REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Chicago Painters and
Decorators Pension Fund

Opinion

We have audited the financial statements of Chicago Painters and Decorators Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Chicago Painters and Decorators Pension Fund as of March 31, 2023 and 2022, the changes in its net assets available for benefits for the years then ended, and the accumulated plan benefits as of March 31, 2022, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of financial statements; and
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CHICAGO PAINTERS AND DECORATORS PENSION FUND

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

Chicago Painters and Decorators Pension Fund (the Plan) was established as a result of a collective bargaining agreement between the district council and the contractors' association, to provide retirement benefits for eligible participants. The Plan is primarily funded by employer contributions as specified in the collective bargaining agreements. The Plan is a multiemployer defined benefit pension plan subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Under current provisions of the Plan, an individual becomes eligible to participate in the Plan on April 1 or October 1 (whichever is earliest) after completing at least 1,000 hours of work in covered employment during a 12-month period. The participant is considered fully vested in the value of their pension benefit upon attaining five years of vesting service. A year of vesting service is earned upon working at least 1,000 hours in covered employment in each Plan year.

The Plan provides several types of monthly pensions, as follows:

- Regular pension will be provided for a participant who retires and is age 62 or older and has at least 10 pension credits;
- Early retirement pension will be provided to a participant who chooses to retire between age 55 and 61 with at least 10 or more years of credited service. The amount of benefit is reduced from the regular pension (attainable at age 62) taking into account the fact that the participant's retired lifetime will be longer. If the participant has reached age 60 (previously age 58 effective April 1, 2006) and has at least 30 pension credits, there is no reduction for early retirement; and
- Disability pension will be provided for a participant under age 63 who is totally and permanently disabled and has at least 10 pension credits.

Participants who retire with a regular, early retirement or disability pension are guaranteed that, if they should die before 60 payments have been made to them, the remaining payments will go to their surviving beneficiaries. The guarantee of 60 certain payments is also provided for surviving beneficiaries of the following participants:

- Vested participants; and
- Active participants who are over age 55 and have at least 10 years of credited service who die before retiring with a pension; or
- Active participants who are over age 50 and have at least 15 years of credited service who die before retiring with a pension.

The Plan also provides other various forms of pension benefits and payment options.

Participants should refer to the summary plan description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex dividend date.

Contributions Receivable - Employer contributions due and not paid at year end are recorded as contributions receivable. Employer contributions owed as result of payroll compliance audits are recorded as income when agreed upon between the contractor and the Plan. An allowance for doubtful accounts is considered unnecessary and is not provided.

Employer Deposits - The Plan holds certain deposits in escrow to act as a surety bond for certain employers. Amounts received for bond deposits are recorded as a liability until disbursed.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates currently in effect, as set forth in the collective bargaining agreements. Employers are required to remit contributions monthly. Covered employment is primarily derived in the painting and taping industries. The Plan carries out its purpose described in Note 1 within a jurisdiction primarily located in Chicago and surrounding areas in Illinois.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Expenses - Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES(CONTINUED)

Subsequent Events - Subsequent events have been evaluated through January 9, 2024, which is the date the financial statements were available to be issued.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided while other benefits may not be provided at all.

NOTE 4. TAX STATUS

The Plan's latest determination letter is dated February 10, 2016, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy.

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of March 31, 2023 and 2022. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Measurements

Common stocks are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period presented.

The fair value of the Level 1 mutual fund is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

The short-term investments represent shares held in mutual funds.

Measurements Using Net Asset Value as a Practical Expedient

Certain investments use net asset value as a practical expedient to estimate fair value. Net asset value is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

One of the common collective trusts disclosed that the conditions affecting its liquidity and its ability to satisfy its obligations as they become due might raise substantial doubt about its ability to continue as a going concern for one year from the issuance date of the consolidated financial statements. The fair value of this investment at March 31, 2023 was \$25,839,116. No adjustment to the reported net asset value was considered necessary.

The common collective trusts, pooled funds, real estate funds and one limited partnership are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. No significant redemption restrictions exist for these investments, except for the limited partnership, which requires a 45-day notice for redemption after an initial four-year lock up period. The fair value of the limited partnership was \$28,378,380 and \$25,460,370 at March 31, 2023 and 2022, respectively.

The following table summarizes information regarding investments valued at net asset value per share for investments other than DFEs as of March 31, 2023 and 2022:

	Fair Value		Underlying Assets	Redemption	
	2023	2022		Frequency	Notice period
Mutual fund	\$ 12,394,568	\$ 13,110,082	Multifamily and single-family mortgage-backed securities Mortgage-backed obligations	Monthly	15 days

Limited partnership	\$ 9,911,572	\$ -	Industrial, multifamily, office and retail based real estate assets located in the United States via holding companies	Quarterly	45 days

NOTE 6. ACTUARIAL INFORMATION

An actuarial valuation of the Plan was made by Cheiron as of March 31, 2022. Information shown in the report included the following:

Vested benefits:	
Participants currently receiving payments	\$ 550,009,423
Other	<u>546,673,025</u>
Total vested benefits	1,096,682,448
Non-vested benefits	<u>45,259,026</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$1,141,941,474</u></u>

As reported by the actuary, the changes in the present value of accumulated plan benefits for the year ended March 31, 2022 were as follows:

Actuarial present value of accumulated plan benefits at beginning of year		\$ 1,102,396,153
Increase (decrease) during the year attributable to:		
Benefits accumulated, net of experience gain or loss	\$ 25,907,795	
Interest	79,257,796	
Changes in administrative expense load assumption	(2,402,801)	
Administrative expenses paid	(1,672,592)	
Benefits paid	<u>(61,544,877)</u>	
Net increase		<u>39,545,321</u>
Actuarial present value of accumulated plan benefits at end of year		<u><u>\$ 1,141,941,474</u></u>

NOTE 6. ACTUARIAL INFORMATION (CONTINUED)

The actuarial valuation was made using the entry age normal actuarial cost method. Some of the more significant actuarial assumptions used in the valuation were as follows:

Mortality:

Healthy non-annuitants - 110% of RP-2014 Blue Collar Employee Mortality Tables, projected generationally with the Social Security Administration's Intermediate Cost Projections Mortality Improvement Scale for 2014 (Scale SSA-2014)

Healthy annuitants - 110% of RP-2014 Blue Collar Healthy Annuitant Mortality Tables, projected generationally with Scale SSA-2014

Disabled annuitants - 110% of RP-2014 Disabled Retiree Mortality Tables, projected generationally with Scale SSA-2014

Retirement age - 62

Investment rate of return - 7.25%

The 2022 valuation includes a reduction of approximately \$1,670,000 for anticipated administrative expenses associated with providing benefits.

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under collective bargaining agreements with employers and income from investments.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Since information on the accumulated plan benefits at March 31, 2023, and the changes therein for the year then ended and are not included, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of March 31, 2023, and the changes therein for the year then ended, but only a presentation of the net assets available for benefits and the changes therein as of and for the year ended March 31, 2023. The complete financial status is presented as of March 31, 2022.

As of April 1, 2023, the Plan was certified by its actuary to be in neither critical nor endangered status ("green zone"), within the meaning of the Pension Protection Act of 2006, as amended.

NOTE 7. RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan holds several alternative investments in which the general partner or investment manager is generally required to value the underlying investments at estimated fair values using various subjective techniques.

Due to inherent uncertainties involved in the valuations of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 8. FUNDING POLICY

The Plan is primarily funded by employer contributions. Participating employers contribute such amounts as specified in their collective bargaining agreements. During the years ended March 31, 2023 and 2022, the hourly contribution rate for general painters ranged from \$12.74 to \$13.49, \$8.13 for Painters Local 33 and ranged from \$6.00 to \$6.25 for Wood Finishers Local 611.

The Plan's actuary has advised that the minimum funding requirements of ERISA were being met as of April 1, 2022.

NOTE 9. MAJOR EMPLOYER

Contributions from one employer accounted for approximately 11% and 10% of total employer contributions for the years ended March 31, 2023 and 2022, respectively.

NOTE 10. RELATED ORGANIZATIONS

The Plan has ten related entities: Chicago Painters and Decorators Welfare Fund; Chicago Painters and Decorators Retiree Welfare Fund; Chicago Painters and Decorators Retirement Savings Fund; Chicago Painters and Decorators Deferred Savings Plan Fund; Painters District Council No. 14 Scholarship Fund; Drywall Education and Scholarship Fund; Chicago Painters and Tapers Cooperation and Education Trust Fund (the Cooperation Trust); District Council No. 14 Metal Polishers 401(k) Retirement Plan; Chicago Area Painting Joint Apprentice Training Trust; and International Brotherhood of Painters and Allied Trades District Council No. 14 (the Council).

During the years ended March 31, 2023 and 2022, several contributing employers participated in a Market Recovery program which is carried out by the Cooperation Trust. The Market Recovery program provides contributing employers subsidies to pay fringe benefits to the affiliated welfare and pension plans. At March 31, 2023 and 2022, the amounts due from the Cooperation Trust for this program totaled \$307,350 and \$890,942 respectively.

The Plan shares expenses with other related organizations. Certain common operating expenses were paid by the Plan on behalf of these organizations or paid by these organizations on behalf of the Plan. Amounts due to or from other related organizations may also arise from corrections related to payments made or collections received by these organizations on behalf of the Plan. The amounts due from all related organizations, including the Cooperation Trust, at March 31, 2023 and 2022, totaled \$307,613 and \$965,340 respectively.

NOTE 11. PARTY-IN-INTEREST TRANSACTION

During the year ended March 31, 2022, contributions totaling \$74,437 were transferred in error to the Council, a party-in-interest. Because the Plan's administrator and the Plan's legal counsel believe that the transfer did not meet the conditions required to exempt these transactions from the prohibited transaction rules of ERISA, the transaction was corrected through a return of the principal amount, subsequent to March 31, 2022. The Plan's administrator and the Plan's legal counsel believe that there was no effect on the Plan's financial or tax status as a result of the transaction and subsequent correction.

NOTE 12. CONCENTRATION OF PLAN INVESTMENTS

As of March 31, 2023 and 2022, the Plan held units in a common collective trust with a fair value of \$391,080,460 (38% of net assets) and \$433,686,985 (39% of net assets), respectively. This investment fund seeks to track the performance of the Russell 3000 Index Fund.

It is reasonably possible that changes in fair value of this fund could materially affect the amounts reported in the statements of net assets available for benefits. If a significant decline in the fair value of this investment during the next year occurred, a change in the assumed rates of return used to calculate the present value of accumulated plan benefits may be needed.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Chicago Painters and
Decorators Pension Fund

We have audited the financial statements of Chicago Painters and Decorators Pension Fund (the Plan) as of March 31, 2023 and 2022 and our report thereon dated January 9, 2024, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audit was conducted for the purpose of forming an opinion on the financial statement as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Schedule MB, line 6 – Summary of Plan Provisions

This summary of plan provisions provides an overview of the major provisions of the pension plan used in the actuarial valuation. It is not intended to replace the more precise language of the Plan document, and if there is any difference between the description of the Plan herein and the actual text of the Plan document, the Plan document will govern.

1. Effective Date of Plan

The Plan was established on April 1, 1958

2. Participation

Earliest April 1 or October 1 after completion of 1,000 hours during a 12-consecutive month period.

A participant in the Wood Finishers Local 611 Pension Plan on September 30, 2003 shall become a participant in this Plan on October 1, 2003.

3. Plan Year (plan credit year)

April 1 through March 31

4. Normal Retirement Age

Age 65

5. Year of Vesting Service

One year of vesting service for each plan credit year during the contribution period in which the employee works 1,000 hours.

6. Pension Credits

For Local 611 members: 1/4th of a pension credit for each 250 hours of covered employment during the Plan credit year up to one pension credit after 1,000 hours, plus 1/10th of a pension credit for each additional 250 hours of covered employment in excess of 1,000 hours up to a maximum of 1.4 pension credits per plan credit year.

For all other members: 1/10th of a pension credit for each 140 hours of covered employment during the plan credit year up to a maximum of 1 pension credit per plan credit year.

7. Regular Pension

Eligibility: Age 62 with 10 pension credits

Amount: Sum of accrued benefit as of May 31, 2018 plus, 1.1% of contributions made on behalf of the participant for service on or after June 1, 2018.

8. Unreduced Early Pension

Eligibility: Age 58 with 30 pension credits and retiring from covered employment

Amount: Regular pension accrued

9. Early Pension

Eligibility: Age 55 with 10 pension credits

Amount: Regular pension accrued, reduced by 2/3 of 1% for each month the participant is under age 62.

Schedule MB, line 6 – Summary of Plan Provisions

10. Late Retirement

Eligibility: Retirement after normal retirement age

Amount: Regular pension accrued at normal retirement age, increased by 1% for each month greater than normal retirement age up to age 70 and 1.5% for each month greater than age 70.

11. Basic Deferred Pension

Eligibility: 5 years of vesting service

Amount: Regular pension accrued, payable at normal retirement age

12. Special Deferred Pension

Eligibility: 10 pension credits

Amount: Regular Pension accrued, payable at age 58, reduced by 2/3% for each month the participant is under age 62.

13. Disability Pension

Eligibility: Totally and permanently disabled with 10 pension credits and at least 420 hours in the Plan credit year in which the disability occurred or in the prior plan credit year.

Amount: Regular pension accrued

14. Pre-Retirement Death Benefits

Only one of the following is payable:

Spouse's Benefit:

Eligibility: 10 pension credits or 5 years of vesting service

Amount: For active members: 75% of the regular pension accrued, payable immediately

For inactive members: 50% of the benefit the participant would have received reduced for payment under the 50% husband and wife form and further reduced for early retirement (but not lower than the age 58 reduction factor), payable immediately.

60-Payment Certain:

Eligibility: 10 pension credits or 5 years of vesting service. Local 611 members are not eligible.

Amount: Monthly benefit to which the participant would have been entitled had he retired the day before he died, payable for 60 months. If the participant is less than age 58 and eligible for a deferred pension, the monthly benefit is reduced for early retirement as though the participant was age 58 on the date of death.

Schedule MB, line 6 – Summary of Plan Provisions

15. Forms of Payment

The normal forms of payment are the following:

- For married participants: Qualified Joint and Survivor Annuity, which under the Plan is a 50% Joint and Survivor Pension with a “pop-up” feature. The “pop-up” feature increases the participant’s retirement benefit to the amount that would have been payable had the Joint and Survivor payment option not been elected if the spouse predeceases the participant.
- For Local 611 non-married participants: Single Life Annuity.
- For all other non-married participants: Single Life Annuity with 60 months guaranteed.

The optional forms of payment are the following:

Schedule MB, line 11 – Justification for Change in Actuarial Assumptions

1. The RPA '94 current liability interest rate was changed from 2.36% to 2.20% to comply with appropriate guidance. Pursuant to regulation, the mortality table for RPA '94 current liability calculations was also changed.

Schedule MB, line 6 – Statement of Actuarial Assumptions and Methods

Actuarial Assumptions

1. Valuation Date

April 1, 2022.

2. Rates of Investment Return

7.25% per annum, net of all investment expenses, for funding and disclosure purposes.

The RPA '94 current liability rate is 2.20%.
(Prior valuation the RPA '94 current liability rate was 2.36%).

3. Rates of Mortality

Funding

Non-Annuitants – RP-2014 Blue Collar Employee Mortality Table multiplied by 1.10 for males and females, projected using the Social Security Administration's Intermediate Cost Projections Mortality Improvement Scale for 2014 ("Scale SSA-2014") on a generational basis.

Non-Disabled Annuitants – RP-2014 Blue Collar Healthy Annuitant Mortality Table multiplied by 1.10 for males and females, projected using Scale SSA-2014 on a generational basis.

Disabled Annuitants – RP-2014 Disabled Retiree Mortality Table multiplied by 1.10 for males and females, projected using Scale SSA-2014 on a generational basis.

Based on the available experience, these tables projected to the valuation year reflect the best estimate of mortality experience

as of the measurement date. The projection past the valuation date represents a provision of future mortality improvement.

RPA '94 Current Liability

IRS 2022 Static Mortality Table.

4. Annual Administrative Expenses

The average of the administrative expenses for the last two years, rounded to the nearest \$10,000, payable monthly; \$1,760,000 payable monthly (\$1,699,472 payable at the beginning of the year) for the plan year beginning April 1, 2022.

5. Active Participants

All non-retired participants who worked at least 500 hours in the most recent plan year and who have accumulated at least one pension credit.

6. Future Benefit Accruals

Each active participant is assumed to work 1,600 hours per year.

7. Family Composition

75% of participants are assumed to be married, and female spouses are assumed to be four years younger than male spouses.

Schedule MB, line 6 – Statement of Actuarial Assumptions and Methods

8. Rates of Turnover

Turnover rates are based on service for the first five years of employment and are based on age thereafter.

Turnover rates for the first five years of employment are shown below.

Service	Rate %
0	25.00
1 – 2	20.00
3 – 4	10.00

Sample turnover rates for participants with 5 or more years of service are shown in the table below for select ages.

Age	Rate %*
20	3.97
30	3.70
40	3.06
50	1.81
60	0.07

** Termination rates do not apply once a participant is eligible for retirement*

9. Rates of Retirement

Retirement rates for active participants are shown below:

62	100	75
63 – 64	100	10
65 & over	100	100

Schedule MB, line 6 – Statement of Actuarial Assumptions and Methods

10. Retirement Age for Inactive Vested Members

Earliest age eligible for an unreduced retirement benefit.

11. Rates of Disability

Sample disability rates for active participants are shown below:

Age	Rate %*
20	0.05
25	0.05
30	0.05
35	0.06
40	0.09
45	0.18
50	0.40
55	0.85
60	1.74

** Disability rates do not apply once a participant is eligible for retirement*

12. Lump-Sum Conversion Factor

Interest: 5.00% per annum

Mortality: 2018 Lump-Sum Unisex Mortality Table

13. Benefit Election

If eligible, members are assumed to elect the 10% Partial Lump-Sum Payment Option.

For the remaining benefit, married participants are assumed to elect the 50% Joint and Survivor Annuity with a “pop-up” feature and non-married participants are assumed to elect the Single Life Annuity with 60 months guaranteed, if applicable.

14. Rationale of Economic and Demographic Assumptions

In accordance with Actuarial Standard of Practice No. 27 and No. 35, the economic and demographic assumptions used in this report were the same as those used in the prior year’s valuation. As this is our first valuation, Cheiron will continue to monitor the experience of the Fund compared to these assumptions and recommend adjustments as necessary.

15. Summary of Changes since the Last Valuation

The RPA ’94 current liability interest rate was changed from 2.36% to 2.20% to comply with appropriate guidance.

The mortality table used to determine RPA ’94 current liability is the static mortality table as described under Regulation §1.430(h)(3)-1(a)(3). The 2021 table was updated to 2022 as provided by Notice 2020-85.

Schedule MB, line 6 – Statement of Actuarial Assumptions and Methods

Actuarial Methods

1. Funding Method: Entry Age Normal Method

Under the Entry Age Normal actuarial cost method, the individual Entry Age Normal cost is determined for each participant by calculating the level annual contribution required to fund that individual's expected benefits based on the current plan provisions over the participant's expected active working lifetime with the Fund at entry.

At the valuation date, the present value of future normal cost is calculated for each individual participant by multiplying the Entry Age Normal cost by the present value of the participant's expected future active working lifetime with the Fund. The cost for each participant is then summed to yield the present value of future normal costs.

The excess of the Present Value of Future Benefits for all individuals at the valuation date over the present value of future normal costs is called the Actuarial Liability, or past service liability.

The excess, if any, of the Actuarial Liability over the Actuarial Value of Assets is known as the Unfunded Accrued Liability. If the Actuarial Value of Assets exceeds the Actuarial Liability, the Fund may have a surplus.

2. Asset Valuation Method: Smoothed Market Value Method

The Actuarial Value of Assets is based on the market value with an adjustment to smooth actuarial gains or losses in the market value over the past five years. The asset valuation method

calculates the expected actuarial value asset return at the current valuation date using the Fund's actual cash flows and the expected long-term rate of return on assets.

The actuarial investment gain or loss is then determined by subtracting this expected asset return from the actual investment return on the market value. One-fifth (1/5th) of the actuarial gain (actual returns greater than expected) or loss (actual returns less than expected) is then added to the expected asset value along with recognition of actuarial gains/losses over expected return for each of the preceding four years is then added to arrive at the preliminary smoothed Actuarial Value of Assets.

If the preliminary smoothed actuarial asset value is outside a corridor of 80% to 120% of market value, the final smoothed value is increased/(or reduced) to the bottom/(top) of the 80% to 120% market value corridor.

3. Changes in Methods since the Last Valuation

None

Schedule MB, line 6 – Statement of Actuarial Assumptions and Methods

4. Disclosures regarding Models Used

Cheiron utilizes ProVal, an actuarial valuation software leased from Winklevoss Technologies (WinTech) for the intended purpose of calculating liabilities and projected benefit payments. We have relied on WinTech as the developer of ProVal. We have reviewed ProVal and have a basic understanding of it and have used ProVal in accordance with its original intended purpose. We are not aware of any material inconsistencies, unreasonable output resulting from the aggregation of assumptions, material limitations or known weaknesses that would affect this report.
