## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants  
The Webb School Defined Contribution Retirement Plan  
Bell Buckle, Tennessee

### SCOPE AND NATURE OF THE ERISA SECTION 103(a)(3)(C) AUDIT

We were engaged to perform an audit of the financial statements of The Webb School Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 15, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 through November 15, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of November 30, 2022 and December 31, 2021, and for the period from January 1, 2022 through November 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate. See Note 4 for explanation of the difference between the November 15, 2022 financial statement date and the November 30, 2022 certification date.

### DISCLAIMER OF OPINION

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

## BASIS FOR DISCLAIMER OF OPINION

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

## RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

## OTHER MATTER

### SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental schedule of assets (held at end of year) as of November 15, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

EMPHASIS OF MATTER

As discussed in Note 3 to the financial statements, on November 14, 2022, the Plan Administrator approved the merger of the Plan into The Independent School Group Retirement Plan, effective November 15, 2022. Legal title of, and responsibility for, the Plan investments was transferred to The Independent School Group Retirement Plan on November 15, 2022. Our opinion has not been modified with respect to this matter.

THE WEBB SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 15, 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of The Webb School Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a participant directed defined contribution plan, covering eligible employees of The Webb School (the "Plan Sponsor"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan, originally effective January 1, 1979, had been amended and restated subsequent to its effective date to modify certain Plan provisions and comply with applicable tax regulations. The Board of Trustees, through the Finance and Audit Committee and the Retirement Plan Committee, was responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

On November 14, 2022, the Plan Administrator approved the merger of this Plan into the Independent School Group Retirement Plan ("Surviving Plan"), effective November 15, 2022. At that date, participants became covered by the Surviving Plan and employee and Plan Sponsor contributions ceased into the Plan. Legal title of, and responsibility for, the Plan investments was transferred from the Plan into the Surviving Plan on that date.

Eligibility

All employees, except for employees who worked less than 20 hours per week, were immediately eligible to participate in elective deferrals, as defined in the Plan document. Effective July 1, 2021, all employees hired on or after July 1, 2021, except for employees who work less than 20 hours per week, were immediately eligible to receive Plan Sponsor contributions. For employees hired prior to July 1, 2021, they were eligible to receive Plan Sponsor contributions after completing one year of service. Employees were credited with a year of service for eligibility purposes if they worked at least 1,000 hours of service during an eligibility measuring period.

Participant accounts

Each participant's account was credited with the participant's contributions, allocations of Plan Sponsor contributions and Plan earnings, and reduced by an allocation of administrative expenses, any distributions and Plan losses. Allocations were based on participant earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

Investment options

Participants directed the investment of their contributions into various investment options offered by the Plan.

THE WEBB SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 15, 2022

Contributions

Participants could voluntarily make qualified retirement contributions to the Plan which were deductible by the participants for federal income tax purposes under Section 403(b) of the Internal Revenue Code ("IRC"). In addition, participants could contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants could make contributions up to 100% of compensation, as defined by the Plan agreement.

The Plan Sponsor made a required contribution in the amount of 5% of the participant's compensation for participants that had completed up to seven years of service. Participants who had completed more than seven years of service were provided a contribution of 7% of their compensation.

Plan Sponsor and participant contributions could not exceed the maximum amount allowable for federal income tax purposes.

Notes receivable from participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the vested balance in the participant's account and bore interest at rates ranging from 4.25% to 5.75%, which were commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms were for a maximum of 5 years, or longer if used for the purchase of a primary residence. Principal and interest were paid ratably through payroll deductions.

Policy loans

Participants could borrow directly from Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF") using a portion of their Plan account as security for the loan. As of December 31, 2021, \$15,191 was held as collateral against policy loans. Collateral amounts were held in stable/fixed investments. Principal payments on the loans released collateral and increased the amount of funds available for a participant's use. Interest and principal were paid directly to the Plan Custodian.

Payment of benefits

Benefit distributions equal to a participant's vested account balance were payable to the participant or their beneficiaries upon normal retirement, death, disability or termination of employment. The method of distribution was determined by the Plan Administrator in accordance with the provisions of the Plan. Payment methods included lifetime monthly payments, lump-sum payments or periodic payments over a specified period of time.

In-service withdrawals

In-service withdrawals were permitted by participants who had reached the age of 59 and 1/2. Early withdrawals were also made in the case of financial hardship, as determined by the Plan Sponsor.

THE WEBB SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 15, 2022

Purchases of annuity contracts

Participants could elect to purchase an annuity from their account balance at retirement. The annuity contract provided for a guaranteed payment period of 10, 15, or 20 years not to exceed the life expectancy of the participant. Participants also had the option to elect payments without a guaranteed period. Annuities purchased were outside of the Plan; therefore, they were excluded from the Plan's net assets.

Vesting

Participants were immediately vested in their contributions, Plan Sponsor contributions and actual earnings thereon.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses as incurred.

No allowance for credit losses had been recorded as of November 15, 2022 and December 31, 2021. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant loan to be a distribution, the participant loan balance was reduced and a benefit payment was recorded.

Investment valuation and income recognition

Investments were stated at fair value, except for fully benefit-responsive investment contracts, which were reported at contract value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determined the valuation policies utilizing information provided by the investment advisers, Custodians and insurance company. See Note 5 for discussion of fair value measurements.

THE WEBB SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 15, 2022

Contract value was the relevant measure of that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value. See Note 6 for a discussion of investments at contract value.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments were recognized in the period paid.

Expenses

Substantially all expenses of maintaining the Plan were paid by the Plan Sponsor. Expenses paid by the Plan Sponsor were excluded from these financial statements. Investment-related expenses were included in net depreciation in fair value of investments.

Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between November 15, 2022 and November 17, 2023, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - PLAN MERGER

As discussed in Note 1, the Webb School Defined Contribution Plan was merged into The Independent School Group Retirement Plan, effective as of November 15, 2022. As a result, net assets of \$1,580,513 were transferred to the control of the Surviving Plan at November 15, 2022. A pending transfer of \$9,598,825 has been recognized in the financial statements related to Plan assets that remain with the prior Custodians as of November 15, 2022, but for which legal title of and responsibility for the assets has transferred to the Surviving Plan. These assets are held in investments with contractually defined payout periods that restrict the timing of physical transfer of the assets. The merger does not impact participant benefits as the benefit provisions were incorporated in the Surviving Plan.

THE WEBB SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 15, 2022

NOTE 4 - INFORMATION CERTIFIED BY CUSTODIAN

As discussed in Notes 1 and 3, the Plan merged into the Surviving Plan effective November 15, 2022. The Plan's Form 5500, however, has been prepared for the fiscal period beginning January 1, 2022 and ending November 30, 2022.

Except for the fair value of the investment contract, certain information related to investments and notes receivable from participants including investments and notes receivable from participants held at November 30, 2022 and December 31, 2021, and investment income and interest income on notes receivable for the period from January 1, 2022 through November 30, 2022, has been certified by TIAA and CREF, the Custodians of the Plan. The contract value of the investment contract was certified by the Custodians as of those dates.

The information disclosed in the accompanying financial statements and ERISA-required supplementary information related to investments and notes receivable from participants held at November 15, 2022, and investment income and interest income on notes receivable for the period from January 1, 2022 through November 15, 2022, was obtained by management and agreed to or derived from information certified by TIAA and CREF, the Custodians of the Plan.

As the Custodians only provide plan certifications as of month-end, activity from November 16, 2022 through November 30, 2022 is not reflected in the accompanying financial statements and ERISA-required supplementary information. Activity during this time frame was backed out of the financial information provided as of November 30, 2022, to represent the activity of the Plan as of the merger date of November 15, 2022.

See Note 11 for a reconciliation of changes in net assets per the financial statements for the period from January 1, 2022 to November 15, 2022 to the Form 5500 for the period from January 1, 2022 to November 30, 2022.

NOTE 5 - FAIR VALUE

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using unadjusted quoted prices from active markets for identical assets), Level 2 (not traded on an active market, but for which observable market inputs are readily available) and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Mutual funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
--------------	--

THE WEBB SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 15, 2022

Separate accounts	Separate accounts that are classified in the fair value hierarchy consist of the TIAA Real Estate Account, which is a pooled separate account valued at the daily price as reported by the fund based on the market value of the underlying assets. The unit values are published on NASDAQ. The fund is not traded on this exchange. The account is not redeemable daily; transfers out of the fund can be executed on any business day but are limited to once per calendar quarter.
Fixed annuity contracts	Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Any market value adjustments would also be included. See Note 5 for additional information on the fixed annuity contracts.
Money market funds	Valued based on the funds' closing NAV of shares held by the Plan as of the last business day of the plan year. The shares are deemed to be actively traded.

There have been no changes in the valuation methodologies used at November 15, 2022 and December 31, 2021.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes, by level, within the fair value hierarchy, investments measured at fair value on a recurring basis as of November 15, 2022 and December 31, 2021:

NOTE 6 - NON-FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan invests in investment contracts with TIAA that are non-fully benefit-responsive.

The TIAA Traditional Nonbenefit Responsive contract is a fixed annuity contract that is offered through a variety of subcontracts. The Plan's nonbenefit responsive subcontract consists of the Retirement Annuity ("RA") contract. The RA contract does not allow lump-sum cash withdrawals from the fixed account and transfers occur over a period of ten annual installments. Other withdrawals from the RA contract or transfers from the contract to other investment options occur over a period of ten annual installments if still employed or five annual installments for withdrawals after termination from employment.

The TIAA Traditional Nonbenefit Responsive 2 contract is a fixed annuity contract consisting of the Retirement Choice ("RC") contract. The RC contract allows lump-sum withdrawals within 120 days following termination of employment and is subject to a 2.5% surrender charge. Other withdrawals from the RC contract or transfers from the contract to other investment options occur over a period of 84 monthly installments.

Both the TIAA Traditional Nonbenefit Responsive and TIAA Traditional Nonbenefit Responsive 2 contracts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The credited interest rate is based on a formula agreed upon by the issuer and may not be less than 1% to 3%, depending on the subcontracts. Such rates are reviewed and may be reset on a monthly basis.

Non-fully benefit-responsive investment contracts are required to be reported at fair value. An adjustment from contract value to fair value was not made in the accompanying financial statements, as the Plan Sponsor determined that the contract value of the contract approximated fair value.

NOTE 7 - INVESTMENTS AT CONTRACT VALUE

The Plan holds investment contracts that meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. The investment contracts are traditional investment contracts. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	<u>November 15, 2022</u>	<u>December 31, 2021</u>
TIAA Traditional Benefit Responsive Contract	\$ 489,489	\$ 498,584
TIAA Stable Value	<u>-</u>	<u>19,989</u>
Total	<u>\$ 489,489</u>	<u>\$ 518,573</u>

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 15, 2022

With traditional investment contracts, the Plan owns only the contract itself; the underlying assets are owned by the contract issuer. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The traditional investment contracts held by the Plan are fixed annuity contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer.

TIAA fixed annuity contracts are credited with interest at minimum rates of 1% to 3%, depending on the subcontract. Benefit responsive subcontracts of TIAA include the Supplemental Retirement Annuity ("SRA") contract and the Group Supplemental Retirement Annuity ("GSRA") contract. The SRA and GSRA subcontracts have no liquidity restrictions.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) permanent termination of the contract, (3) the Plan's termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events occurred that would limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

At November 15, 2022, and December 31, 2021, the Plan had a concentration of investments in two and three funds, which represented approximately 63% and 65% of total investments, respectively.

NOTE 9 - INCOME TAX STATUS

The Plan has been designated to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

NOTE 10 - PARTY-IN-INTEREST AND RELATED-PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Plan investments are held by the Custodian, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, rather than a direct payment.

These party-in-interest transactions are exempt from the prohibited transactions provisions of ERISA and the IRC.
