INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Finance Committee
403(b) Thrift Plan of Accord
Saint Paul, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan of Accord, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 403(b) Thrift Plan of Accord's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

(Continued)

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan of Accord and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Accord's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of Accord's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Accord's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(Continued)

Supplementary Schedules Required by ERISA

The supplementary schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(B) THRIFT PLAN OF ACCORD

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the 403(b) Thrift Plan of Accord (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan is a single-employer, defined contribution, 403(b) plan established to provide employees with a systematic means of saving and investing for the future. All permissible employees of Accord (the Employer and the Organization) are eligible to enroll immediately on their date of hire. Non-resident aliens are not eligible to participate in the Plan. Employees are eligible to receive the employer match upon attaining age 18 and completing one year of service as defined in the Plan Document. Employees that are highly compensated, individuals classified as independent contractors, and employees covered under a collective bargaining agreement are not eligible to receive employer matching contributions.

The Plan's custodians are Mutual of America Life Insurance Company (MOALIC), and The Variable Annuity Life Insurance Company (VALIC), and Accord is the Plan Sponsor and Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Investments are held in pooled separate accounts and general accounts.

Contributions - Participants are allowed to make elective, pretax (traditional 403(b)) deferral contributions or elective after-tax (Roth 403(b)) deferral contributions up to applicable limits and not to exceed 100% of annual eligible compensation, as defined in the Plan. The Plan includes an auto-enrollment feature whereby employees are automatically enrolled in the Plan at a 3% deferral rate, unless elected otherwise. Employees can opt out at any time. Participants who have attained the age of 50 are allowed to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Participants are eligible for employer matching contributions after completing 12 months and not less than 1,000 hours of service. The Employer contributes 100% of the first 3% of eligible compensation that a participant contributes to the Plan.

Vesting - Participants are immediately vested in their voluntary contributions, Employer matching contributions, and actual earnings thereon.

(Continued)

403(B) THRIFT PLAN OF ACCORD

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts - Each participant's account is credited with the participant's contributions plus (a) the Employer's matching contributions, and (b) an allocation of Plan earnings and changes in the value of investments, net of expenses. Allocations are based on elective deferrals, account balances or compensation as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Policy Loans - Participants may borrow from their accounts a minimum of \$1,000 and a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at market rates, and at December 31, 2022 interest rates on outstanding loans ranged from 3% to 3.25%. The Plan Administrator has concluded that these loans are not Plan assets. Principal and interest are paid ratably through direct payments from the participants. At December 31, 2022 and 2021, \$36,288 and \$40,557 of Plan assets serve as collateral for participant policy loans.

Payment of Benefits - On termination of service due to death, disability, or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or in amounts of at least \$100 withdrawn on a monthly basis if the participant has attained age 59.5 or has terminated employment at age 55 or later.

Investment Options - Participants are allowed to direct the investment of their contributions among the various investment options offered by the Plan. Employer contributions are allocated on the same basis as participant contributions.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

(Continued)

403(B) THRIFT PLAN OF ACCORD

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates - The preparation of any financial statements in accordance with U.S. generally accepted accounting principles may require management to make estimates and assumptions that affect amounts reported in the financial statements during the reporting period. Actual results could differ from such estimates.

Payment of Benefits - Benefits are recorded when paid.

Policy Loans - Policy loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Policy loans between participants and MOALIC are collateralized at 120% of the original principal balance of the loan. Policy loans between participants and VALIC are collateralized at 100% of the original principal balance of the loan plus the first quarter's interest and potential surrender charges. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. At December 31, 2022 and 2021, loans in default amounted to \$22,297 and \$21,238.

Valuation of Investments - Pooled separate accounts are recorded at fair value. The general accounts are classified as fully benefit-responsive investment contracts reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Administrative expenses for legal, auditing, and administration of the Plan, except for custodian advisory, trust and loan fees, are paid either by the Plan or by the Organization at the Organization's discretion. Expenses paid by the Organization are excluded from these financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The Plan's investments are held and administered by Mutual of America Life Insurance Company and The Variable Annuity Life Insurance Company, the custodians. All investment information presented in the accompanying financial statements was obtained from information supplied to the Plan Administrator and certified as complete and accurate by the custodians. A summary of the certified information is as follows:

	2022	2021
Pooled separate accounts	\$ 8,955,647	\$ 11,832,079
General accounts	1,118,811	1,236,745
	<u>\$ 10,074,458</u>	<u>\$ 13,068,824</u>
Policy loans	<u>\$ 33,996</u>	<u>\$ 37,375</u>
Net investment loss	<u>\$ (1,946,956)</u>	

In addition, the custodians have certified all data used to derive the information included in the supplementary schedule of assets (held at end of year) as of December 31, 2022, to be complete and accurate.

4. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means; and Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement and have the lowest priority.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

4. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts are each invested in a distinct underlying mutual fund. The fair value of each pooled separate account is determined using the value per unit, which is based on the value of the underlying mutual fund shares which are actively traded. There are no redemption restrictions in the pooled separate accounts. Because net asset value (NAV) is used as a practical expedient, these investments are not categorized within the fair value hierarchy.

The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the pooled separate accounts could result in a different fair value measurement at the reporting date.

5. GROUP ANNUITY CONTRACTS WITH INSURANCE COMPANIES

The Plan has general accounts with MOALIC and VALIC. The accounts are credited with earnings at the crediting interest rate and charged for participant withdrawals and administrative expenses. The account balances represent contributions made to the interest accumulation account, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance.

There are no reserves against the general accounts for credit risk. The minimum rate guaranteed for the VALIC general account varies by participant and depends on the date the participant established their account. For the years ended December 31, 2022 and 2021, the minimum rates ranged from 2.00% to 3.00%. The minimum crediting interest rate for the MOALIC general account is determined each January 1 by MOALIC but currently may not be less than 1.60%. Interest credited to participants was 1.60% during 2022 and 1.00% during 2021.

403(B) THRIFT PLAN OF ACCORD

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all of the assets will be distributed to the participants based upon the balances in their respective accounts.

7. INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected.

8. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of pooled separate accounts managed by the custodians, as well as in investment contracts issued by the custodians and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment custodians' services were included as a reduction of the return earned on each pooled separate account and general account.

The Plan's sponsor pays certain administrative expenses of the Plan.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

9. CONTRIBUTION ERRORS

In November 2022, one of the Plan's custodians updated their service platform and in the process, excess contributions were erroneously made by the custodian on behalf of the Employer. Erroneous deposits made by the custodian on behalf of the Employer totaled approximately \$1,471,000, and in 2023, the custodian was able to recover approximately \$1,314,000 of these deposits. At December 31, 2022, approximately \$157,000 is included in the Plan's total assets as the custodian has not been able to recover these funds. Additionally, there were multiple contributions for pay periods in November and December 2022 that were unable to be remitted to the Plan as a result of the platform change. These contributions were remitted to the Plan by May 2023.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 10, 2024, the date on which the financial statements were available for issue.
