INDEPENDENT AUDITORS' REPORT

To the Trustees
Pinch Flatbed, Inc. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pinch Flatbed, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Pinch Flatbed, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended March 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pinch Flatbed, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pinch Flatbed, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pinch Flatbed, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pinch Flatbed, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
March 31, 2023 and 2022

Note 1 – Description of the Plan

The following brief description of the Pinch Flatbed, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

A. General

The Plan is a defined contribution plan established effective April 1, 2003 covering substantially all employees of the Company who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Directors is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s participants. Participants are automatically enrolled in the Plan unless they make an election to the contrary. There is no minimum service requirement to enter the Plan. Participants may enter the Plan on the first day of the month following completion of the eligibility criteria.

B. Contributions

Each year, participants may contribute, pretax, up to a specified dollar amount determined by the Internal Revenue Service, as defined in the Plan. Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Company also makes safe harbor matching contributions equal to 100% of elective deferral contributions that are not over 3% of pay, plus 50% of elective deferral contributions which are over 3% but are not over 5% of pay. Participants direct the investment of their contributions and the Company matching contribution into various investment options offered by the Plan.

C. Participant accounts

Each participant’s account is credited with the participant’s contributions, Company safe harbor contributions and an allocation of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

D. Vesting of Benefits

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after two years of credited service and continues to vest in increments of 20 percent until 100 percent vested after six years of credited service.

E. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant’s vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Notes to Financial Statements
March 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

F. *Forfeitures*

At March 31, 2023 and 2022, forfeited non-vested accounts totaled \$1 and \$5,539, respectively. These accounts will be used to reduce future employer contributions.

G. *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1-5 years, or up to 15 years for the purchase of a primary residence. The loans are secured by the participant's account balance and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator at origination. Interest rates are 1% over prime. Principal and interest is paid ratably through bi-weekly payroll deductions. Interest rates range from 4.25% to 9.00%.

Note 2 – Summary of Significant Accounting Policies

A. *Basis of Presentation*

The Financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan that are fully benefit responsive are required to be reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit responsive investment contracts.

B. *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of March 31, 2023 or 2022.

D. *Investment Valuation and Income Recognition*

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Note 2 – Summary of Significant Accounting Policies (*continued*)

D. *Investment Valuation and Income Recognition (continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if applicable, are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. *Payment of Benefits*

Benefits are recorded when paid.

F. *Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

G. *Subsequent Events*

The Plan has evaluated subsequent events through January 19, 2024 the date the financial statements were available to be issued.

Note 3 - Plan Advisory Committee and Custodian

The Plan provides for selection of an Administrative Committee and Custodian by the Board of Directors of the Company. The Administrative Committee is responsible for the administration of the Plan. Nationwide Trust Company, FSB administers the Trust Fund, which consists of all assets owned by the Plan. Nationwide Trust Company, FSB has been granted full authority concerning purchases and sales of investments of the Plan's assets. Nationwide Trust Company, FSB is the Custodian of all the Plan's investments.

Note 4 - Information Certified by Custodian (Unaudited)

The following is a summary of the unaudited information regarding the Plan that was prepared by Nationwide Trust Company, FSB, the Custodian of the Plan. The Plan Administrator obtained certifications from the Custodian that such information is complete and accurate.

Note 5 – Fair Value of Plan Assets

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at net asset value.

Pooled separate accounts: Valued at the Net Asset Value (NAV), as provided by the insurance company who holds the pooled separate account. These funds are considered open-end mutual funds, meaning that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAV's are received daily from fund managers, and the managers stand ready to transact at these quoted amounts. Were the plan to initiate a full redemption of the trust, the insurance company custodian (Nationwide Life) reserves the right to temporarily delay payment from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The insurance company custodian (Nationwide Life) transacts in these funds on a daily basis as part of the separate account trading activity. The calculation of the NAV for funds composed of other funds (e.g., retirement target date funds) is essentially the same as the calculation of the NAV for any other fund: the total market value of assets across all underlying funds less any liabilities is divided by the outstanding shares. Again, this resulting NAV is published and/or the fund managers are ready to transact at the quoted prices.

Money market funds: Money market funds are classified in Level 1 of the fair value hierarchy as fair value is based on quoted prices in active markets for identical securities.

Note 5 – Fair Value of Plan Assets (continued)

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC 820 fair value hierarchy in which the fair value measurements fall at March 31, 2023 and 2022:

		Fair Value Measurements Using		
	<u>Total</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
At March 31, 2023				
Investments measured at net asset value ^(a)	\$ 1,590,349			
Investments at fair value	<u>\$ 1,590,349</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
At March 31, 2022				
Investments measured at net asset value ^(a)	1,272,813			
Investments at fair value	<u>\$ 1,272,813</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

^(a)In accordance with Subtopic 820-10, certain investments that are measured at fair value using net asset value per share practical expedient have been excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 6 – Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contracts with Nationwide Trust Company, FSB at March 31, 2022. The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Investment contracts held by a defined contribution plan that are fully benefit responsive are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

PINCH FLATBED, INC. 401(k) PLAN
Notes to Financial Statements
March 31, 2023 and 2022

Note 6 – Guaranteed Investment Contract with Insurance Company (*continued*)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at March 31, 2023 and 2022, was \$3,487 and \$5,809, respectively. The contract value of the investment contract at March 31, 2023 and 2022 was \$3,946 and \$5,977, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events for example, divestitures or spin-offs of a subsidiary that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that no events are probable of occurring that would limit the Plan's ability to transact at contract value with participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Nationwide is contractually obligated to pay principal and a specified interest that is guaranteed by the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.73%. Such interest rates are reviewed on a quarterly basis for resetting.

Note 7 – Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by the Trustees, and therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. With respect to the Plan's investment in mutual funds, the mutual fund company is considered to be a service provider to the Plan, and as such, is considered a party-in-interest. Fees incurred by the plan for the investment management, recordkeeping and audit services are charged to the plan participants on a pro rata basis. The Plan Sponsor pays directly any other fees related to the plan's operations. Certain fees of administering the Plan are paid to the Trustee by the Plan. These transactions qualify as exempt party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

PINCH FLATBED, INC. 401(k) PLAN
Notes to Financial Statements
March 31, 2023 and 2022

Note 8 - Termination of the Plan

Although the Company has not expressed any intention to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan.

Note 9 – Tax Status

The Plan is using a prototype plan dated May 1, 2002. The prototype plan most recently received an opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the form of the Plan document was acceptable under the applicable requirements of the Internal Revenue Code. The Plan has been amended since that letter. However, the Plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a lax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
