INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Participants of the Providence Day School Defined Contribution Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Providence Day School Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with generally accepted accounting principles in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with generally accepted auditing standards in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

PROVIDENCE DAY SCHOOL DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

1. PLAN DESCRIPTION

The following description of the Providence Day School Defined Contribution Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Providence Day School, Inc. (the "Employer"), except for employees who are students and providing services as described in Code Section 3121(b)(10). Participating employees are eligible to receive the Employer's matching contributions after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Retirement Plan Committee is responsible for oversight of the Plan. The Employer engages an ERISA Section 3(38) investment manager to determine the appropriateness of the Plan's investment offerings, monitor the investment performance, and report to the Retirement Plan Committee.

Contributions - Participants may contribute up to 100% of their annual eligible compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions to the Plan. Participants may also elect to make special catch-up contributions, subject to certain limitations, prior to the age of 50 if they have completed 15 years of service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer matches 100% of eligible compensation amounts of participants based on the following schedule: less than 6 years of service at 5%, 6-10 years of service at 6%, 11 or more years of service at 7%, except that the maximum matching contribution made to highly compensated employees is 5%. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and the Employer's matching contributions, plus actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined in the plan document. Principal and interest are paid ratably through payroll deductions.

Loans to Participants - Prior to July 1, 2020, the participants of the Providence Day School Tax-Deferred Annuity Plan were permitted to borrow directly from The Teachers Insurance and Annuity Association and College Retirement Equities Fund ("TIAA-CREF"), the Custodian of the Plan, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the vested accrued benefit. The participant must pledge sufficient collateral. The collateral of the loans must be transferred from their investment accounts to the TIAA Traditional Non Benefit Responsive account.

The loans are not shown in the accompanying financial statements as the loans are not made from plan assets and are therefore not considered assets of the Plan. Loan interest rates are variable at prevailing interest rates and can be increased or decreased by the Custodian. Principal and interest are paid ratably by the participant directly to the Custodian. A default charge will be assessed against the portion of the loan collateral used to foreclose on all or part of any loan.

As of June 30, 2023 and 2022, loan balances outstanding from the Custodian to the Plan's participants were approximately \$13,000 and \$21,000, respectively. As of June 30, 2023 and 2022, there were approximately \$13,000 and \$12,000 in loans to participants in default and subject to repayment from participant accounts at the time of distribution, respectively.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, annual installments over an elected period of time, or a life annuity option. For termination of service for some other reason, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan permits in-service and hardship withdrawals under certain circumstances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Annual Reporting Requirements - On November 16, 2007, the Department of Labor published Form 5500, Annual Return/Reporting of Employee Benefit Plan, revisions and related final regulations generally effective for plan years beginning on or after January 1, 2009, which, among other things, changed the annual reporting requirements for Code section 403(b) plans covered by ERISA. The form revisions and final regulations eliminated special limited reporting for 403(b) plans. Under the new annual reporting rules, beginning with their Form 5500 filing for the 2009 plan year, "large" ERISA-covered 403(b) plans (generally plans with 100 or more participants) are required to file audited financial statements with their Form 5500. Pursuant to these new rules, the year beginning July 1, 2009 was the first year the Plan was subject to a financial statement audit. Prior to July 1, 2008, the Custodian maintained records at a contract, not a plan level. The Custodian administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees prior to July 1, 2008. As such, neither the Employer nor Custodian have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to July 1, 2008. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and benefits paid to participants related to these accounts, if any, could not be determined.

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Use of Accounting Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value, with the exception of the Plan's fully benefit-responsive fixed annuity contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for disclosure of the fully benefit-responsive fixed annuity contracts. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and The Teachers Insurance and Annuity Association and College Retirement Equities Fund ("TIAA-CREF"), the Custodian of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from participants are recorded as they are withheld from the participants' wages. Contributions from the Employer are recorded in the period in which the related participant contributions are due.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Reclassifications - Certain amounts in the 2022 financial statements have been reclassified to conform with the 2023 presentation. Such reclassifications had no effect on the change in net assets available for benefits.

Subsequent Events - Management has evaluated subsequent events through January 26, 2024, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of the Plan's asset information as of June 30, 2023 and 2022, and for the years then ended, included in the financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by the Custodian and furnished to management. Management has obtained certifications from the Custodian that such information is complete and accurate as of and for the years ended June 30, 2023 and 2022.

4. FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value by utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; |

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of June 30, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: The variable annuity contracts are registered investments that invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investments objectives. Valued at the NAV of units of variable annuity contracts. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Fixed annuity contracts: Nonbenefit-responsive fixed annuity contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. In determining the reasonableness of the methodology, management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

Pooled separate account: Valued daily based on the market value of the underlying net assets in the TIAA Real Estate separate account. The majority of the underlying net assets have unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 43,910,575	\$ -	\$ -	\$ 43,910,575

Changes in Fair Value of Level 3 Investments

During the year ended June 30, 2023, the Plan had purchases and sales of fixed annuity contracts totaling \$1,225,499 and \$1,265,556, respectively, and purchases and sales of the pooled separate account totaling \$112,881 and \$327,285, respectively. There were no transfers between levels for either investment during the year ended June 30, 2023.

During the year ended June 30, 2022, the Plan had purchases and sales of fixed annuity contracts totaling \$1,246,541 and \$1,466,801, respectively, and purchases and sales of the pooled separate account totaling \$224,327 and \$429,230, respectively. There were no transfers between levels for either investment during the year ended June 30, 2022.

The following table presents the quantitative inputs and assumptions used for items categorized in Level 3 of the fair value hierarchy for the year ended June 30, 2023:

<u>Type</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>
Fixed annuity contracts	\$10,136,815	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied
Pooled separate account - real estate	\$2,325,308	Income approach - discounted cash flow Income approach - direct capitalization	Discount rate Terminal capitalization rate Overall capitalization rate

The following table presents the quantitative inputs and assumptions used for items categorized in Level 3 of the fair value hierarchy for the year ended June 30, 2022:

<u>Type</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>
Fixed annuity contracts	\$9,732,285	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied
Pooled separate account - real estate	\$2,785,692	Income approach - discounted cash flow Income approach - direct capitalization	Discount rate Terminal capitalization rate Overall capitalization rate

5. GUARANTEED INVESTMENT CONTRACTS

The Plan has traditional, fully benefit-responsive fixed annuity contracts with TIAA-CREF. TIAA-CREF maintains the Plan's investments in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participant.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain investments of the Plan are managed by TIAA-CREF. TIAA-CREF is the Custodian and recordkeeper for the Plan and, therefore, these transactions qualify as exempt party in interest transactions.

The Custodian provides certain administrative services to the Plan pursuant to a Master Services Agreement ("MSA") between the Employer and the Custodian. The Custodian receives revenue from the fixed annuity contracts service provider for services the Custodian provides to the fund. This revenue is used to offset certain amounts owed to the Custodian for its administrative services to the Plan.

If the revenue received by the Custodian from the fixed annuity contracts service provider exceeds the amount owed under the MSA, the Custodian remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay the Plan's administrative expenses or allocated to the accounts of the participants. During the years ended June 30, 2023 and 2022, excess amounts of approximately \$24,000 and \$34,000, respectively, were remitted to the Plan's trust. The Plan or the Employer may make a payment to the Custodian for administrative expenses not covered by revenue sharing.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. Management intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). Management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
