Independent Auditor's Report

To the Audit Committee, Plan Administrator and Participants of
Advanced Drainage Systems, Inc. Retirement and Stock Ownership Plan
Hilliard, Ohio

Opinion on the 2023 Financial Statements

We have audited the accompanying financial statements of Advanced Drainage Systems, Inc. Retirement and Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of March 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the "financial statements").

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of March 31, 2023 and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate to those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2023 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held (at End of Year) and Delinquent Participant Contributions information in the accompanying schedule of assets (held at end of year) as of and for the year ended March 31, 2023 are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Auditor’s Report on the 2022 Financial Statements

We performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In our report dated, January 16, 2023, we indicated that in our opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ADVANCED DRAINAGE SYSTEMS, INC. RETIREMENT AND STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF THE PLAN

The following description of the Advanced Drainage Systems, Inc. Retirement and Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and the Plan’s Summary Plan Description for a complete description of the Plan’s provisions.

General - The Plan is a tax-qualified defined contribution retirement plan that benefits substantially all employees of Advanced Drainage Systems, Inc. (the “Company” or “ADS”) and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). The Company is the Plan’s sponsor and administrator under ERISA. The day-to-day operation of the Plan is handled by a three member Retirement Plan Committee appointed by the Board of Directors of the Company, and its delegates. Prior to April 1, 2022, the Company sponsored two separate tax-qualified defined contribution retirement plans (i) the Advanced Drainage Systems, Inc. Employee Stock Ownership Plan (the “ESOP”), and (ii) the Advanced Drainage Systems Retirement Plan, formerly named the Advanced Drainage Systems, Inc. Profit Sharing Retirement Plan (the “401(k) Plan”). Effective April 1, 2022, pursuant to resolutions of the Company’s Board of Directors, the ESOP was merged into and with the 401(k) Plan, with the Plan thereafter having two separate components namely, an ESOP component (that qualifies as an “employee stock ownership plan” as defined in Internal Revenue Code (“Code”) Section 4975(e)(7)), and a 401(k) component (that complies with the cash or deferred arrangement requirements of Internal Revenue Code Section 401(k)).

As part of this merger each participant's and beneficiary's total account balance under the Plan was at least equal to the total account balance he or she had under the ESOP and 401(k) Plan immediately prior to the April 1, 2022 plan merger. Between April 1, 2022 and June 6, 2022, all assets of the ADS ESOP were held in two separate trusts; and on June 6, 2022, the Plan’s assets were combined into a single trust of the Plan with Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company as the trustee.

All references to a time period prior to April 1, 2022 refer to the ESOP and the 401(k) Plan; and all references to a time period after April 1, 2022 refer to the Plan.

Contributions - The Plan provides for pre-tax deferral contributions by the participants through payroll deductions subject to certain limitations of Section 401(k) of the Code. Participants may also make after-tax Roth elective deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contribution amounts representing eligible rollover distributions from other employers’ tax-qualified retirement plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. All eligible employees are automatically enrolled at a pre-tax deferral contribution rate of three percent of eligible compensation. All eligible employees are automatically enrolled in the Plan at a three percent contribution rate unless the employee elects otherwise. Employees may elect to automatically increase their contribution on an annual basis. All auto-enrollment employee contributions are invested in a designated target date fund based on the participant’s age until changed by the participant.

For the plan year ended March 31, 2022 (“2022 Plan year”) when the 401(k) Plan was separate from the ESOP, and plan year ended March 31, 2023 (“2023 Plan year”) when the Plan resulting from the merger of the ESOP into and with the 401(k) Plan was in existence, the Company matched 100% of the first three percent deferred by the employee and then 50% of the next two percent of eligible compensation deferred by the employee.

The Plan also provides for an annual discretionary contribution by the Company. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Plan currently offers various

mutual funds, a common collective trust fund and an employer common stock fund as investment options for participants.

Eligibility - Eligible employees of the Company and its participating subsidiaries (i.e., not a union employee, leased employee, Puerto Rico employee, or an independent contractor) are eligible to participate in the profit sharing component of the Plan on the first day of the month which coincides with or next follows the date the Plan's entry requirements are satisfied. The entry requirements for eligible employees are (i) the employee must be at least 18 years old, (ii) must be credited with 30 days of service, and (iii) must be employed on the entry date.

Participant Accounts - Each participant's Plan account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings and losses based upon the performance of the Plan's investment funds in which their Plan accounts are invested, and charged with an allocation of administrative expenses. Cash dividends on shares of Company Class A Common Stock allocated to participants' Plan accounts under the ESOP portion of the Plan are passed through to such participants. Participants provide voting directions with respect to the investment funds in which their Plan accounts are invested including, without limitation, voting directions with respect to shares of Company Class A Common Stock allocated to their Plan accounts under the Plan's ESOP portion's employer stock fund.

Vesting - Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. For purposes of matching Company contributions of Plan accounts, vesting is based on the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2 or greater	100%

For purposes of discretionary Company contribution portions of Plan accounts, and the ESOP portion of Plan accounts, vesting is based on the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Distribution of Plan Accounts - Participants receive the amount credited to their vested Plan accounts upon retirement, disability, death or termination of employment. Participants are also eligible to receive hardship distributions of a portion of their vested Plan accounts, and participants who have attained age 59 and 1/2 may receive all or a portion of his or her account based on the vesting schedule. Distributions are paid to participants or their beneficiaries in a lump sum.

Forfeited Accounts - Forfeitures of participants' unvested accounts are used to pay plan expenses or to offset Company contributions. At March 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$6.5 million and less than \$0.1 million, respectively. During 2023, forfeitures of approximately \$10.0 million were used to offset Company contributions and approximately \$0.1 million was used to pay administrative expenses. Subsequent to March 31, 2023, the Plan sponsor used approximately \$6.5 million in forfeitures to reduce the 2023 true-up and discretionary Company contributions due to the Plan as of March 31, 2023, the plan year end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan’s investments are reported at fair value. Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the Fair Value Measurements footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses - During the 2023 plan year, the Plan Sponsor paid Plan administrative costs of less than \$0.1 million, and the Plan paid its remaining administrative expenses including audit, consulting, trustee and recordkeeping fees of approximately \$0.7 million.

Payment of Benefits - Benefits are recorded when paid.

3. EMPLOYER STOCK FUND

Participants can elect to invest in the Plan’s employer stock fund consisting of Company Class A Common Stock. The Plan’s employer stock fund may also hold cash or cash equivalents as necessary to satisfy the obligations of the fund. Participants may not allocate more than 20% of their future contributions to the employer stock fund, and may not elect to invest their Plan accounts in the Plan’s employer stock fund at any time a participant’s Plan account exceeds 20% of the value of the participant’s total assets allocated to his or her Plan account.

4. FAIR VALUE MEASUREMENTS

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1:* Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2:* Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3:* Inputs are significant and unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2023 or 2022.

- *Mutual Funds and ADS Common Stock:* Valued at the net asset value of shares held by the Plan at year-end.
- *Common Collective Trust Fund:* Valued at the net asset value (“NAV”) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder’s instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to

estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For these funds, there are no unfunded commitments, redemption restrictions and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of March 31, 2023:

(Amounts in thousands)	Level 1	Level 2	Level 3	Total
<i>Investments in the fair value hierarchy:</i>				
Mutual Funds	\$ 261,202	\$ —	\$ —	\$ 261,202
ADS Common Stock	707,344	—	—	707,344
Total investments in the fair value hierarchy	968,546	—	—	968,546
Common collective trust fund measured at net asset value ¹	—	—	—	46,806
Total assets at fair value	\$ 968,546	\$ —	\$ —	\$1,015,352

Assets at Fair Value as of March 31, 2022:

(Amounts in thousands)	Level 1	Level 2	Level 3	Total
<i>Investments in the fair value hierarchy:</i>				
Mutual Funds	\$ 162,683	\$ —	\$ —	\$ 162,683
Total investments in the fair value hierarchy	162,683	—	—	162,683
Common collective trust fund measured at net asset value ¹	—	—	—	2,839
Total assets at fair value	\$ 162,683	\$ —	\$ —	\$ 165,522

1. In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Principal Trust Company is the Plan's trustee and its affiliate, Principal Finance Group, is the Plan's recordkeeper. The Plan has a common collective trust with Principal Trust Company, and, therefore, this transaction qualifies as a party-in-interest transaction. In 2023, the Plan also used various accounting and consulting firms to assist with Plan compliance and administration. Fees paid to parties in interest totaled approximately \$0.7 million for the 2023 Plan year.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such a

change could materially affect participants' account balances and the amounts reported in the accompanying 2023 statement of net assets available for benefits.

7. INCOME TAX STATUS

The Company has adopted a Principal Financial Group ESOP/KSOP Pre-Approved Plan document as the Plan's amended and restated document effective April 1, 2022, which is a volume submitter document with respect to which Principal Financial Group received a favorable opinion letter from the Internal Revenue Service ("IRS") that such Plan document complied with the applicable tax-qualification requirements of the Code. Principal Financial Group has advised the Company that the Plan's document is covered by the IRS opinion letter issued to Principal Financial Group and that the Plan is currently being administered in compliance with the applicable requirements of the Code and in compliance with the provisions of the Plan.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in process.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Code and ERISA. In the event of Plan termination, participants become 100% vested in their unvested Plan accounts. Distributions can be made in cash or securities. All non-cash distributions will be valued at fair market value at the date of distribution.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
