11. Rationale For Assumptions:

Many actuarial assumptions used in this report are prescribed by the IRS. The selection of non-prescribed assumptions is based on the actuary's best estimate of future expectations based on the examination of recent actual results compared to expectations, periodic experience studies, Society of Actuaries mortality studies, and any reasonably certain information about future expected plan changes.

12. Changes Since Last Year:

The mortality table and segment rates were updated to 2023 in accordance with IRS regulations.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
