## Independent Auditors' Report

To the Trustees  
Electric Supply Employee Stock Ownership Plan:

### **Opinion**

We have audited the financial statements of Electric Supply Employee Stock Ownership Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for benefits as of September 27, 2023 (in liquidation) and December 31, 2022 (in liquidation), the related statement of changes in net assets available for benefits for the period ended September 27, 2023 (in liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of September 27, 2023 (in liquidation) and December 31, 2022 (in liquidation), and the changes in its net assets available for benefits for the period ended September 27, 2023 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting**

As further discussed in Note 2(a) to the financial statements, Electric Supply Company of Tampa, LLC, the Plan’s sponsor, was acquired on April 14, 2021. In conjunction with the acquisition, on April 13, 2021, a formal resolution was executed to terminate the Plan effective April 14, 2021. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to that matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### (1) **Description of the Plan**

The following description of the Electric Supply Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Adoption Agreement for a more complete description of the Plan’s provisions.

#### (a) **General**

Electric Supply Company of Tampa, Inc. (the “Company”) established the Electric Supply Employee Stock Ownership Plan effective January 1, 2011. The Plan is designed and intended to qualify as an Employee Stock Ownership Plan as defined in Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended (the “Code”) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In addition, in accordance with Section 54.4975-11(a)(5) of the Treasury Regulations, this plan also forms a portion of a plan which is a stock bonus plan, which is intended to qualify under Section 401(a) of the Code. This plan reflects the applicable provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (“EGTRRA”), the applicable provisions of the Pension Protection Act of 2006 (“PPA 06”), as well as the applicable provisions of the final regulations under Code Section 415 (the Final § 415 Regulations) and the applicable provisions of the Heroes Earnings Assistance and Relief Tax Act of 2008 (“HEART 08”).

On April 9, 2021, Electric Supply of Tampa, Inc. was converted into a limited liability company (LLC). Electric Supply of Tampa, LLC was purchased by Electrical Products Acquiror, LLC on April 14, 2021. The day before the acquisition by Electrical Products Acquiror, LLC, a formal resolution was executed to terminate the Plan effective April 14, 2021. Upon termination of the Plan, no new employees were permitted to enter the Plan.

#### (b) **Administration of Plan Assets**

The Plan’s assets, which consisted of cash, are held by the trustee of the Plan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

#### (c) **Eligibility**

Prior to the termination of the Plan, employees were eligible to participate in the Plan after reaching the entry date (January 1 or July 1) coinciding with or next following the date on which the employee had completed one year of service, with at least 1,000 hours of service.

Upon termination of the Plan on April 14, 2021, the Plan was frozen and no new employees were permitted to participate in the Plan.

#### (1) Description of the Plan - Continued

##### (d) Payment of Benefits

Prior to the termination of the Plan, distributions on account of death, disability, or retirement with an account balance exceeding \$5,000 were made in equal annual installments over a five year period. In the event of separation of employment due to death, disability or normal retirement age, and the account balance was less than \$5,000, one lump sum distribution shall be made. In the event of separation of employment due to termination, and the account balance was greater than \$5,000, distribution shall occur once the participant incurs a four year break in service. Distribution will be made in equal annual installments over a five year period, with the same additional clauses for other distributions for participants with a balance greater than \$5,000. In the event of separation of employment due to termination and the account balance is less than \$5,000, the distribution shall be made in a lump sum as soon as possible after the close of the plan year in which termination occurs. Participants are only allowed to receive distributions in cash.

After termination of the Plan effective April 2021, participants were allowed to request 80% liquidation of the participants account balance with the remaining 20% to be distributed once a favorable determination letter was approved by the Internal Revenue Service. Approval was received on April 18, 2023 and full distribution was made from the participants accounts. The Plan was fully liquidated on September 27, 2023.

##### (e) Plan Termination

Effective April 14, 2021, as a result of the acquisition of the plan sponsor by another entity, the Board of Trustees of the Plan elected to terminate the Plan subject to the provisions of ERISA. Accordingly, participants became fully vested in their account balances. See Note 1 for further information.

##### (f) Participant Accounts

Prior to termination, the Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant's account was credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who were eligible employees of the Company as of the last day of the plan year would receive an allocation. Company contributions were allocated to participant accounts based on a participant's eligible compensation, relative to total eligible compensation for the plan year.

##### (g) Vesting

As a result of the termination of the Plan on April 14, 2021, all participants were 100% vested in their account balances.

### (1) Description of the Plan - Continued

#### (h) Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Prior to the plan termination, participants who were at least age 55 with at least 10 years of participation in the Plan may have elected to diversify a portion of their account within ninety days after the close of each plan year. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant may have diversified up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elected to diversify receive a cash distribution.

### (2) Summary of Significant Accounting Policies

#### (a) Basis of Accounting

In accordance with accounting principles generally accepted in the United States of America ("US GAAP"), the Plan uses the liquidation basis of accounting for financial reporting purposes as of September 27, 2023 and December 31, 2022.

#### (b) Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### (c) Operating Expenses

Prior to the termination of the Plan, normal brokerage charges, which were included in the cost of securities purchases (or charged to proceeds in the case of sales), were to be paid by the Plan. The Plan paid all costs of administering the Plan, unless such expenses are paid by the Company. For the period ended September 27, 2023, all expenses were paid by the Company.

#### (d) Payment of Benefits

Benefits are recorded when paid.

#### (e) Concentration of Credit Risks

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist of cash. As of December 31, 2022, substantially all of the Company's cash balance was deposited with what management believes to be high-quality financial institution. The balance in this account may exceed the federal deposit insurance limit at times throughout the year. The Company has not experienced any losses in such accounts and management believes it is not exposed to any significant risk of loss.

## ELECTRIC SUPPLY EMPLOYEE STOCK OWNERSHIP PLAN

### Notes to Financial Statements - Continued

(3) **Party-in-Interest Transactions**

The Company is the plan sponsor as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

(4) **Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated April 3, 2014, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

During 2021, the Company submitted a formal request to the Internal Revenue Service for a determination letter related to the proposed termination of the Plan. A favorable determination letter was received on April 18, 2023, indicating the termination would not impact the tax status of the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of September 27, 2023 and December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) **Subsequent Events**

The Plan has evaluated subsequent events through January 22, 2024, the date the financial statements were available to be issued.
