Plan Administrator
Bouma Group, Inc. Retirement Plan
Grand Rapids, Michigan

Except as discussed in the following paragraph, in the planning and performing of our audit of the financial statements of Bouma Group, Inc. Retirement Plan ("Plan") as of and for the year ended March 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not extend to the certified investment information summarized in Note 4 to those financial statements and did not include a consideration of internal control relating to that information. The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and that the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

A reportable finding is an identified instance of noncompliance or suspected noncompliance with laws or regulations in accordance with AU-C section 250, *Consideration of Laws and Regulations in an Audit of Financial Statements*; a finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process in accordance with AU-C section 260, *The Auditor's Communication With Those Charged With Governance*; or an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention in accordance with AU-C section 265, *Communicating Internal Control Related Matters Identified in an Audit*.

We identified the following reportable finding during the audit that we are required to communicate with you:

Improper Deferral of Employee Contributions		Reportable Finding
Observation:	During our audit, Crowe identified an instance where an individual who paid off a loan during the year did not have their correct deferral election withheld for two pay periods due to their weekly deferral amount being inadvertently updated rather than their loan repayment amount.	
Potential Effect:	Employee accounts could be underfunded due to a missing deferral.	
Recommendation:	We recommend that Plan Management ensure they are properly withholding employee deferrals for all eligible employees.	

This communication is intended solely for the information and use of the Plan Administrator and other members of Plan management, and the Plan's regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.
