Senior Resource Association 403(B) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Senior Resource Association 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2022 and 2021, and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SENIOR RESOURCE ASSOCIATION 403(B) PLAN

Notes to Financial Statements

June 30, 2022

(1) Description of Plan

The following description of the Senior Resource Association 403(B) Plan (the Plan) is provided for general informational purposes only. Plan documents should be referred to for a complete description of the Plan's provisions.

(a) General Information

Senior Resource Association, Inc. (Sponsor) adopted a 403(b) Plan effective January 1, 1985 to provide employees with the opportunity to save for retirement on a tax advantaged basis. As defined in the Plan's Adoption Agreement, an employee becomes an eligible participant on or after the employee's first day of employment. There is no minimum age for Plan eligibility. As of June 30, 2022, employees who work less than 20 hours per week are considered excluded employees and are not entitled to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustee is CUNA Mutual Retirement Solutions (CUNA). CUNA also serves as recordkeeper for the Plan.

The Plan's eligible participants exceeded 100 for the first time during the year ended June 30, 2022, thereby requiring an initial audit under ERISA regulations. Accordingly, the Plan has presented comparative statements of net assets available for benefits as June 30, 2022 and 2021, and a single year presentation for the statement of changes in net assets available for benefits for the year ended June 30, 2022.

(b) Contributions

As a participant under the Plan, the participant may elect to reduce their compensation by a specific amount as the amount of their elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, as well as catch-up contributions as provided for in the Internal Revenue Code. The Plan allows for Pre-Tax Deferrals and Roth Deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

Total contributions for 2022 with respect to an individual participant cannot exceed \$20,500 each year, per Internal Revenue Service regulations. Participants age 50 and over may make additional catch-up contributions, subject to certain limitations pursuant to Section 414(v) of the Internal Revenue Code. Earnings from the tax-deferred contributions accumulate in the Plan tax free. After three months of service, the Sponsor provides matching contributions to each participant's account equal to 100% of deferrals that do not exceed 3% of the compensation plus 50% of the elective deferrals between 3% and 5% of the participant's compensation.

(Continued)

SENIOR RESOURCE ASSOCIATION 403(B) PLAN

Notes to Financial Statements

The Plan also allows for safe harbor discretionary non-elective employer contributions for non-highly compensated employees, as defined in the Plan agreement, although no such contributions were made during 2022.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, Sponsor contributions, and investment earnings, and charged with participant's withdrawals, investment losses, and an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately and fully vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested at the normal retirement age of 65, death, disability, and six years of credited service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of \$50,000, up to 50% of their vested account balance. All loans have a definite repayment period, not to exceed 5 years, or 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate of 4.25% during 2022, which were commensurate with rates charged for similar types of loans by other lenders as determined by the plan administrator. Loan repayments are made by payroll deductions and as loans are repaid, the repayments are re-invested in the participant's investment accounts.

(f) Payment of Benefits

Distribution of a participant's interest in the Plan may occur upon the participant's death or separation from employment by the Sponsor. Distributions may also occur to alleviate a participant's severe and immediate financial hardship. Participants may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

(Continued)

SENIOR RESOURCE ASSOCIATION 403(B) PLAN**Notes to Financial Statements**

The Plan allows for in-service withdrawals from a participant's deferral contributions account upon attainment of age 59 ½. Terminated participants with a vested balance of less than \$5,000 will have their balance automatically paid to them. If the terminated participant has a vested balance exceeding \$5,000, the participant must fill out a distribution form.

(g) Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures may be utilized to reduce Plan expenses or the Sponsor's matching contributions for the following Plan year. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be restored. At June 30, 2022, forfeited nonvested accounts totaled \$-0-.

(2) Summary of Significant Accounting Policies**(a) Basis of Accounting**

The Plan's financial statements are prepared using the accrual basis of accounting which recognizes additions to net assets when earned and deductions to net assets when incurred.

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Investment income includes realized gains and losses on investments sold during the year, net appreciation on unrealized gains and losses on investments held, interest income, and dividend income. Investment income is recorded on the accrual basis.

(c) Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

(d) Payment of Benefits

Benefits are recorded when paid.

(Continued)

SENIOR RESOURCE ASSOCIATION 403(B) PLAN

Notes to Financial Statements

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting period. Actual results could differ from those estimates.

(f) Risks and Uncertainties

The Plan invests in various investment funds that are subject to various risks that determine the value of the fund. Due to the level of risk associated with certain financial instruments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participant's account balances and the value of investments reported in the financial statements.

(3) Certified Investments (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2022 and 2021, and interest and dividends, net appreciation in fair value of investments for the year ended June 30, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company and Symetra Life Insurance Company.

Investments as of June 30, 2022 and 2021 are participant-directed and consist of the following:

	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 1,084,075	1,145,758
Guaranteed investment contracts:		
CMFG Life Stable Value Fund	15,468	9,979
Preference Flexible Premium Fixed Annuity	35,655	46,964
Spinnaker Variable Annuity	7,249	19,314
Qualified Pension Annuity Series III	<u>7,266</u>	<u>6,964</u>

(Continued)

SENIOR RESOURCE ASSOCIATION 403(B) PLAN

Notes to Financial Statements

(4) *Investment Contracts*

Guaranteed annuity contracts and guaranteed investment contracts may be considered to be fully benefit-responsive. The Plan has several investments as described below:

The CMFG Life Stable Value Fund is a fully benefit-responsive investment contract with CMFG Life Insurance Company (CMFG). The average yield earned by the account and credited to participants was 1.35% as of June 30, 2022. During the year ended June 30, 2022, interest income of \$156 was earned by the account. The Plan Administrator does not consider this to be a fully benefit-responsive investment therefore this investment is presented at fair value.

The Preference Flexible Premium Fixed Annuity is a nonbenefit-responsive investment contract with Symetra Life Insurance Company (Symetra). The average yield earned by the account and credited to participants was 3% as of June 30, 2022. During the year ended June 30, 2022, interest income of \$1,083 was earned by the account. The Plan Administrator does not consider this to be a fully benefit-responsive investment therefore this investment is presented at fair value.

The Spinnaker Variable Annuity is a nonbenefit-responsive investment contract with Symetra Life Insurance Company. The average yield earned by the account and credited to participants was 2% as of June 30, 2022. During the year ended June 30, 2022, interest income of \$327 was earned by the account. The Plan Administrator does not consider this to be a fully benefit-responsive investment therefore this investment is presented at fair value.

The Qualified Pension Annuity Series III is a nonbenefit-responsive investment contract with Symetra Life Insurance Company. The average yield earned by the account and credited to participants was 4.34% as of June 30, 2022. During the year ended June 30, 2022, interest income of \$302 was earned by the account. The Plan Administrator does not consider this to be a fully benefit-responsive investment therefore this investment is presented at fair value.

(5) *Fair Value of Investments*

The Plan follows the provisions of the Fair Value Measurements and Disclosures Topic of the FASB ASC, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

(Continued)

SENIOR RESOURCE ASSOCIATION 403(B) PLAN

Notes to Financial Statements

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contracts – The guaranteed investment contracts cannot be sold to a third party; thus, the only option to exit the guaranteed investment contracts is to withdraw the funds prior to maturity. This fair value is determined by comparing current market interest rates to the interest rate on the account and adjusting for the number of years until the maturity date. These accounts are not fully benefit-responsive and as such are reported at fair value. Since guaranteed investment contracts are not traded on an open market and public prices are not available, the general classification of such items is within the Level 3 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

SENIOR RESOURCE ASSOCIATION 403(B) PLAN

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,084,075	—	—	1,084,075
Guaranteed investment contracts	—	—	65,638	65,638
Total assets at fair value	\$ <u>1,084,075</u>	<u>—</u>	<u>65,638</u>	<u>1,149,713</u>
2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,145,758	—	—	1,145,758
Guaranteed investment contracts	—	—	83,221	83,221
Total assets at fair value	\$ <u>1,145,758</u>	<u>—</u>	<u>83,221</u>	<u>1,228,979</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period.

Due the year ended June 30, 2022, there were no transfers, purchases or issues for assets classified in Level 3, and there were no transfers between levels.

(6) *Party-in-Interest Transactions*

Certain Plan investments are shares of mutual funds managed by CUNA, Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The Plan paid administrative expenses to CUNA for investment management services. These expenses amounted to \$10,964 for the year ended June 30, 2022, and are recorded within administrative expenses.

(7) *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants are entitled to receive a distribution equal to their account balance on that date.

SENIOR RESOURCE ASSOCIATION 403(B) PLAN

Notes to Financial Statements

(8) *Tax Status*

The Plan has adopted a prototype plan provided by CMFG Life Insurance Company. The Trustee received its latest determination letter dated March 31, 2017 in which the Internal Revenue Service (IRS) states that the prototype plan document satisfies the applicable requirements of the Internal Revenue Code (IRC) and is exempt from federal income taxes. The Plan is subject to routine audits by various taxing jurisdictions. The Plan's open audit periods are 2019 through 2022.

(9) *Reconciliation of the Financial Statements to Form 5500*

Contributions receivable are reflected in the financial statements for the year in which they relate and in the Form 5500 when received. Excess contributions payable are reflected in the financial statements for the year in which they relate and in the Form 5500 when paid. The difference in the accounting for these contributions receivable and excess contributions payable between the financial statements and the Form 5500 are reconciled in the following tables.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at June 30, 2022:

	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 1,153,641
Less participant contribution receivable	<u>(2,140)</u>
Net assets available for benefits per Form 5500	\$ <u>1,151,501</u>

The following is a reconciliation of employer's contributions per the financial statements to Form 5500 for the year ended June 30, 2022:

	<u>2022</u>
Participant's contributions per the financial statements	\$ 142,205
Less participant contribution receivable at end of year	<u>(2,140)</u>
Participant's contributions per the Form 5500	\$ <u>140,065</u>

(10) *Subsequent Events*

In preparing these financial statements, management has evaluated subsequent events and transactions for potential disclosure through January 3, 2024, the date the financial statements were available to be issued.

Effective April 1, 2023, the Sponsor amended the Plan to remove provisions excluding certain classes of employees and to automatically enroll employees in the Plan with a 3% deferral percentage upon meeting eligibility requirements.
