Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of The Evergreen School 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and the Plan's Custodian did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Amanda O'Rourke, CPA
Matt Smith, CPA
Claire Chow, CPA
Jason Mallon, CPA
Andrew Van Ness, CPA

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Auditor's Report on the 2022 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of June 30, 2022. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution.

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and the Plan's Custodians did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements had been affected by these conditions.

Our audit report, dated January 23, 2023, indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not, express an opinion on the 2022 financial statements.

THE EVERGREEN SCHOOL 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of The Evergreen School 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of The Evergreen School (the School). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant loans are not allowed under this Plan.

Custodian and Administrator of the Plan

The custodian of the Plan is TIAA and CREF. The administrator of the Plan is the School. TIAA and CREF provides recordkeeping services to the Plan. The custodian holds all the assets of the Plan in accordance with the service provider contracts with the School.

Eligibility

Employees of the School, unless excluded, are eligible to make voluntary salary reduction contributions to the Plan upon their date of hire. Employees excluded from participating in the Plan include employees who normally work less than 20 hours per week. Active participants in the Plan are eligible to receive employer contributions from the School.

Contributions

Participant Contributions – Participants can contribute up to 100% of their pretax annual compensation, as defined by the Plan, subject to federal statutory limitations. Participants are also allowed to contribute amounts representing distributions from other qualified plans (rollovers from other qualified plans). The Plan also allows employees to make catch up contributions for those who are 50 years of age or older, as well as qualified organization catch up contributions for those who have at least 15 years of service. Catch up provisions are described in further detail in the Plan document.

Employer Contributions – For the year ended June 30, 2023, the School matched participant contributions at a rate of 100% up to 7% of eligible compensation for each eligible participant.

Contributions are subject to certain other limitations in accordance with the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the School's contributions and (b) Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant eligible compensation, participant contributions, or account balances, as defined.

THE EVERGREEN SCHOOL 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

Participants direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee and employer contributions are immediately 100% vested.

Payment of Benefits

Upon termination of service due to retirement, disability, termination of employment, or death, participants or their designated beneficiaries may elect to receive either a lump-sum, annual installments, or an annuity settlement option equal to the value of the participant's vested interest in his or her account. Account balances under \$1,000 will be paid in a lump-sum payment.

Distributions are generally only allowed after termination of employment with the School; however, distributions can be made during a participant's employment upon attainment of age 59½ as defined within the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies

Annual Reporting Requirements

Prior to January 1, 2009, TIAA and CREF maintained records at a contract, not Plan level. TIAA and CREF, a contracted Plan administrator, administratively decided not to maintain accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As such, TIAA and CREF has not been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

THE EVERGREEN SCHOOL 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value, see Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Administrative expenses related to the operation and maintenance of the Plan and certain investment and transaction fees are paid by the Plan. Additionally, the School pays certain expenses of the Plan including fees for the annual audit of the Plan. Expenses paid by the School are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through the date these financial statements were available to be issued, which was January 17, 2024.

Note 3 – Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2023
- Investment information included in the schedule of assets (held at end of year) as of June 30, 2023 as shown on the ERISA-required supplemental schedule.

THE EVERGREEN SCHOOL 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4 – Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted market prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at June 30, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued using Level 1 inputs.

Other Registered Investment Companies: Valued at the daily closing price as reported by the fund. These investments held by the Plan are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. These investments held by the Plan are valued using Level 1 inputs. In efforts to reduce market timing and excessive trading, participants will not be permitted to make electronic transfers back into the same account through purchase or exchange for 90 days if a purchase, sale, and repurchase within that account is made within a 60-day period, except for the CREF Money Market Account.

THE EVERGREEN SCHOOL 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

Variable Annuity Accounts - TIAA Access Annuities are variable annuity products that are funded through TIAA separate accounts that are registered under the Investment Company Act of 1940 but are not publicly traded. The separate account invests in proprietary and nonproprietary mutual funds through various subaccounts. Subaccount unit values are calculated daily and are available on the TIAA and CREF website. The underlying investments are generally priced using market quotations obtained from independent pricing services. The TIAA Access Annuities are reported at the NAV as a practical expedient to measuring fair value. There are no trading restrictions or unfunded commitments related to the TIAA Access Annuities.

Pooled Separate Accounts - Accumulation units in these accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange is open for business. The unit values are calculated each day and are posted at the TIAA website. The value of the investments is generally derived from the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. These investments are classified within Level 2 of the fair value hierarchy.

Non-Fully Benefit-Responsive Investment Contracts - Non-fully benefit-responsive investment contracts represent investments in fixed annuity contracts with TIAA. Fair value is determined using the discounted cash flow method, which is approximated by contract value. These investments are classified within Level 3 of the fair value hierarchy. See Note 5.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's assets that have been measured at fair value on a recurring basis as of June 30, 2023 and 2022, and indicate the classification by level of inputs within the fair value hierarchy described above:

Tiaa Traditional Annuity Contracts Retirement Annuities	\$ 2,733,559	\$ 2,576,220	Discounted cash flow	Risk-adjusted discount rate applied	3.00% to 6.50%

Note 5 – Investment in Fully Benefit-Responsive Investment Contracts

As discussed in Note 4, fixed annuity contracts consist of investment options known as the TIAA Traditional Annuity Contracts (fixed annuity). Fixed annuity contracts are established between the participants and TIAA. The investment options offered by the Plan are commonly known as the Retirement Annuity (RA), Retirement Choice (RC), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA). The return of fixed annuity contributions plus interest to participants is subject to TIAA's claims paying ability.

Fixed annuity contracts are credited with a minimum rate of interest that is determined annually. Participants may also earn interest in addition to the guaranteed rate at the discretion of TIAA. Such discretionary interest, if any, is declared by TIAA on a year-by-year basis and remains in effect for the subsequent twelve-month "declaration year".

Contributions to the fixed annuity accounts are grouped by TIAA into "vintages" comprised of premiums received over defined time periods or one or more contiguous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA's general account.

THE EVERGREEN SCHOOL 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

During the year ended June 30, 2023, the crediting rates of the fixed annuity contracts were as follows:

RA	5.85% - 6.25%
RC	6.10% - 6.50%
SRA	5.10% - 5.50%
GSRA	5.10% - 5.50%

RA account balances may only be withdrawn over 10 annual installments. RC account balances may require withdrawals in installments and may only be allowed at certain points in time. RAs and RCs are not considered to be fully benefit-responsive investment contracts as defined by ASC 960 because this provision is considered to restrict participants "reasonable access" to their contract balances.

SRAs and GSRA are considered fully benefit-responsive investment contracts because they are fully liquid and immediately cashable once a participant terminates employment with the School.

Note 6 – Related Party and Party-in-Interest Transactions

Certain plan investments consist of investments managed or sponsored by TIAA and CREF for the Plan years ended June 30, 2023 and 2022. TIAA and CREF is the service provider of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants would remain 100% vested in any employer contributions.

Note 8 – Income Tax Status

The Plan received an advisory letter dated March 31, 2017, for the volume submitter plan. The Plan has since been amended; however, in the opinion of the Plan administrator, the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 9 – Plan Transfer

During the year ended June 30, 2023, assets were transferred to Empower Retirement (a prior custodian of the Plan). These assets totaling \$10,511 are shown as a transfer out of the plan on the statement of changes in net assets available for benefits.
