INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Open Space Labs, Inc. 401(k) Plan
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Open Space Labs, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Open Space Labs, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Open Space Labs, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Open Space Labs, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Open Space Labs, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Open Space Labs, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2021 Financial Statements

Plan management is responsible for the accompanying 2021 financial statement of Open Space Labs, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2021, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion nor provide any form of assurance on these financial statements as of December 31, 2021.

Open Space Labs, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 (Audited) and December 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of Open Space Labs, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan a defined contribution plan sponsored by Open Space Labs Inc (the "Company" or "Employer", or "Plan Sponsor"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 2018, and restated effective July 1, 2022. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES") Act, related to participant loans and distributions. The Plan Sponsor has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Company has contracted with Reliance Trust Company (the "Custodian") to provide custodial services and ADP Retirement Services (ADPRS) to provide record-keeping and administrative services.

Eligibility

All employees of the Company who have attained the age of 21 are eligible to participate in the Plan upon hire, except nonresident aliens and residents of Puerto Rico.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants may elect to contribute through payroll deductions up to 90% of their annual compensation as defined in the Plan, on a pre-tax or after-tax (as Roth) basis, up to a maximum amount allowed by the IRC. Participants who have attained the age of 50 before the close of the Plan year may make an additional catch-up contribution, up to a maximum amount allowed by the IRC. Participants may make rollover contributions received from other tax-qualified retirement plans.

Employer contributions

The Company makes safe harbor matching contributions equal to 100% of a participant's deferrals up to the first 4% of eligible compensation contributed to the Plan. The Company may also elect to make additional discretionary matching contributions and discretionary nonelective contributions to eligible employees employed by the Company at the end of the year. There were no additional matching contribution or discretionary nonelective contributions made in 2022.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Company contributions, if any, and Plan earnings, and charged with Plan losses and an allocation of administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited accounts

Forfeitures may occur as a result of excess Employer contributions and forfeited non-vested Employer discretionary matching or nonelective contributions. The Plan provides that forfeited accounts may be used to reduce future Employer contributions or to pay Plan administrative expenses. As of December 31, 2022, there were no forfeited nonvested accounts and no forfeitures were used during the year ended December 31, 2022.

Vesting

Participants are immediately vested in their contributions, rollovers, and safe harbor contributions, plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

Vesting in discretionary matching and nonelective employer contributions, plus earnings thereon, is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Notes receivable from participants

Participants may borrow from their accounts a minimum \$500 and up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer than five years. Participant loans are secured by the respective participant's vested interest in his or her account balance. Participant loans bear interest at a rate commensurate with rates charged on instruments with similar characteristics at the time the loan is made. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Participant loans outstanding at December 31, 2022, bear interest at rates ranging from 5.25% to 8.25%, and mature at various dates through December 2025.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, attainment of age 59 ½, financial hardship, disability, qualified reservist being ordered to military active duty, or to a beneficiary upon a participant's death, as defined by the plan documents. If a participant's account balance is less than or equal to \$1,000 upon termination, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Upon termination, balances greater than \$1,000 and less than or equal to \$5,000 will be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan documents.

Hardship and qualified reservist distributions are permitted under limited circumstances if approved by the plan administrator. In addition, the Plan permits in service withdrawals from a participant's vested account upon attaining the age 59½.

1. DESCRIPTION OF THE PLAN (continued)

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments in mutual funds and a collective investment trust fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date (Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Open Space Labs, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 (Audited) and December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Company's contributions, if any, are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Custodian.

Notes receivable from participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the participant loan is determined to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable reflected on the schedule of assets (held at end of year) as of December 31, 2022, ("supplemental schedule").

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)
(continued)

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value within a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- *Level 3* - inputs are unobservable inputs for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2022 and 2021.

- *Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Open Space Labs, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 (Audited) and December 31, 2021

4. FAIR VALUE MEASUREMENTS (continued)

- *Collective investment trust (CIT)* - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 4,954,436</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,954,436</u>
Investments measured at NAV as a practical expedient*				<u>51,582</u>
				<u>\$ 5,006,018</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 1,297,267</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,297,267</u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value to the line items presented in the statements of net assets available for benefits.

5. TAX STATUS

The Plan has adopted the ADP LLC Non-Standardized Pre-Approved Profit Sharing Plan (the "pre-approved plan"). The Internal Revenue Service has issued an opinion letter dated October 6, 2020, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become fully vested in their accounts.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party as defined under U.S. GAAP except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Some fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf.

Certain Plan investments are managed by the Custodian. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

An affiliate of Reliance Trust also earns compensation in the form of short-term interest (or "float") on participant contributions and participant loan repayments following the date these amounts are debited from the Company's bank account, but prior to the date they are forwarded to Reliance Trust. The affiliate will also earn float on withdrawal and distribution checks pending cashing by participants and issued from the Plan. Such amounts earn interest at rates approximating the U.S. Federal Funds Rate.

Add: Participant contributions receivable at December 31, 2021	<u>30,235</u>
Net increase to net assets available for benefits per the 5500	<u>\$ 3,719,247</u>

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through January 22, 2024, the date the financial statements were available for issuance. As of June 1, 2023, the Plan terminated its relationship with the Custodian and ADPRS and entered into a new agreement with Fidelity Management Trust Company to serve as asset custodian and trustee for the Plan and Fidelity Workplace Services to provide recordkeeping services. The Plan also adopted FMR LLC's Non-Standardized Pre-Approved Profit Sharing Plan with CODA as of June 1, 2023. The Plan experienced a partial plan termination subsequent to year end. Any participants that were impacted will be fully vested according the Plan document. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
