INDEPENDENT AUDITOR'S REPORT

To the Trustees of HMD 401(k) P.S. Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HMD 401(K) P.S. Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of HMD 401(K) P.S. Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HMD 401(K) P.S. Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HMD 401(K) P.S. Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HMD 401(K) P.S. Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HMD 401(K) P.S. Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule as indicated in the contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedules Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respect, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, from information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HMD 401(k) P.S. PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: Description of the Plan:

General:

The following description of the HMD 401(k) P.S. Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan maintained for the benefit of eligible employees (as defined) of HMD Trucking, Inc. and related adopting employers (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions which are to be maintained in separate accounts.

Employee-directed contributions:

Eligible employees of the Company may elect to defer up to 100% of their annual compensation (as defined) to the Plan, not to exceed Internal Revenue Code limitations. Eligible employees aged 50 and over may make catch up contributions not to exceed Internal Revenue Code limitations.

Employee rollover contributions:

To be made by the employee from amounts received from any other qualified plan, subject to the provisions of applicable tax law.

Employer contributions:

The Plan provides for the Company to make matching contributions in an amount equal to 100% of the matched employee contributions that are not in excess of 5% of employee's plan contribution. The total amount of employer matching contribution allocated to a participant in any plan year will not exceed $5,000. The total employer contributions for the year ended December 31, 2021 were $31,996.

NOTE 1: Description of the Plan (continued):

Participant accounts:

Employees have the ability to direct their employee and employer contributions into a variety of investment options allowed by the Plan.

Investment income and the fair value appreciation or depreciation are allocated to participants and terminated participants (who have undistributed account balances) based on account balances, as defined.

Each participant's account is credited with participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in employer contributions, and earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of vesting service, as defined.

Forfeitures occur when employees terminate employment with less than 100% of employer contribution vested. The Sponsor uses forfeitures to reduce administrative expenses or contributions. For the year ended December 31, 2021, there was $1,577 available for allocation. $33,164 of forfeitures were utilized in 2021 to reduce administrative expenses or contributions.

Hardship withdrawals:

The Plan allows for hardship withdrawals from the vested portion of employee's all accounts. Participants that have received hardship withdrawals are allowed to continue making elective deferrals to the Plan.

Payment of benefits:

Payments of benefits are made to participants or their beneficiaries upon death, retirement, when they reach retirement age, disability or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan.

NOTE 2: Significant accounting policies:

Basis of presentation:

The financial statements of the HMD 401(k) P.S. Plan have been prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portions of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Recognition of income:

The basis of investments held by the Plan is adjusted annually to the closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments:

Investments are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants the the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Payment of benefits are recorded when paid.

Expenses:

Expenses associated with Plan administration are paid either by the Plan or the Company. Investment related expenses are included in the net appreciation of fair value of investments.

NOTE 2: Significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3: Fair value measurements:

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable maket data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

NOTE 3: Fair value measurements (continued):

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurement Using			
	Level 1	Level 2	Level 3	Total
December 31, 2021				
Mutual funds	$ 711,929	$ -	$ -	$ 711,929
Investments at fair value	$ 711,929	$ -	$ -	$ 711,929

	Fair Value Measurement Using			
	Level 1	Level 2	Level 3	Total
December 31, 2020				
Mutual funds	$ 537,858	$ -	$ -	$ 537,858
Investments at fair value	$ 537,858	$ -	$ -	$ 537,858

NOTE 4: Information prepared and certified by trustee:

The following information in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31, 2021	December 31, 2020
Investments, at fair value:		
Mutual funds	$ 711,929	$ 537,858
Investment income (loss)	$ 86,948	

NOTE 5: Related party and parties-in-interest transactions:

All the Plan investments are managed by The Capital Group Companies, Inc.. The Capital Group Companies, Inc. is the custodian and, therefore, these qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third party administrator of $645 for the year ended December 31, 2021.

NOTE 6: Plan termination:

The Company intends to continue the Plan indefinitely; however, it does have the right to terminate it, discontinue it, or amend it from time to time. If the Plan terminates, or there is a permanent discontinuance of contributions, all participants' accounts will become fully vested.

NOTE 7: Income tax status:

The Plan is a standardized prototype plan sponsored by Dyatech, LLC that has been adopted by the Company. The prototype plan obtained its latest opinion on June 30, 2020, which the Internal Revenue Service ("IRS") stated the prototype plan, as then designed was in compliance with the application requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE 8: Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: COVID-19 Response:

The ongoing COVID-19 pandemic has impacted and could further impact the Plan's operations. The extent to which the pandemic impacts operations, results of operations, and financial condition will depend on further developments, which are highly uncertain, including but not limited to the duration, spread, and severity of the pandemic, its effects on the Company's employees, suppliers, and customers, and the remedial actions and stimulus measures adopted by local and federal government. The pandemic remains a rapidly evolving situation, and the impact cannot be reasonably estimated at this time.

NOTE 10: Subsequent events:

Subsequent events have been evaluated through February 21, 2023, which is the date the financial statements were issued.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of HMD 401(k) P.S. Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HMD 401(K) P.S. Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of HMD 401(K) P.S. Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HMD 401(K) P.S. Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HMD 401(K) P.S. Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HMD 401(K) P.S. Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HMD 401(K) P.S. Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule as indicated in the contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedules Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respect, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, from information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HMD 401(k) P.S. PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: Description of the Plan:

General:

The following description of the HMD 401(k) P.S. Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan maintained for the benefit of eligible employees (as defined) of HMD Trucking, Inc. and related adopting employers (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions which are to be maintained in separate accounts.

Employee-directed contributions:

Eligible employees of the Company may elect to defer up to 100% of their annual compensation (as defined) to the Plan, not to exceed Internal Revenue Code limitations. Eligible employees aged 50 and over may make catch up contributions not to exceed Internal Revenue Code limitations.

Employee rollover contributions:

To be made by the employee from amounts received from any other qualified plan, subject to the provisions of applicable tax law.

Employer contributions:

The Plan provides for the Company to make matching contributions in an amount equal to 100% of the matched employee contributions that are not in excess of 5% of employee's plan contribution. The total amount of employer matching contribution allocated to a participant in any plan year will not exceed $5,000. The total employer contributions for the year ended December 31, 2021 were $31,996.

NOTE 1: Description of the Plan (continued):

Participant accounts:

Employees have the ability to direct their employee and employer contributions into a variety of investment options allowed by the Plan.

Investment income and the fair value appreciation or depreciation are allocated to participants and terminated participants (who have undistributed account balances) based on account balances, as defined.

Each participant's account is credited with participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in employer contributions, and earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of vesting service, as defined.

Forfeitures occur when employees terminate employment with less than 100% of employer contribution vested. The Sponsor uses forfeitures to reduce administrative expenses or contributions. For the year ended December 31, 2021, there was $1,577 available for allocation. $33,164 of forfeitures were utilized in 2021 to reduce administrative expenses or contributions.

Hardship withdrawals:

The Plan allows for hardship withdrawals from the vested portion of employee's all accounts. Participants that have received hardship withdrawals are allowed to continue making elective deferrals to the Plan.

Payment of benefits:

Payments of benefits are made to participants or their beneficiaries upon death, retirement, when they reach retirement age, disability or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan.

NOTE 2: Significant accounting policies:

Basis of presentation:

The financial statements of the HMD 401(k) P.S. Plan have been prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portions of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Recognition of income:

The basis of investments held by the Plan is adjusted annually to the closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments:

Investments are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants the the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Payment of benefits are recorded when paid.

Expenses:

Expenses associated with Plan administration are paid either by the Plan or the Company. Investment related expenses are included in the net appreciation of fair value of investments.

NOTE 2: Significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3: Fair value measurements:

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable maket data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

NOTE 3: Fair value measurements (continued):

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurement Using			
	Level 1	Level 2	Level 3	Total
December 31, 2021				
Mutual funds	$ 711,929	$ -	$ -	$ 711,929
Investments at fair value	$ 711,929	$ -	$ -	$ 711,929

	Fair Value Measurement Using			
	Level 1	Level 2	Level 3	Total
December 31, 2020				
Mutual funds	$ 537,858	$ -	$ -	$ 537,858
Investments at fair value	$ 537,858	$ -	$ -	$ 537,858

NOTE 4: Information prepared and certified by trustee:

The following information in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31, 2021	December 31, 2020
Investments, at fair value:		
Mutual funds	$ 711,929	$ 537,858
Investment income (loss)	$ 86,948	

NOTE 5: Related party and parties-in-interest transactions:

All the Plan investments are managed by The Capital Group Companies, Inc.. The Capital Group Companies, Inc. is the custodian and, therefore, these qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third party administrator of $645 for the year ended December 31, 2021.

NOTE 6: Plan termination:

The Company intends to continue the Plan indefinitely; however, it does have the right to terminate it, discontinue it, or amend it from time to time. If the Plan terminates, or there is a permanent discontinuance of contributions, all participants' accounts will become fully vested.

NOTE 7: Income tax status:

The Plan is a standardized prototype plan sponsored by Dyatech, LLC that has been adopted by the Company. The prototype plan obtained its latest opinion on June 30, 2020, which the Internal Revenue Service ("IRS") stated the prototype plan, as then designed was in compliance with the application requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE 8: Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: COVID-19 Response:

The ongoing COVID-19 pandemic has impacted and could further impact the Plan's operations. The extent to which the pandemic impacts operations, results of operations, and financial condition will depend on further developments, which are highly uncertain, including but not limited to the duration, spread, and severity of the pandemic, its effects on the Company's employees, suppliers, and customers, and the remedial actions and stimulus measures adopted by local and federal government. The pandemic remains a rapidly evolving situation, and the impact cannot be reasonably estimated at this time.

NOTE 10: Subsequent events:

Subsequent events have been evaluated through February 21, 2023, which is the date the financial statements were issued.
