INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Pleasant Valley Corporation 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pleasant Valley Corporation 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended March 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2023 and 2022, and for the year ended March 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pleasant Valley 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pleasant Valley 401(K) Corporation Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pleasant Valley Corporation 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pleasant Valley Corporation 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of March 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PLEASANT VALLEY CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Pleasant Valley Corporation 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General: Pleasant Valley Corporation (“Company”) established the Plan effective September 1, 2011. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2022, the Plan was amended and restated to bring the Plan into compliance with any legislative and regulatory changes that occurred since the documents were last amended. The restatement did not result in any significant changes to the Plan’s provisions.

Eligibility: Effective April 1, 2022, to be eligible, an employee must have attained the age of 20 and have completed 30 days of service. Part-time employees who are expected to work less than 32 hours per week are not eligible to participate in the Plan. The Plan allows employees to enter the Plan on the first day of the month coinciding with or following the date on which the employee completes the eligibility requirements. Prior to April 1, 2022, an eligible employee must have attained the age of 20, have completed 90 days of service, and were allowed to enter the Plan on the first day of the quarter coinciding with or following the date on which the employee completes the eligibility requirements.

Contributions: Each year, participants may contribute up to 100% of their compensation (as defined by the Plan) up to the maximum amount permitted under the IRC in the form of pre-tax 401(k) or after-tax (Roth) contributions. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions. Employees of the Company may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes a safe harbor matching contribution equal to 100% of each participant’s elective deferrals that do not exceed 3% of their eligible compensation, plus 50% of the participant’s elective deferrals between 3% and 5% of their eligible compensation. Additional profit-sharing amounts may be contributed at the discretion of the Company. For the years ended March 31, 2023 and 2022, the Company made profit sharing contributions to the Plan totaling \$542,763 and \$442,188, respectively. These contributions were declared and paid in the following year and are included in employer contributions receivable as of March 31, 2023 and 2022, respectively. Contributions are subject to limitations.

Participant accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) Company contributions, if any, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions, plus actual earnings thereon. The participant's portion of Company discretionary profit-sharing contributions adhere to a six-year graded vesting schedule. Participants become fully vested in the Company profit sharing contributions if they are employed upon reaching the normal retirement age of 65, or upon death.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan, including legal and audit fees, have been paid by the Company and are, therefore, not expenses of the Plan. The Plan pays fees related to the management of participating accounts.

Investment options: Participants may change their investment options daily and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

Payment of benefits: Upon separation from service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. Involuntary distributions of amounts less than \$5,000 are permitted under the Plan, but such distributions greater than \$1,000 must be directly rolled over to an individual retirement account set up by the plan administrator for the benefit of the participant. Involuntary distribution of a terminated participant's vested account balance of \$1,000 or less will be distributed directly to the participant. In-service distributions of vested balances may be made to a participant who has not separated from service provided the participant has attained age 59 ½. The Plan does not allow for hardship distributions.

Notes receivable from participants: The Plan does not allow for loans to participants.

Forfeited accounts: At March 31, 2023 and 2022, forfeited nonvested accounts totaled \$46,011 and \$29,677, respectively. These accounts are to be used to reduce Company contributions or they may be used to pay administrative expenses of the Plan. During the year ended March 31, 2023, the Company used \$33,399 of forfeited nonvested accounts to reduce Company contributions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of benefits: Benefit payments are recorded when paid.

Investment valuation and income recognition: Other than the Plan's investment in a fully benefit responsive investment contract, investments are reported at fair value using the methodologies described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants expect to receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date and include capital gain distributions. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events: The Plan has evaluated events and transactions for potential recognition or disclosure through January 2, 2024, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The custodians of the Plan, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, hold the Plan's investments and execute investment transactions.

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified as complete and accurate by the custodians:

	2023	2022
Investments, at fair value	\$ 4,750,337	\$ 4,054,318
Investments, at contract value	51,700	31,416
Additions to (deductions from) net assets:		
Net depreciation in fair value of investments	\$ (218,801)	
Interest and dividends	3,885	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value of units of the common collective trust. The net asset value, as provided to the recordkeeper by the investment provider, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a common collective trust, the investment provider reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. As of March 31, 2023, there were no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2023 and 2022.

	Assets at Fair Value as of March 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 285,868	\$ -	\$ -	\$ 285,868
Total assets in the fair value hierarchy	285,868	-	-	285,868
Investments measured at net asset value ^(a)				4,464,469
Investments at fair value	<u>\$ 285,868</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,750,337</u>

	Assets at Fair Value as of March 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 163,232	\$ -	\$ -	\$ 163,232
Total assets in the fair value hierarchy	163,232	-	-	163,232
Investments measured at net asset value ^(a)				3,891,086
Investments at fair value	\$ 163,232	\$ -	\$ -	\$ 4,054,318

(a) Certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Empower Annuity Insurance Company of America (“Empower”), the Empower Investments Fixed Account. The contract is a traditional investment contract. Under the contract, the participant principal and interest are fully guaranteed by the general account assets of Empower. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. Contract value at March 31, 2023 and 2022 totaled \$51,700 and \$31,416 respectively.

The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter an interest rate is established for new deposits received in that quarter and that interest rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is then established each subsequent calendar year and is guaranteed for one calendar year. The average yield earned by the Plan for the benefit-responsive fund, which can be derived by averaging the quarterly gross interest rates for the fund over the year, was 1.01% and 0.88% during the years ended March 31, 2023 and 2022, respectively. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under section 501(a) of the Code; premature termination of the contract; Plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 – PLAN TERMINATION

Although Plan management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – INCOME TAX STATUS

Through March 31, 2022, the Plan had adopted a prototype plan document on which the Internal Revenue Service ("IRS") issued an opinion letter dated March 31, 2014, that stated that the prototype document, as then designed, was in compliance with the applicable requirements of the IRC. The prototype document had been amended since the issuance of the most recent opinion letter.

Effective April 1, 2022, the Plan adopted a non-standardized pre-approved plan document on which the IRS has issued an opinion letter dated June 30, 2020, that stated that the non-standardized pre-approved plan document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since issuance of the most recent opinion letter. Although the Plan has not requested an individual determination letter from the IRS, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

The Plan had an interest in a guaranteed investment contract as of March 31, 2023 and 2022, through a group annuity contract directly between the Plan and Empower, the Plan's custodian. Therefore, related transactions qualify as party-in-interest transactions.
