement Income Security Act of 1974.

The Fund believes that all significant tax positions utilized by the Fund will more likely than not be sustained upon examination. As of March 31, 2023, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the fiscal year 2020 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statements of changes in net assets available for plan benefits.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 - Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.

Level 2 - Other significant observable inputs (including quoted prices in active or inactive markets for similar assets or liabilities), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. The fair value of Level 3 assets or liabilities are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

SOUTH CENTRAL ANNUITY FUND
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2023 AND 2022

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the methodologies used during fiscal 2023 and 2022.

Money market funds and mutual funds are valued at quoted market prices, or net asset value of shares held by the Fund at year end.

Common/Collective fund is valued using quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets or liabilities could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at March 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total
<u>2023</u>
