Spine & Sport Employee Stock Ownership Plan

## Report on the Audit of the Financial Statements

### *Opinion*

We have audited the accompanying financial statements of Spine & Sport Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Spine & Sport Employee Stock Ownership Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Spine & Sport Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spine & Sport Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Spine & Sport Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spine & Sport Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

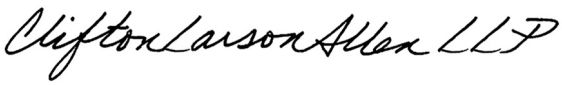

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTE 1 DESCRIPTION OF PLAN

The following description of Spine & Sport Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

Measurement Driven Rehabilitation Systems (MDRS) Holdings, Inc. (Company) established the Plan on January 1, 2017. The Plan was last amended effective August 1, 2022. The Plan is a defined contribution plan intended to constitute an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC). The Plan covers all employees of the Company and any affiliated companies who have completed the eligibility requirements including the completion of one year of service and attainment of age 21. An eligible employee will begin participation on January 1 or July 1 following the completion of the eligibility requirements. Effective January 1, 2022, the Plan was amended to change the service requirement to six months of service and the entry dates to quarterly (January 1, April 1, July 1 and October 1). The Plan excludes employees who are classified as leased employees, non-resident aliens who receive no U.S. source income and any person whose terms and conditions of employment are determined through a collective bargaining agreement. The Plan is designed to invest primarily in securities issued by the Company and is authorized to borrow money for such investments. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan purchased Company common stock using the proceeds of notes payable to the Company and holds the stock in a trust established under the Plan (see Note 5). As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The Company's borrowing is collateralized by the Plan's unallocated shares of MDRS Holdings, Inc. common stock. As the Plan makes principal and interest payments, an appropriate percentage of stock is allocated to eligible participant's accounts. Shares are allocated to each participant's account based upon the individual participant's annual compensation, as defined, in relation to the total compensation for all participants. The lender has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, present separately the assets and liabilities and changes therein pertaining to:

(a) The account of employees with vested rights in allocated common stock (Allocated) and
(b) Common stock not yet allocated to employees (Unallocated)

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Contributions

Each year, the Company may contribute to the Plan up to 25% of covered compensation as determined annually by the Company. Contributions may be in the form of shares of common stock or cash. Contributions for each year are never less than the amount required to enable the Plan to discharge its current obligations, without regard to whether some or all of such contribution may fail to qualify for an income tax deduction by the Company. In order to receive an allocation of Company contributions, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year unless termination is due to death, disability or retirement. Contributions by Plan participants are not permitted by the Plan. Contributions are subject to Internal Revenue Service (IRS) limitations.

### Participant Accounts

Each participant's account is credited with the Company contributions and investment income or losses. Company contributions are allocated proportionately based on eligible compensation of all eligible participants. Income is allocated annually based on each participant's share of the fund. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

### Vesting

Vesting of participant's accounts is based on years of credited service with the Company. A participant's account becomes fully vested after six years of credited service with the Company, under a graded vesting schedule.

Notwithstanding the above, participants shall, however, become 100% vested in the account upon attaining normal retirement age of 65, their death, or becoming permanently disabled.

### Distributions

Distributions from the Plan shall be paid at the discretion of the Company in a lump sum payment or an installment after a participant retires, dies, becomes disabled, or otherwise terminates employment.

If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent as a lump sum payment. If a participant terminates employment and the participant's account balance exceeds $1,000, but is less than $5,000, the Plan administrator will authorize the benefit payment as a rollover to an individual retirement plan under the participant's name. If the balance of the terminated participant's account exceeds $5,000, but is less than $1,080,000 (in 2017 and as adjusted for increases in the cost of living), the participant's nonforfeitable account balance shall be distributed in substantially equal annual installments over a period of five years, plus one year for each $215,000 (in 2017) by which the nonforfeitable account balance exceeds $1,080,000 (in 2017).

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation service in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. Participants will not have the option to diversify until after January 1, 2028.

### Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

### Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company may pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

### Forfeited Accounts

Forfeited accounts are allocated to participants who have completed a year of service and are employed on the last day of the Plan year or terminated employment due to death, disability, or normal retirement age. Allocations of forfeited nonvested accounts for the Plan year ended December 31, 2022 totaled 482 in shares. There were no unallocated forfeiture accounts at December 31, 2022 and 2021.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits

Benefit payments are recorded when paid.

### Administrative Expenses

The Company pays most administrative expenses on behalf of the Plan.

### Subsequent Events

The Plan has evaluated subsequent events through January 9, 2024, the date the financial statements were available to be issued.

## NOTE 3 INVESTMENTS

### Investment in Company Securities

The Plan's initial investment in Company securities consisted of 2,100,000 shares of the outstanding common stock of MDRS Holdings, Inc. The shares were acquired on December 31, 2017, for $19,000,000 ($9.05 per share), which was the estimated fair market value, as determined by independent appraisal, at the time.

The estimated fair market value, determined by an independent appraisal as of December 31, 2022 and 2021 was $1.63 and $1.52 per share, respectively. During the Plan year ended December 31, 2022, 52,500 shares were released to eligible Plan participants.

## NOTE 3 INVESTMENTS (CONTINUED)

**Investment in Company Securities (Continued)**

The Plan's investment in Company securities as of December 31 is presented in the following table:

| | 2022 | | | 2021 | | |

## NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

*Company Common Stock:* The fair value of the Company common stock held by the Plan is valued at fair value based on an independent third-party appraisal. This appraisal is based upon a combination of the market and income based valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | 2022 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| MDRS Holdings, Inc. Common Stock (at Estimated Fair Value) | $ - | $ - | $ 3,423,000 | $ 3,423,000 |

| | 2021 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| MDRS Holdings, Inc. Common Stock (at Estimated Fair Value) | $ - | $ - | $ 3,192,000 | $ 3,192,000 |

The following table represents certain changes in the Plan's Level 3 financial instruments for the year ended December 31, 2022 attributable to:

| | Company Common Stock |
|---|---|
| Purchases | $ - |
| Issuances | - |

| Transfers Out | - |

## NOTE 5 NOTE PAYABLE

On December 31, 2017, the Plan entered into an $19,000,000 term loan agreement with the Company. The proceeds of the loan were used to purchase the Company's common stock. The Plan has a note payable related to the purchase of Company common stock on December 31 as follows:

| Description | 2022 | 2021 |
|---|---|---|

## NOTE 5 NOTE PAYABLE (CONTINUED)

While the Company reserves the right to change the amounts and the timing of contributions to the Plan, the scheduled amortization of the Plan's loan and related Plan contributions for the next five years are as follows:

| Year Ending December 31, | Amount |
|---|---|
| 2023 | $ 311,265 |
| 2024 | 319,483 |
| 2025 | 327,917 |
| 2026 | 336,574 |
| 2027 | 345,460 |
| 2028 and Thereafter | 15,919,026 |

## NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets, which consist primarily of Company common shares, are held by Prudent Fiduciary Services (the trustee). Company contributions are held and managed by the trustee, who invests cash received as a result of cash contributions and interest income and makes distributions to participants.

The Plan is administered by the Company and certain administrative functions are outsourced to a third-party administrator. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## NOTE 8 RISKS AND UNCERTAINTIES

The Plan provides for investment primarily in Company common stock. In general, this investment is exposed to various risks, such as interest rate, credit, and overall market volatility risk. The stock of the Company is valued annually by an independent third-party valuation specialist. Because of the inherent subjectivity in any valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 9 TAX STATUS

The IRS has determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
