## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of  
Alamo 401(k) Plan  
San Antonio, Texas

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Alamo 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to August 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 31, 2022 and December 31, 2021 and for the period from January 1, 2022 to August 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

---

(Continued)

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

---

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

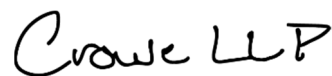

***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Period) as of August 31, 2022 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the period from January 1, 2022 to August 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALAMO 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
August 31, 2022 and 2021

---

**NOTE 1 – DESCRIPTION OF THE PLAN**

Alamo 401(k) Plan (the Plan) is a defined contribution plan covering all eligible employees of Alamo Trust, Inc. and its related employer, Remember the Alamo Foundation (collectively, the Company). The Plan was originally effective May 1, 2016, and amended and restated effective January 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective September 1, 2022, the Plan adopted the SWBC Professional Employer Services 401(k) Plan (the SWBC/PEO Plan) for its employees and agreed to the terms of the SWBC/PEO Plan. As of September 1, 2022, employees of the Company are eligible to participate in the SWBC/PEO Plan.

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Eligibility: All non-excluded employees of the Company were eligible to participate in the Plan for purposes of salary deferrals upon hire. In order to receive matching contributions under the Plan, a participant must work for the Company for at least a 6-month period. The Plan entry date was the first day of the month coinciding with or next following the date an employee satisfies the eligibility conditions.

Contributions: Each year participants could elect to contribute up to 100% of pretax and after-tax annual compensation, subject to IRS limitations, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans as a rollover contribution. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation.

The Company would make a fixed matching contribution on behalf of eligible participants who made salary deferrals to the Plan. The matching contribution would equal 100% of salary deferrals a participant made during each payroll period.

Participant Accounts: Each participant's account was credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and losses and was charged with his or her withdrawals and an allocation of administrative expenses. Allocations were based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Each participant directed the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant was entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants were fully and immediately vested in their contributions and employer matching contributions plus actual earnings thereon.

Payment of Benefits: Benefits were paid in a lump sum. On termination of service, death, or disability the participant or beneficiary was entitled to a benefit equal to the vested balance and non-forfeitable interest in their account as of the distribution date. The Plan also allowed for in-service and hardship distributions.

Notes Receivable From Participants: Participant loans were available to all eligible actively employed participants. Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were collateralized by the vested balance in the participant's account, and bear interest between 4.25% and 6.50%. Principal and interest were repaid through salary reductions each pay period according to an amortization schedule based on the life of the note.

NOTES TO FINANCIAL STATEMENTS  
August 31, 2022 and 2021

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

Plan Transfer: Effective September 1, 2022, the Plan adopted the SWBC Professional Employer Services 401(k) Plan (the SWBC/PEO Plan) for its employees and agreed to the terms of the SWBC/PEO Plan. As of September 1, 2022, employees of the Company are eligible to participate in the SWBC/PEO Plan. The Company transferred all plan assets into the SWBC/PEO Plan in 2023. At the end of business February 10, 2023, participant balances of approximately \$1,601,646 (unaudited) were transferred to the SWBC/PEO Plan, which is reflected as a payable as of August 31, 2022.

Administrative Expenses: Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net depreciation in fair value of investments.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 16, 2023, which is the date the financial statements were available to be issued.

**NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 3 – CERTIFIED INFORMATION**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at August 31, 2022 and December 31, 2021, net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2022 to August 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

*Level 1* – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

*Level 2* – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

*Level 3* – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Money Market Fund: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer (Level 1 inputs).

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

 Total investments at fair value	\$ 1,900,459	\$ -	\$ -	\$ 1,900,459

**NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Charles Schwab Trust Bank is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees qualify as party-in-interest transactions. Notes receivable from participants and investments issued by Charles Schwab Trust Bank or one of its affiliates also reflect party-in-interest transactions.

**NOTE 6 – TAX STATUS**

The IRS issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.
