Independent Auditors' Report

To the Participants and Plan Administrator of
Brown Automotive Group, Ltd 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of the Brown Automotive Group, Ltd 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of August 1, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2023 to August 1, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 1, 2023 and December 31, 2022, and for the period from January 1, 2023 to August 1, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Notes 1 and 2 to the financial statements, on October 5, 2022, the Plan's management announced a notice to terminate the Plan and determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the ongoing plan basis of accounting to the liquidation basis of accounting used in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Brown Automotive Group, Ltd 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

August 1, 2023 and December 31, 2022

1. Plan Description

The following description of the Brown Automotive Group, Ltd 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of the dealerships and management company comprising the Brown Automotive Group, Ltd. (the Company). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's administrator was responsible for oversight of the Plan. Mid Atlantic Trust Company was the trustee (the Trustee) of the assets and Paychex Retirement Services performed recordkeeping services for the Plan.

Plan Termination

Effective November 7, 2022, the Company was acquired by an unrelated third party. On October 5, 2022, in preparation for the acquisition, the Plan's management announced a notice to terminate the Plan. As a result of the notice to terminate the Plan, participants became fully vested in Company contributions. In addition, no person became eligible for benefits under the Plan on or after November 18, 2022. The remaining plan assets were distributed to participants following this date and the related trust was liquidated on August 1, 2023.

Eligibility

Eligible employees became participants in the Plan upon three months of service and upon attainment of age 18 or older. Eligible employees entered the Plan monthly on the date coinciding with or following when the eligibility requirements were met, as defined in the plan document.

Contributions

Participants of the Plan could elect to contribute certain percentages of pre-tax or after-tax annual compensation, as defined in the plan document and applicable amendments. Participants were automatically enrolled at 5% upon meeting the eligibility requirements, as defined in the plan document. Participants had the option to elect into either a pre-tax deferral or Roth deferral, as defined in the plan document and applicable amendments. Participants also could contribute amounts representing distributions from other qualified defined benefit or contribution plans. For the period from January 1, 2023 to August 1, 2023, there were no participant contributions to the Plan.

The Company could make discretionary matching contributions to the Plan, and the Plan also allowed for the Company to make discretionary profit sharing contributions. For the period from January 1, 2023 to August 1, 2023, there were no employer matching contributions or profit sharing contributions made to the Plan.

Participant Accounts

Each participant's account was credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Notes to Financial Statements

August 1, 2023 and December 31, 2022

Investment Options

Upon enrollment in the Plan, a participant could direct contributions to various investment options offered by the Plan.

Vesting

Participants were immediately vested in their elective contributions plus actual earnings (losses) thereon. Vesting in any Company matching and discretionary profit sharing contributions plus earnings (losses) thereon was based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1 year	- %
1 year	20
2 years	40
3 years	60
4 years	80
5 years	100

Participants became 100% vested on October 5, 2022.

Forfeitures

Forfeitures could be used to reduce any employer contribution or to pay administrative expenses. As of December 31, 2022, unallocated forfeitures available for future use totaled \$27,268. All forfeiture usage during the period from January 1, 2023 to August 1, 2023 was to reduce administrative expenses.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000. The maximum amount of an outstanding loan could not exceed the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance. Participants could have two loans outstanding at any time. The loans were secured by the balance in the participant's account and bore interest at the rate specified in the plan document at inception of the loan. Loans bore interest at the Wall Street Journal prime rate plus 1%. Interest rates on participant loans outstanding at December 31, 2022 ranged from 4.25% to 7.25%. Principal and interest were paid ratably through payroll deductions. Terms ranged from one to 54 months, unless the loan was used for the purchase of a primary residence, in which case, the loan repayment period could be extended.

Payment of Benefits

Benefit distributions were payable upon a participant's retirement, death, permanent disability and upon termination of the Plan. The normal form of payment was to be a lump-sum distribution unless the vested account balance exceeded \$5,000 and the participant filed a written request with the employer electing an installment option. The installment option could be over any period not extending beyond the life expectancy of the participant. A distribution was payable when participants otherwise terminated employment if the account balance did not exceed \$5,000. The plan document allowed for participants to take in-service withdrawals upon attaining age 59½. In addition, participants experiencing financial hardship could withdraw a portion of their account balance as defined in the Plan.

Plan Administration

The Plan was administered by an Administrative Committee appointed by the Company. This committee included the named fiduciary of the Plan, as well as the Plan's administrator, as defined by ERISA.

Notes to Financial Statements

August 1, 2023 and December 31, 2022

Administrative Expenses

All reasonable expenses of administration, including, without limitation, fees of the Trustee or any investment manager, were to be paid from the assets of the Plan, except to the extent paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

As a result of the notice to terminate the Plan as described in Note 1, the accompanying financial statements are presented on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Certain of the Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy for each investment.

The guaranteed investment fund represented the Plan's investments that were held in fully benefit-responsive investment contracts with the Reliance Trust Stable Value Fund - MetLife Series 25053 as of December 31, 2022. Contract value is the relevant measure of the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There were no unfunded commitments, a daily redemption frequency was permitted and no redemption notice period for participant initiated events.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits in Liquidation includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed as incurred. Delinquent participant loans were reclassified as distributions based upon the terms of the plan document.

Notes to Financial Statements

August 1, 2023 and December 31, 2022

Payment of Benefits

Benefits were recorded when paid.

Subsequent Events

Subsequent events were evaluated through January 29, 2024, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value are classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology that are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Significant inputs to the valuation model that are unobservable and are not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Brown Automotive Group, Ltd 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

August 1, 2023 and December 31, 2022

The following is a description of the methodology used in valuing investments at fair value. There have been no changes in the methodology used at December 31, 2022:

Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission. The fair values of mutual funds were based on quoted market prices of the shares held by the Plan at year-end. Accordingly, these fair value measurements were classified as having used Level 1 inputs.

The plan sponsor was responsible for the determination of fair value. Accordingly, the plan sponsor performed periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The following methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,549,308	\$ -	\$ -	\$ 19,549,308

4. Investments

For the period ended August 1, 2023 and as of December 31, 2022, the Plan's investments were held by the Trustee. All investment assets, transactions and income as presented in the accompanying financial statements were certified by the Trustee to be complete and accurate as of August 1, 2023 and for the period from January 1, 2023 to August 1, 2023 and as of December 31, 2022.

The following is a disclosure of individual investments, as a percentage of net assets available for benefits, that represented a significant concentration as of December 31, 2022:

American Funds American Balanced	13 %
Vanguard Value Index Fund	12
Reliance Trust Stable Value Fund - MetLife Series 25053	10

5. Guaranteed Investment Contract

The Plan invested in a fund with Guaranteed Investment Contracts (GICs) as of December 31, 2022. This fund maintained the contributions in a general account. As described in Note 2, because the GICs are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported to the Plan by the Trustee, as of December 31, 2022, represented contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC issuers were contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Brown Automotive Group, Ltd 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

August 1, 2023 and December 31, 2022

There were no reserves against contract value for credit risk of the contract issuers or otherwise. The contract value of the investment contracts as of December 31, 2022 was \$2,236,130. The crediting interest rates were based on a formula agreed upon with the issuers. Such interest rates were reviewed on a periodic basis for resetting.

6. Tax Status

The Plan was organized as a prototype plan and was intended to satisfy the tax qualifications under the applicable sections of the Internal Revenue Code (IRC) and therefore the funds of the Plan were intended to be exempt from federal income taxes. Mid Atlantic Trust Company received a favorable opinion letter from the Internal Revenue Service (IRS) for its prototype nonstandardized profit sharing plan, effective April 10, 2014. The Plan had been amended since the date of this opinion letter; however, the plan administrator believed that the Plan was being operated in compliance with applicable provisions of the IRC. Therefore, no provision for income taxes was included in the accompanying financial statements.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party in Interest Transactions

Certain of the Plan's investments may have been managed by the Trustee, and therefore, these transactions qualified as party in interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment manager services were offset against net appreciation in the fair value of the investments. Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualified as party in interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.
