Encoura Profit Sharing/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Encoura Profit Sharing/401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Plan Description

The following description of Encoura Profit Sharing/401(k) Plan (the Plan), formerly named the National Research Center for College and University Admissions Profit Sharing/401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established effective July 1, 1988, for the purpose of providing employees of Encoura, LLC (the Company), formerly named the National Research Center for College and University Admissions, LLC, an opportunity to defer a portion of their annual base salary compensation to the Plan for federal income tax purposes in accordance with section 401(k) of the Internal Revenue Code (the Code). The Board of Directors determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility: The Plan is a voluntary, defined contribution plan qualified under section 401(k) of the Code and covers substantially all eligible employees of the Company. There are no service requirements in order to be eligible for employee deferrals. Employees who elect to participate in the Plan will begin contributing on the first day of the month following the month in which the participant elects to participate. The Company provides a safe harbor match and discretionary employer contributions. Participants are immediately eligible for the safe harbor matching contribution upon entry to the Plan. Participants are eligible for discretionary employer contributions if participating on the last day of the Plan year.

Contributions: Participants may elect to contribute up to 100% of their annual salary in pretax dollars, subject to a maximum limitation as determined by the Internal Revenue Service (IRS). In lieu of pretax contributions to the Plan, participants may contribute any percentage, subject to the maximum allowed by the IRS of their after-tax annual compensation as defined in the Plan, as Roth elective contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, rollover contributions.

For the year ended June 30, 2023, the employer safe harbor matching contribution was equal to 100% of the amount contributed by the participant, up to a maximum of 4% of the participant's covered compensation. For the year ended June 30, 2023, no discretionary employer contribution was made.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the safe harbor matching contribution, as well as allocations of any discretionary employer contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Encoura Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their salary deferral contributions and employer safe harbor matching contributions, plus actual earnings thereon. Participants vest in the discretionary employer contributions based on years of continuous service. A participant is fully vested after five years of credited service, in accordance with the following vesting schedule:

Years of Service	Vesting Percentage
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Forfeitures: Participant forfeitures may be used to pay administrative expenses or reduce employer contributions. During the year ended June 30, 2023, \$6,730 was used to reduce employer contributions. As of June 30, 2023 and 2022, the Plan had \$0 and \$6,651 of unallocated forfeitures, respectively.

Payment of benefits: If a participant's employment with the Company is terminated due to retirement or death, the total vested amount of a participant's account is distributed in cash to the participant or the participant's beneficiary according to one of the options as described in the Plan and as elected by the participant. If a participant's employment with the Company is terminated for any reason other than retirement or death, the total vested amount of the participant's account is payable to the participant as soon as administratively practicable after the participant ceases to be an employee. Participants meeting specific requirements noted in the Plan document may also take a hardship distribution.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These transactions are treated as transfers between the investment fund and the participant notes receivable fund. The terms of the notes receivable cannot exceed five years, unless the note receivable is for the purchase of the employee's principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate ranged from 4.25% to 9.25% for outstanding loans at June 30, 2023. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Encoura Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: Management has evaluated and disclosed subsequent events up to and including December 20, 2023, which is the date the financial statements were available to be issued.

Note 3. Information Certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company

The following is a summary of the Plan's asset information as of June 30, 2023 and 2022, and for the year ended June 30, 2023, included throughout the Plan's financial statements and the ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the ERISA-required supplemental schedule related to the following assets:

	June 30	
	2023	2022
Investments at fair value:		
Mutual funds	\$ 2,282,961	\$ 1,849,601
Pooled separate accounts	5,069,940	4,531,225
Common collective trusts	14,739,819	11,180,357
Investment contracts	301,727	322,604

The custodians also certified to the completeness and accuracy of \$2,383,093 of net appreciation in fair value of investments and \$28,035 in interest and dividends related to the aforementioned investments for the year ended June 30, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Encoura Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment contracts: Investment contracts are valued at the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

Pooled separate accounts: The pooled separate accounts are valued based on the NAV of units of the pooled separate accounts. The NAV, as provided by the custodians, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common collective trusts: The common collective trusts are composed of investment contracts valued based on the NAV of units held by the Plan at year-end. Although the common collective trusts are not available in an active market, the NAV of the units is approximated based on the quoted prices of the underlying investments that are traded in an active market, and is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022:

	Assets at Fair Value as of June 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,282,961	\$ -	\$ -	\$ 2,282,961
Investment contracts	-	-	301,727	301,727
	<u>\$ 2,282,961</u>	<u>\$ -</u>	<u>\$ 301,727</u>	<u>2,584,688</u>
Pooled separate accounts (a)				5,069,940
Common collective trusts (a)				14,739,819
Total investments at fair value				<u>\$ 22,394,447</u>

Encoura Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

	Assets at Fair Value as of June 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,849,601	\$ -	\$ -	\$ 1,849,601
Investment contracts	-	-	322,604	322,604
	<u>\$ 1,849,601</u>	<u>\$ -</u>	<u>\$ 322,604</u>	<u>2,172,205</u>
Pooled separate accounts (a)				4,531,225
Common collective trusts (a)				11,180,357
Total investments at fair value				<u>\$ 17,883,787</u>

(a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of June 30, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption period is applicable only to the Plan.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Pooled separate accounts	\$ 5,069,940	\$ 4,531,225	\$ -	Daily	None
Common collective trusts	14,739,819	11,180,357	-	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers in or out of Level 3 during the year ended June 30, 2023.

Changes in fair value of Level 3 assets and related gains and losses: The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended June 30, 2023:

	Investment Contracts
Transfers into Level 3	\$ -
Transfers out of Level 3	-
Purchases	43,112
Issues	(11,978)

Note 5. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Other expenses of the Plan are paid by the Plan and the plan sponsor.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The underlying nonstandardized prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under section 401(a) of the Code, and therefore, the related trust is tax exempt. The plan sponsor has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party and Party-in-Interest Transactions

The Plan invests in various investments managed by the custodians of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the services totaled \$41,823 for the year ended June 30, 2023. Fees paid by the Plan for investment management services are netted with investment income (loss).
