Terry Reilly Health Services 403(b) Plan
Nampa, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Terry Reilly Health Services 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended March 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Terry Reilly Health Services 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2023 and 2022 and for the year ended March 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Terry Reilly Health Services 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Terry Reilly Health Services 403(b) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Terry Reilly Health Services 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Terry Reilly Health Services 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at Year End) and the Schedule of Delinquent Participant Contributions as of March 31, 2023 for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TERRY REILLY HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan

The following description of Terry Reilly Health Services 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The plan is a defined contribution plan covering all employees of Terry Reilly Health Services (the Organization). It is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Organization pays the administrative costs of the Plan, except certain maintenance and transaction fees charged by the Trustee. American United Life Insurance Company is the plan’s trustee. Effective April 1, 2022, the Plan was amended to specify compensation applicable in allocating employee contributions, this amendment now includes W-2 wages increased by elective deferrals.

Contributions

Participants may elect to defer up to 100% of eligible compensation and contribute these amounts to the Plan. In addition, participants over age 50 before the close of the Plan year are eligible to defer an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participants vested interest in their account, or installments over a period of time. Unless an optional form of benefit is selected pursuant to a qualified election within the election period, the automatic form of benefit payable to or on behalf of a participant shall be a single lump sum payment.

TERRY REILLY HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan (Continued)

Administrative Expenses

Expenses of administering the Plan are the responsibility of the Plan's management; however, most of the administration expenses are paid by the Organization on behalf of the Plan and will not be reimbursed. Investment related expenses are deducted from the individual participant accounts.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through an annuity contract offered by the trustee. Contract value for this investment is based on the net asset value of the contract, as reported by the trustee.

Use of Estimates

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Capital gain distributions are included in the dividend income. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

TERRY REILLY HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note B – Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through December 12, 2023, which is the date the financial statements were available to be issued.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value instrument.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's investments are held in pooled separate account funds and an investment contract.

TERRY REILLY HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note C – Fair Value Measurements (Continued)

All pooled separate account funds are valued based on unit values to perform daily account valuation. The unit value is American United Life Insurance Company's (AUL) method for valuing accounts and is not the same as the net asset value reported by the fund house, although the financial trend should be the same. After the close of the stock market, AUL receives a daily price from each fund house. The figure includes the NAV and any dividends and capital gains declared. These inputs are used to arrive at the unit value of the investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

American United Life Insurance Company, the Trustee of the Plan, has certified the completeness and accuracy of the investment balances presented on the schedule of net assets available for benefits, the net appreciation of investments on the statement of changes in net assets available for benefits, and the information presented in the Schedule H, Line 4i-Schedule of Assets (Held at Year End). Additionally, the following table sets forth by level, within the fair value hierarchy, the Plan's certified investments at fair value as of March 31, 2023 and March 31, 2022.

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
March 31, 2023				
Total assets in the fair value hierarchy	\$ 0	\$ 0	\$ 0	\$ 0
Investments measured at NAV	<u>7,438,231</u>			
Total investments at fair value	<u>\$ 7,438,231</u>			
March 31, 2022				
Total assets in the fair value hierarchy	\$ 0	\$ 0	\$ 0	\$ 0
Investments measured at NAV	<u>\$ 7,550,244</u>			
Total investments at fair value	<u>\$ 7,550,244</u>			

TERRY REILLY HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note D – Fully Benefit Responsive Investment Contract

The Plan invests in a guaranteed investment contract with American United Life Insurance Company (AUL), which maintains the contributions in its general account and is subject to the claims of AUL's general creditors. The account is credited with interest at the rate declared for a period of time that it determines and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The AUL Stable Value Account is a group annuity contract with a fixed rate of interest. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at March 31, 2023 and 2022 was \$743,764 and \$507,359, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Note E – Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of American United Life Insurance Company. American United Life Insurance Company acts as trustee for only those investments as defined in the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Administrative fees charged by American United Life Insurance Company totaled \$24,074 for the year ended March 31, 2023.

TERRY REILLY HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note F – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note G – Income Tax Status

The Plan is intended to be a qualified plan under Section 403(b) of the Internal Revenue Code, and the Plan is interpreted, applied and administered consistently with the intent to qualify. The Plan was established through a prototype plan of American United Life Insurance Company. Although no Internal Revenue Service determination program is currently in place to indicate the Plan's acceptability, American United Life Insurance Company believes that the prototype plan is a qualified plan under Section 403(b). The Plan has been subsequently amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of March 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

TERRY REILLY HEALTH SERVICES 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note I – Non Exempt Party-In-Interest Transactions

It was noted in 2023 there were delays by the plan sponsor in submitting employee contributions to the custodian in the aggregate amount of \$113,282. Participant accounts will be credited with the amount if investment income that would have been earned had the participant contributions been remitted on a timely basis. The lost earnings are immaterial to the plan and no receivable has been recorded. Subsequent to year end but before the date of financial statement issuance, the plan sponsor has taken steps to correct lost earnings.
