Fremont-Rideout Health Group Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fremont-Rideout Health Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of September 8, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits in liquidation for the period January 1, 2023 through September 8, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fremont-Rideout Health Group Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of September 8, 2023 and December 31, 2022, and for the period January 1, 2023 through September 8, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fremont-Rideout Health Group Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter – Plan Termination

As described in Note 1 to the financial statements, on May 31, 2023, the sponsor of Fremont-Rideout Health Group Retirement Plan adopted a resolution to terminate Fremont-Rideout Health Group Retirement Plan, and management determined liquidation is imminent. As a result, Fremont-Rideout Health Group Retirement Plan has presented the 2023 financial statements on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fremont-Rideout Health Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Fremont-Rideout Health Group Retirement Plan Notes to Financial Statements

Note 1 – Plan Description

The following description of the Fremont-Rideout Health Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan was a defined contribution plan covering substantially all employees of Rideout Memorial Hospital (the Organization) and was subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Organization is a controlled group of employers which includes Rideout Memorial Hospital and United-Com-Serve. The Organization was the Plan's sponsor and Adventist Health Retirement Committee (Non-Church) served as plan administrator.

Effective December 31, 2018, the Plan was frozen to new entrants and the Organization discontinued all contributions to the Plan that related to any compensation paid after December 31, 2018.

Plan termination - The Organization elected to terminate the Plan, subject to the provisions of ERISA, effective May 31, 2023 (the termination date). Upon Plan termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of years of vested service. Since participants were vested immediately in all contribution sources including employer and matching contributions effective January 1, 2019, this provision for terminated plans had no impact.

Participants elected various distribution options, including lump sum or annuity payments. Lump sum distributions could be rolled over into an Individual Retirement Account (IRA) or into another qualified plan. All participant distributions were completed during 2023. If management did not receive instructions from the participant, the participant's balance was transferred to the Pension Benefit Guarantee Corporation (PBGC) under a program sponsored by the PBGC. The PBGC is responsible for holding the funds in trust until the participant can be located and the funds distributed to the participant. The Plan had no assets as of September 8, 2023.

Participant accounts – Each participant's account was credited with allocations of plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Participants directed the investment of their account into various investment options offered by the Plan.

Payment of benefits – Prior to plan termination, on termination of service due to death, disability, retirement, or other reasons, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, partial, installment, or annuity payments. A participant who terminated employment with an account balance of \$5,000 or less received an involuntary cash-out distribution subject to the automatic rollover provisions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – In accordance with the Plan’s termination (Note 1), the 2023 financial statements have been prepared on the liquidation basis of accounting and the 2022 financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted (GAAP) in the United States of America.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan’s custodians, Lincoln Financial Group Trust Company, Inc. (Lincoln Trust), and Lincoln National Life Insurance Company (Lincoln Life Insurance), certify the fair market value of the registered investment companies, and the contract value of the stable value account, respectively. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan were paid directly by the Organization and are excluded from these financial statements. Administrative expenses paid by the Plan include distribution fees charged to participants’ accounts and administrative plan fees. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events – The Plan has evaluated subsequent events through December 13, 2023, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Notes to Financial Statements

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation technique used for assets measured at fair value.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that were registered with the U.S. Securities and Exchange Commission.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2022:

	Investment Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 31,935,293	\$ -	\$ -	\$ 31,935,293

Note 4 – Stable Value Account

The Lincoln Stable Value Account was not a segregated fund but was held in the general assets of Lincoln Life Insurance and, as such, the value of this account was derived from the contract provisions. The fixed account portion of the contract generally contained provisions that the issuer would, if required, repay principal at the stated contract value for the purpose of paying benefits (fully benefit responsive).

The Lincoln Stable Value Account held by the Plan met the fully benefit-responsive investment contract (FBRIC) criteria and therefore was reported at contract value. Contract value was the amount participants would have received if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants might have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations.

Certain events might have limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan was terminated (Note 1) and there was no impact on the ability of the Plan to transact at contract value.

Note 5 – Income Tax Status

The plan document was a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the Plan, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan had been amended since receiving the opinion letter, the plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Information Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln Trust and Lincoln Life Insurance, the custodians of the Plan, have certified the completeness and accuracy of the following:

- Investments reflected on the accompanying statements of net assets available for benefits in liquidation as of September 8, 2023 and December 31, 2022.
- Net appreciation in fair value of investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits in liquidation for the period January 1, 2023 through September 8, 2023.

Note 7 – Party-In-Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Plan investments included a stable value fund managed by Lincoln Life Insurance, custodian of the Plan. Therefore, transactions with this entity qualified as exempt party-in-interest transactions.
