Parish Episcopal School 403(b) DC Plan and Parish Episcopal School 403(b) TDA Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Parish Episcopal School 403(b) DC Plan and Parish Episcopal School 403(b) TDA Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (“financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note C to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America ("GAAP") require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended June 30, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not, express an opinion on this supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

June 30, 2023 and 2022

A. Description of the Plan

General

Parish Episcopal School (the “School” or the “plan administrator”) sponsors the Parish Episcopal School 403(b) DC Plan and Parish Episcopal School 403(b) TDA Plan (the “Plan”) which is a 403(b) plan for employees. The Plan was effective January 1, 1998, most recently restated effective December 21, 2017. All full-time employees, with greater than 20 hours per week, are eligible to participate in the Plan. Once over the age of 21, employees are eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The purpose of the Plan is to encourage the School’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may make contributions up to 100% of pretax annual compensation, as defined by the Plan, which effective January 1, 2016, are matched by the School up to a flat 5% for all employees with less than 10 years of service, 6% for all employees with between 10 and 15 years of service, 7% for all employees between 15 and 20 years of service, and up to 8% for employees with more than 20 years of service.

Total contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. These contributions are funded into the Plan at each payroll funding date.

The School may also make discretionary contributions to the Plan. No discretionary contributions were made to the Plan for the years ended June 30, 2023 and 2022.

Eligible participants may make a rollover contribution to the Plan from other qualified plans. Participants direct contributions into the Plan by selecting various investment options offered by the Plan.

Participants Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the School’s contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit than can be provided from the participant’s vested account.

**PARISH EPISCOPAL SCHOOL 403(b) DC PLAN
AND PARISH EPISCOPAL SCHOOL 403(b) TDA PLAN**

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Vesting

Participants are 100% immediately vested in their contributions and the School's contributions plus actual earnings thereon.

Notes Receivable from Participants

Prior to May 8, 2021, loans to participants were made from the Teachers Insurance and Annuity Associations of America ("TIAA") and College Retirement Equities Fund ("CREF"), collectively ("TIAA and CREF"), the Plan's custodian, and are secured by the participant's individual account balance, which are Plan assets. These loans to participants are not reflected in the accompanying financial statements, as the loan agreements are between the participant and TIAA and CREF. Principal and interest is paid by the participants directly to TIAA and CREF. Plan assets of \$68,352 and \$134,810 were pledged as collateral on Plan notes receivable as of June 30, 2023 and 2022, respectively.

Effective May 8, 2021, the contractual obligation of new loans to participants was changed. The loan is now funded directly from a participant's account and a corresponding note receivable is recorded as a Plan asset. The loan is secured by the participant's account balance. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans bear interest at a fixed rate of prime plus 1%. As of June 30, 2023 and 2022, the interest rates on the loans ranged from 5.75% to 9.25% and 4.25% to 5.00%, respectively. Principal and interest is paid by the participant back to their account and the note receivable is reduced by the principal payment.

Payment of Benefits

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their account balance. Benefits are distributed in the form of rollovers, lump sum, or annuity contract payments. Participants may also take partial distributions and installment payments as defined by the Plan document. Effective December 21, 2017, account balances of terminated participants less than \$5,000 are automatically distributed.

A participant may receive a hardship distribution if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for payment of funeral expenses of the participant, their spouse, dependents or beneficiary; or (6) for payment to repair the principal residence.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Payment of Benefits – continued

On March 27, 2020, former President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security Act” (the “CARES Act”) which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the School determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to \$100,000, b) an increase in the available participant loan amount up to \$100,000, not to exceed 100% of the participant’s account balance, and c) deferral of 2021 loan repayments for a year.

Plan Expenses

Employees of the School perform certain administrative functions with no compensation from the Plan. All significant administrative expenses are paid by the plan administrator and are not reflected in the accompanying financial statements. Other expenses are primarily investment advisory fees paid by the Plan.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”), except for the contracts excluded under the Department of Labor’s (“DOL”) Field Assistance Bulletin No.2009-02, *Annual Reporting Requirements for 403(b) Plans*. See Note C.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**PARISH EPISCOPAL SCHOOL 403(b) DC PLAN
AND PARISH EPISCOPAL SCHOOL 403(b) TDA PLAN**

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions are accrued as they become obligations of the School, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the Plan year and are subject to market or credit risks customarily associated with these types of investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and requires disclosures about assets and liabilities measured at fair value. For information related to the Plan's valuation methodologies, see Note E of these financial statements.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Revenue Sharing Credit Account

Certain administrative costs and expenses of the Plan are paid by the School at its discretion and, if not paid by the School, shall be paid by the Plan. Loan recordkeeping fees are paid by the participants. In situations where recordkeeping revenue earned by the Plan's record keeper in connection with plan services exceeds agreed-upon compensation, TIAA and CREF will deposit any excess revenue, regardless of source, in a plan-level suspense account (Revenue Credit Account) in the Plan. The named fiduciary or plan administrator can then direct TIAA and CREF to pay qualified plan-level expenses or allocate unused credit to eligible participants via funds from this Revenue Credit Account. It is the Plan's policy to record the receipt of such credits as a reduction of Plan expenses.

C. Excluded Investments and Activity

The Plan has excluded from investments in the accompanying financial statements certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying financial statements. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. GAAP requires these accounts and the related income and distributions to be included in the accompanying financial statements.

D. Investments

TIAA Access and CREF investments are variable annuities which consist of underlying investment portfolios whose value is calculated daily based upon quoted market prices of the underlying assets. These investments are classified as registered investment companies within the Plan's financial statements and Form 5500.

The TIAA Traditional Annuity investment is an unallocated fixed-dollar annuity contract, that is fully and unconditionally guaranteed by TIAA, a New York domiciled non-profit legal reserve life insurance company, that is credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TIAA. The TIAA Traditional Annuity is offered to participants through a variety of annuity contracts.

**PARISH EPISCOPAL SCHOOL 403(b) DC PLAN
AND PARISH EPISCOPAL SCHOOL 403(b) TDA PLAN**

NOTES TO FINANCIAL STATEMENTS *(continued)*

D. Investments – continued

The type of contract through which a participant allocates contributions to the TIAA Traditional Annuity investment determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. The minimum guaranteed interest rate varies by contract and depends on the date the contract was established for a participant's account. Accounts generally have a minimum guaranteed interest rate of 3%, but some contracts are between 1% and 3%. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees. The interest rate credited to the contracts ranged from 5.10% to 6.5% for the year ended June 30, 2023 and 3.00% to 5.25% for the year ended June 30, 2022.

The TIAA Traditional Annuity investment held by the Plan contains certain contract types that impose liquidity restrictions on redemptions from the fixed-dollar annuity contract which could impact the value realized upon exiting the contract. Participants should refer to the Plan agreement for a more complete description of the Plan's liquidity restriction provisions.

Based on the type of annuity contract through which the participant allocates contributions to the TIAA Traditional Annuity results in the investment contract to be fully-benefit responsive or non-benefit responsive. The fully-benefit responsive contract is reported at contract value in the accompanying statements of net assets available for benefits. The non-benefit responsive contract is reported at fair value (see Note E).

The Plan also invests in the TIAA Real Estate Account which is an insurance company separate account of TIAA which primarily invests in real estate and real estate-related investments. This investment is a pooled separate account and is reported at fair value. The investment restricts transfers out of the account to one time per calendar year quarter.

E. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. Accordingly, valuation techniques that maximize the use of observable inputs are favored. The Plan uses a market approach for the fair value measurements and endeavors to use the best information available.

**PARISH EPISCOPAL SCHOOL 403(b) DC PLAN
AND PARISH EPISCOPAL SCHOOL 403(b) TDA PLAN**

NOTES TO FINANCIAL STATEMENTS (*continued*)

E. Fair Value Measurements – continued

The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined by GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that the methodologies used to measure the fair value of assets and liabilities be described. The methodologies used to measure each major category of investments are described below. There have been no changes in the methodologies used at June 30, 2023 and 2022.

- The investments in the registered investment companies consist of investments in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. The investments are valued using market quotations or prices obtained from independent pricing sources with various pricing methods to value the investments including matrix pricing. The fair value is based on the Net Asset Value ("NAV") as of the close of each business day. These investments are classified within Level 1 or 2 of the valuation hierarchy based on whether the investment is actively traded. There are no significant restrictions on redeeming these investments at net asset value.
- The pooled separate account invests in real estate and real estate-related investments. The value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued using external appraisals, which are estimates of property values based on a professional's opinion. The fair value is based on the NAV as of the close of each business day which can be found on active markets. This investment is classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.
- The non-benefit responsive fixed-dollar annuity contract is measured based on information reported by TIAA using credit ratings of the underlying portfolio based on insurance contracts. The contract is reported at contract value which approximates fair value and is classified within Level 3 of the valuation hierarchy.

NOTES TO FINANCIAL STATEMENTS *(continued)*

G. Tax Status

Prior to December 21, 2017, the Plan had been designed to qualify under Section 403(b) of the Code and therefore, was not eligible to receive a determination letter from the Internal Revenue Service ("IRS"). Effective December 21, 2017, the Plan was amended and restated by the adoption of the TIAA Volume Submitter 403(b) Plan which has a favorable advisory letter from the IRS dated August 7, 2017. This advisory letter states that the form of the volume submitter plan is acceptable under Section 403(b) of the Code. The Plan may rely on this letter with respect to the qualification of the Plan under Code Section 403(b) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is currently operating in accordance with the applicable requirements of Section 403(b) of the Code and therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in units of registered investment companies, fixed-dollar annuity contracts, and a pooled separate account, which are managed by TIAA and CREF who acts as custodian. Transactions in such investments, as well as loans made to participants, qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

I. Plan Termination

Although it has not expressed any intention to do so, the School has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.
