INDEPENDENT AUDITORS' REPORT

To the Trustees
Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2021 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust's ability to continue as a going concern for one year after the date the 2021 Financial Statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2021 Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 Financial Statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 7, 2022, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of Kirby Electric, Inc. 401(k) Salary Reduction Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was adopted July 1, 2000 by Kirby Electric, Inc. (the "Company") and was most recently amended and restated January 1, 2021.

General

The Plan is a defined contribution profit sharing plan covering all eligible employees of the Company for the period January 1, 2021 to November 10, 2021, employees were eligible to participate in the Plan provided they were at least 21 years old and had completed one year of service, and were able to begin contributing to the Plan on the first day of the first, fourth, seventh and tenth month of the Plan year following eligibility requirements met. Effective November 11, 2021, the Plan was amended to remove minimum service requirements, implement semi-annual entry dates such that newly eligible participants could contribute beginning on the first day of the first and seventh-months following eligibility, and reduce the age requirement from 21 to age 18 years old. Employees that are leased employees, non-resident aliens, residents of Puerto Rico, or union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Voya Retirement Insurance and Annuity Company ("Custodian" or "Voya") was the appointed Custodian of the Plan for 2021 and 2020 and acted at the direction of the Plan's administrator.

Contributions

Each participant may elect to contribute up to 100% of their eligible compensation to the Plan, subject to the maximum allowed under the Internal Revenue Code ("IRC") ($19,500 in 2021). Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions ($6,500 in 2021). The amount deferred can be a pre-tax, Roth contribution, or a combination of both. Participants may also contribute amounts representing rollover distributions from other IRC qualified retirement plans.

The Plan sponsor contributes and allocates to each eligible participant discretionary matching contributions provided the eligible participant works at least 1 hour during the Plan year and is employed on the last day of the Plan year. The discretionary matching contribution for 2021 was $2,000 per eligible participant. The Plan also provides for discretionary profit sharing contributions that are determined annually by the Plan sponsor. There were no discretionary profit sharing contributions for 2021.

On April 1, 2021, the Plan was amended to implement an automatic contribution arrangement at 4% of eligible compensation for all newly eligible participants, as well as current participants who had not entered into a salary deferral election.

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance and investment type. Certain fees are charged to the fund investments and are offset against Plan investment gain and loss, as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, rollover contributions, and the actual earnings thereon, are fully vested when made or earned. Vesting of discretionary Company contributions are based on years of service. After two years of service, employees become 20% vested in employer contributions. Vesting then occurs in annual increments of 20% per year, such that participants are fully vested after six years of service. Participants shall also become 100% vested in employer contributions upon attainment of normal retirement age (65 years old), death, permanent disability, or Plan termination.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and a maximum of 50% of the value of their account balance, or $50,000. Notes receivables from participants are secured by the vested balance in the participant's account. The interest rate is determined by the Plan's administrator based on prime plus 2% and is fixed over the life of the loan. The interest rates on the outstanding loans range from 5.25% to 7.50% as of December 31, 2021 and mature at various dates through June 2026. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of notes receivable.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant or their representative may elect to receive a lump-sum amount equal to the value of participant's vested interest in his or her account. Benefit payments for other reasons are made to participants for the value of their vested balance either in the form of a lump sum distribution or in payments according to requirements and options listed in the summary plan description provided to all participants.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of pooled separate accounts offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures are the non-vested portions of the participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay administrative expenses of the Plan or to reduce future Company contributions to the Plan. Forfeitures were $34,443 and $30,892 as of December 31, 2021 and 2020, respectively. No forfeitures were used during the year ended December 31, 2021.

1. Description of Plan, continued

Coronavirus Aid, Relief, and Economic Security Act

The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), enacted by the United States Congress on March 27, 2020 in response to the COVID-19 pandemic, allowed for certain relief provisions for participant loans and distributions. The provisions included a temporary increase in the maximum loan amount to the lesser of $100,000 or 100% of a participant's vested account balance. This provision was offered for a 180-day period, beginning upon enactment of the CARES Act and ended in September 2020. In addition, the CARES Act provisions granted temporary payment deferrals on outstanding participant loans during the period from enactment through December 31, 2020, with repayments beginning on January 1, 2021. The CARES Act also allowed for distributions, upon participants meeting certain requirements, of up to the lesser of $100,000 or the vested account balance. Additionally, early distribution penalties for distributions made to participants younger than 59½ years old were waived. The participant was not required to repay the distribution, but was permitted to do so long as repayment occurred within three years. The distribution was taxable and included in the participant's income over a ratable three-year period beginning in the year of distribution. Amounts repaid within three years are not subject to income tax. Additionally, required minimum distributions were temporarily waived for 2020. The Plan's administrator complied with these provisions, offering relief options to eligible participants, on an as needed basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at net asset value ("NAV"). The fully benefit-responsive investment is reported at contract value (see Note 5). Net appreciation or depreciation in the value of investments is the calculated difference between the year-end estimated values and the purchase prices or, if more recent, the beginning of the year estimated values. Purchases and sales of securities are recorded on a trade-date basis. Should the contract with Voya be terminated, surrender charges or adjustments could affect the contractual value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

2. Summary of Significant Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related fees and expenses are included in net appreciation in fair value of investments.

Information Certified by the Custodian

The Custodian has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, net realized and unrealized gains and losses on investments, which was used to prepare the accompanying financial statements and supplemental schedule of assets (held at end of year).

3. Fair Value Measurements

The fair value of the pooled separate accounts determined using net asset value of shares held by the Plan as a practical expedient is $4,158,313 and $3,425,228 as of December 31, 2021 and 2020, respectively.

There have been no changes in the methodologies used as of December 31, 2021 and 2020.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled separate accounts	$ 4,158,313	N/A	Daily	Immediate

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,425,228	N/A	Daily	Immediate

4. Certified Information

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the Custodian, Voya, as of and for the year ended December 31:

	2021	2020
Investments, fair value	$ 4,158,313	$ 3,425,228
Investment, contract value	$ -	$ 904
Net appreciation in fair value of investments	$ 421,014	N/A
Interest on notes receivable from participants	$ 2,884	N/A

Notes receivable from participants of $61,068 and $34,583 as of December 31, 2021 and 2020, respectively, was not certified.

5. Investment Contracts

The Plan held a guaranteed interest contract with Voya at December 31, 2020, but did not hold any such contracts as of December 31, 2021. Voya reserves the right to adjust the fixed or stated rate of return prospectively during the term of the contract or agreement. A market value adjustment may apply to amounts withdrawn at the request of the contract holder, but at no point will the guaranteed rate fall below 1.00%. The underlying contract has no restrictions on the use of the Plan's assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest contract had a contract value of $904 as of December 31, 2020.

6. Advance Contributions

As of December 31, 2021 and 2020, the Plan's advanced contributions of $25,139 and $20,400, respectively, consisted of an overpayment of the Company match made in 2017 and earnings thereon. The Company is planning to cover future employer match with the overpayment.

7. Related Party and Party-In-Interest Transactions

As of December 31, 2021 and 2020, one Plan investment fund was managed by an entity affiliated with Voya, the Custodian of the Plan. These transactions qualify as party-in-interest. Fees paid by the Plan for investment management service were included as a reduction of the return earned on each investment.

NW Retirement Plan Consultants, LLC ("NW Retirement") has an administrative service contract with the Plan. Under this agreement, NW Retirement is responsible for maintaining participant account records and assistance with the annual Plan administration. Fees for these administrative expenses are paid by the Plan.

There are no related party transactions other than normal participation in the Plan by employee-officers.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement.

9. Tax Status

The Plan operates under the provisions of a prototype plan maintained by Northwest Retirement Plan Consultants LLC. Northwest Retirement Plan Consultants LLC received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the Plan is designed in accordance with applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has also been amended since receiving the determination letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

10. Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts and a fully benefit-responsive investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2021 and 2020, approximately 57% of net assets available for benefits were held within four pooled separate accounts offered by the Plan. As of December 31, 2020, approximately 49% of net assets available for benefits were held within three pooled separate accounts offered by the Plan.

11. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through the January 9, 2024, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2021 that require recognition or disclosure in these financial statements.
