Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Brandon and Clark, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Brandon and Clark, Inc. 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended September 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2022, and 2021, and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets(Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Brandon & Clark, Inc. 401(k) Plan
Notes to Financial Statements
September 30, 2022

1. General

The following brief description of the Brandon & Clark, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's Provisions.

General – The Plan, originally effective on January 1, 1985, and amended and restated effective October 1, 2015, is a defined contribution plan covering substantially all of the employees of Brandon & Clark, Inc. (Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility – Employees are eligible for participation in the Plan after completing one hour of service within the three month time period following date of hire and attainment of age 20. Plan entry dates are the first day of the Plan Year quarter coinciding or following the date on which eligibility requirements are met.

Contributions – Under the Plan, the participant and the Employer are both allowed to make contributions. The participants are allowed to contribute a portion of their salary to the Plan subject to those limitations provided for in Section 401(k) of the Internal Revenue Code. Employees can contribute to a pre-tax deferral account or to a Roth deferral account. The Employer makes matching contributions for an amount calculated using a discretionary matching percentage, that the Employer from time to time may deem advisable, of each participant's eligible contributions not to exceed three percent of the participant's annual compensation. The Employer contribution is allocated each payroll period.

Participant Accounts – Each participant has two accounts, with each account designed for participant contributions and Employer contributions, respectfully. Participant contribution accounts are credited with the participant's contributions and the earnings of the specific investment vehicles selected. Participants may self-direct their contributions to interest bearing deposits and mutual funds.

The Employer contribution accounts are credited with the Employer's matching contribution and an allocation of the Employer's discretionary contribution and forfeitures of terminated participants' non-vested accounts. Employer's discretionary contributions if any are allocated based on each participant's interest in the Plan. Participants may also self-direct the Employer account to interest bearing deposits and mutual funds.

Vesting – Each participant's Employer contribution account vests at a rate of 0% per year for the first year and 20% per year thereafter until fully vested after six years. Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

If a participant dies or becomes disabled, the participant's accrued benefit derived from Employer contributions becomes 100% vested without regard to the above schedule. In the event of full or partial termination of the Plan, an affected participant's rights to the accrued benefit shall be 100% non-forfeitable. The Plan can be terminated at the discretion of the Employer.

At September 30, 2022, the participant's vested interest amounted to approximately \$14,678,145.

Forfeitures – At September 30, 2022 and 2021, forfeited non-vested accounts totaled \$24,587, and \$25,623, respectively. These accounts will be used to reduce employer contributions.

Payment of Benefits – Distribution will be made on the first administratively practicable distribution date and upon attainment of age 59 ½. A participant may receive distributions prior to separation of service after normal retirement age is reached. Participant contributions are paid out in a lump sum payment. If the participant's vested balance in the Employer contributions is less than \$5,000, a lump sum payment is made after separation of service. If the participant's vested balance in the Employer contributions is greater than \$5,000, a lump sum payment is made when the participant reaches early retirement age or subject to other various options defined by the plan. If the participant dies prior to receiving all benefits under the Plan, the balance of the participant's account is paid to the beneficiary.

Participant Loans – Participants are permitted to borrow pursuant to a written loan policy. In making loans, the administrator applies standards such as any other lender would apply, such as creditworthiness, collateral, and general ability to repay. All loans are to be repaid through after-tax payroll deductions and bear interest ranging from 4.25% to 4.50% with maturities ranging from October 2022– September 2026. Loans are limited to 50% of the participants nonforfeitable account balance and may not be made for an amount less than \$1,000 nor for more than \$50,000. Interest income is recognized as it is earned. Because of the limitations on loan amounts and the manner of repayment, no allowance is made for uncollectible loans.

Administration – Sentry Life Insurance Company has been contracted by the plan as the plan administrator, record keeper, and as investment manager custodian of the Plan, subject to an agreement dated July 1, 2010. The investment fund options include various mutual funds with various levels of investment risk and levels of earnings. Participants select investments from a variety of the above mentioned funds. Participants may change their investment selection at any time by contacting Sentry Life Insurance Company. Plan expenses are absorbed by Brandon & Clark, Inc. In the event that Brandon & Clark, Inc. decides to terminate the Plan in its entirety, the participants become 100% vested in employer contributions.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

Valuation of Investments

FASB ASC 958-205-45, establishes a framework for using fair value to measure assets and liabilities, and expands disclosures about fair value measurements. The Statement establishes a hierarchy that prioritizes the inputs used in measuring fair value such that the highest priority is given to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at the fair value as of September 30, 2022, and 2021:

Assets at Fair Value as of September 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$9,672,050	-	-	\$9,672,050
Investments at Fair Value	<u>\$9,672,050</u>	<u>-</u>	<u>-</u>	<u>\$9,672,050</u>

Assets at Fair Value as of September 30, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$14,322,638	-	-	\$14,322,638
Investments at Fair Value	<u>\$14,322,638</u>	<u>-</u>	<u>-</u>	<u>\$14,322,638</u>

Participant loans are valued using Level 3 inputs and are valued at cost, unless there is an impairment. No impairments existed at September 30, 2022.

A reconciliation of participant loan activity for the year ending September 30, 2022, is as follows:

Loan Balance Beginning of Year	\$ 728,163
Advances	339,965
Repayments	<u>(348,246)</u>
Loan Balance End of Year	<u>\$ 719,882</u>

The Company absorbs substantially all of the costs of operating the plan.

The Company has established the Plan with the intention that it will continue. The Company has the right at any time to terminate the Plan. The value of the participants' accounts would be distributed to the participants in a manner consistent with the Summary Plan Document.

The above descriptions are provided for informational purposes. Readers should refer to the most recently updated Summary Plan Document for more complete information on Plan provisions both before and after the noted Plan changes.

3. Investments

Investments representing five percent or more of the Plan's net assets at September 30, 2022, consisted of the following:

Sentry Life Insurance Company Fund	Investment Balance	% of Plan
Guaranteed Fund	\$ 4,409,901	29.79%
Large Cap Index Account	\$ 796,551	5.38%
2025 Target Retirement Account I	\$ 2,532,459	17.11%
2035 Target Retirement Account I	\$ 1,136,858	7.68%
2045 Target Retirement Account I	\$ 1,147,939	7.76%
	\$ 10,023,708	67.72%

The Plan's investments appreciated (depreciated) in fair value during 2022, as follows:

Unrealized Appreciation (Depreciation)	<u>(\$2,347,868)</u>
Net Appreciation (Depreciation)	<u>(\$2,347,868)</u>

4. Income Tax Status

The Plan is operated by Brandon & Clark, Inc. The Plan operates as a qualified plan of an organization under Section 401(a) of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to October 1, 2018.

5. Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Sentry Life Insurance Company. Sentry Life Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based upon a formula agreed upon with the issuer, but may not be less than .50%. Such interest rates are reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value as reported to the Plan by the insurance company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at September 30, 2022 and 2021, was \$4,409,901, and \$4,577,757, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that would limit the ability of the Plan to transact at contract value with the participants.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty. The Plan assets are not covered under any collateralization agreements or other credit risk mitigating financial arrangements.

7. Information Certified by the Trustees (Unaudited)

As of September 30, 2022, the Plan's investments were held by Trustees. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Investments at September 30, 2022, as reported by the custodians is summarized as follows:

Investments at Fair Value	\$9,672,050
Investments at Contract Value	4,409,901
Loans to Participants	<u>719,882</u>
	\$14,801,833

Income to the Plan for the year ending September 30, 2022, is as follows:

Net Depreciation in Fair Value of Instruments	\$(2,347,868)
Interest, Dividends, and Other Investment Income	<u>128,353</u>
	\$(2,219,515)

8. Reconciliation to Form 5500

The following is reconciliation of the Form 5500 to the financial statements:

Net Assets available for Benefits per Form 5500	\$14,801,833
Additional Corrective Distributions Subsequent to Testing	<u>7,935</u>
Net Assets available for Benefits Per Financial Statements	<u>\$14,793,898</u>

9. Delay in Completion of Audit

The audit of the Brandon and Clark 401(K) Plan's financial statements for the year ended September 30, 2022, was completed later than the due date of July 17, 2023. Management of the plan did not complete the certification of census data to the third-party administrator until September 28, 2023. This delayed the ability of the auditor to complete certain portions of the required testing.

Subsequent Events

There are no subsequent events to report. Subsequent events were evaluated through October 31, 2023, which is the date the financial statements were available to be issued.
