Independent Auditors' Report

To the Trustees and Those Charged with Governance
Allied Crawford Steel, Inc. 401(k) Retirement Plan
North Charleston, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Allied Crawford Steel, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Allied Crawford Steel, Inc. 401(k) Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified instituation as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by the custodian agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Allied Crawford Steel, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Allied Crawford Steel, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Allied Crawford Steel, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Allied Crawford Steel, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule H; Line 4a – Schedule of Delinquent Participant Contributions for the plan year ended December 31, 2022 and Schedule H; Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Allied Crawford Steel, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Allied Crawford Steel, Inc. (the "Company") who are age twenty-one or older and have completed ninety days of eligible service. Leased employees, union employees and non-resident aliens are not permitted to participate in the Plan. Part-time, temporary or seasonal employees are only permitted to participate in the Plan after satisfying the 1,000 hour service requirement during the eligibility computation period. Participants may enter the Plan on the first day of the quarter after which the participant meets the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA").

Effective January 1, 2022, the Plan was amended and restated.

Contributions

Each year, participants may contribute up to 90% of eligible pre-tax compensation, as defined in the Plan. Participants who are age fifty or older by the end of the year are eligible to make an additional catch-up contribution to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

At their discretion, the Company may make a contribution to the Plan. For the plan years ended December 31, 2022 and 2021, the Company elected to make a 20% matching contribution of the first 4% of compensation deferred into the Plan for all participants. Effective January 1, 2021, the Plan was amended to remove the service requirement for eligibility to receive discretionary employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations of Company's contributions are based on a match of participant deferral contributions. Allocations of Plan earnings and administrative expenses are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account**.**

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching contributions into any of the available investment options offered under the Plan. The Plan currently offers various mutual funds, a money market account and a common collective trust fund as investment options for participants. Participants may change their investment options as often as permitted under the investment vehicles chosen by the participant.

Notes Receivable from Participants

Participant loans are not permitted by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and fully vested in discretionary employer contributions upon death or total and permanent disability. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of credited service. A participant vests according to the following schedule:

Years of Service	Vesting Percentage
Less than two years	0%
More than two years, less than three years	20%
More than three years, less than four years	40%
More than four years, less than five years	60%
More than five years, less than six years	80%
More than six years	100%

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) receives a lump sum distribution equal to the participant's vested account balance. Hardship distributions are permitted if certain criteria are met.

Forfeitures

During 2022 and 2021, respectively, $5,119 and $11,500 of forfeitures were generated. Forfeitures, including earnings thereon, totaling $5,229 and $9,605, were used to reduce the 2022 and 2021 employer matching contributions, respectively. The remaining forfeiture balance at December 31, 2022 and 2021 totaled $3,350 and $3,434, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through December 11, 2023, the date the financial statements were available to be issued.

3. Investment Information Certified by Custodian (Unaudited)

Massachusetts Mutual Life Insurance Company (Mass Mutual) held plan assets on December 31, 2021. Empower Trust Company, LLC (Empower) held plan assets on December 31, 2022. The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate Empower and Mass Mutual, the custodians:

	2022	2021
Investments, at fair value	$ 932,864	$ 1,207,126
Investments, at contract value	$ 11,403	$ 6,636
Net depreciation in fair value of investments	$ (337,465)	
Interest and dividends	$ 92,826	

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Pooled Separate Accounts: The Plan's assets are held in a group annuity unallocated contract offered as a pooled separate account (PSA). The underlying investments in the PSA consist of mutual funds.

PSA - Mutual Funds: The Plan's assets are held in a group annuity unallocated contract offered as a pooled separate account (PSA). The PSA invest in mutual funds that are valued based on the market value of the underlying net asset in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Pooled Separate Account:				
Mutual Funds	$ -	$ 932,864	$ -	$ 932,864
Total	$ -	$ 932,864	$ -	$ 932,864

	Assets at Fair Value as of December 31, 2021			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Pooled Separate Account:				
Mutual Funds	$ -	$ 1,207,126	$ -	$ 1,207,126
Total	$ -	$ 1,207,126	$ -	$ 1,207,126

5. Fixed Interest Investments

As of December 31, 2022 and 2021, the Plan held $11,403 and $6,636, respectively, of fixed interest investments under an Agreement with Mass Mutual. The declared rate of interest on the fixed interest investments as of December 31, 2022 and 2021 was equal to 1.65% and 1.9%, respectively. The Fixed Interest Account, backed by Mass Mutual's general assets, is designed to provide stable, long-term investment growth. The diversified portfolio is composed primarily of high-quality, fixed-income investments including public bonds, private placements, commercial mortgage loans and short-term investments. Investments are made using a conservative approach by matching assets to liabilities.

Participants are guaranteed preservation of principal and a stated rate of return regardless of economic events while their investment is active. The guaranteed interest rate is determined in advance thus allowing plan sponsors and participants to make informed decisions regarding current allocations of their investment holdings.

Participants' accounts invested in the Fixed Interest Account are available for participant-initiated transactions at book value, including transfers to other investment options, loans and distributions in the event of hardship and upon a participant's retirement, death, disability and certain separations from service. Because these participant-initiated transactions occur at book value, participants' investments are not subject to changes in value due to market conditions. Mass Mutual backs its commitments with its own surplus and capital.

If the Agreement is fully or partially terminated, participants will receive the liquidation value of the Fixed Interest Account instead of the book value. The liquidation value is determined in accordance with a formula contained in the Agreement, which is designed to reflect the value of the assets in the account. The liquidation value may be more or less than the book value of the plan's investments in the account. This means that upon partial or full termination of the Agreement, a participant's account balance in the Fixed Interest Account may be either increased or decreased.

The fixed interest investment account is considered fully-benefit responsive. As such, the investment has been reported at contract value in the statement of net assets available for benefits at December 31, 2022 and 2021.

Fixed Interest Investment	2022	2021
Investment, at fair value	$ 8,054	$ 6,636
Contract value adjustment	3,349	-
Investment, at contract value	$ 11,403	$ 6,636

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan, subject to plan provisions and ERISA. In the event of plan termination, participants would become 100% vested in the company contributions portion of their account.

7. Related Party Transactions

Fees incurred by the Plan for the recordkeeping services are included in the net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. For the plan year ended December 31, 2022, the Plan did not make any direct payments to Empower that were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations. Additionally, the Company provides certain administrative services to the plan for which no fees are charged.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the individual participant account statements and the statement of net assets available for benefits.

9. Prohibited Transactions – Delinquent Participant Contributions

For the plan year ended December 31, 2022, the Company failed to remit participant deferral contributions and loan repayments totaling $4,295 to the Plan within the time limit required by the Department of Labor, representing a nonexempt loan of funds to the Company from the Plan. These untimely remittances constitute prohibited transactions between the Company and the Plan. The Company is currently working with the Plan's third-party service provider to correct this deficiency by filing a Form 5330 for the late remittances and remitting lost earnings to the Plan. Plan management does not believe that the resolution and correction of this matter will have a negative impact on the Plan's qualified tax status.

10. Tax Status

The Plan is a Volume Submitter 401(k)/Profit Sharing Plan offered by Nova 401(k) Associates. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the plan is qualified and tax-exempt. The Volume Submitter Plan has received an advisory opinion from the Internal Revenue Service indicating that the Plan is qualified under Code Section 401 to the extent provided in Rev. Proc. 2011-49 or subsequent guidance.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the notes to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. 2019 was the first year of plan operation and therefore, all tax years are subject to income tax examination.

11. Form 5500 Reconciliation

The financial statements have been prepared on the accrual basis of accounting. As such, they include the accrual of corrective distributions at year end that is presented in the Form 5500 filing in the year paid by the Plan and the accrual of contributions receivable at year end that is presented in the Form 5500 filing in the year funded to the Plan. The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets available for benefits per the Form 5500 at December 31, 2022.

	2022
Net assets available for benefits per financial statements	$ 923,000
2022 Accrued participant contributions	(6,339)
2022 Accrued employer contributions	(1,268)
2022 Accrued corrective distributions	28,874
Net assets available for benefits per Form 5500	$ 944,267

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the net loss per Form 5500 for the year ended December 31, 2022.

	2022
Net decrease in net assets available for benefits per financial statements	$ (290,762)
2022 Accrued participant contributions	(6,339)
2022 Accrued employer contributions	(1,268)
2022 Accrued corrective distributions	28,874
Net loss per Form 5500	$ (269,495)

There were no reconciling differences for the plan year ended December 31, 2021.
