INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Project Home 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Project Home 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Project Home 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Project Home 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Project Home 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Project Home 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Project H.O.M.E. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, which was established January 1, 2011, is a 401(k) defined contribution plan covering all eligible employees of Project H.O.M.E. (the “Organization” or “Plan Sponsor”). To be eligible to participate in the Plan, an employee must have attained the age of 21, completed twelve months of service and 1,000 hours of service. Entry into the Plan is quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration

John Hancock Life Insurance Company (“John Hancock”) is the recordkeeper of the Plan.

Contributions

Eligible participants are automatically enrolled in the Plan with a 3% deferral. Participants may decline automatic enrollment, stop, or change their deferral at any time subject to certain Internal Revenue Code (“IRC”) limitations. The Plan allows certain participants to make additional catch-up contributions. All participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in addition to the statutory limit.

The Plan also includes an automatic escalation feature. The automatic escalation will be 1.0% per year each October 1st and will stop once a participant is deferring 5% or more. The escalation provisions apply to all participants who have made affirmative elections that are greater than 0% but less than 5%.

With the consent of the Plan Sponsor, participants may transfer amounts from other qualified plans or conduit IRA’s as rollover contributions.

The Organization may elect to make a discretionary matching contribution for employees with deferral contributions each year. The Organization will contribute 100% of employee contributions not in excess of 5% of employee compensation.

All contributions are subject to IRC limitations and any contributions in excess of the IRC limitations shall be forfeited, if forfeitable, or distributed to the participant as promptly as possible, but not later than the last day of the following Plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Organization’s discretionary matching contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in pooled separate accounts managed by John Hancock. Participants may change their investment elections at any time.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Organization's matching contributions plus earnings thereon is based on years of service as follows:

<i>Years of Service</i>	<i>Percentage</i>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures resulting from the non-vested portion of the Organization's discretionary matching contributions may be used to reduce the amount paid in contributions by the Organization or reduce the Plan's administrative expenses. As of December 31, 2022 and 2021, total forfeitures outstanding were \$3,126 and \$19,180, respectively. During the year ended December 31, 2022, forfeitures of \$60,080 were used to reduce employer contributions.

Administrative Expenses

Certain expenses incurred in the administration of the Plan may be paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the less of \$50,000 or 50% of the value of their vested balance. The terms of the loan may not extend beyond five years except loans for the purchase of a home, for which the plan sponsor may permit a longer payment term. The loans are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at 1% over the prevailing prime rate at the time of the loan.

Benefits Paid to Participants

The Plan provides that under certain conditions, participants may withdraw their vested benefit. A participant is entitled to receive the vested portion of his or her account in a lump sum distribution under the conditions described in the Plan document, in the event of retirement, termination, disability, death or reaching age 59 1/2 as an active employee. Upon the death of a participant, the remaining portion of the benefit will be distributed to the beneficiary using the same payment method. As a result of the CARES Act, the Plan expanded eligible hardship distributions for participants who experienced financial hardships due to COVID-19. Eligible participants were able to receive distributions up to \$100,000 between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the Plan has been amended to reflect these changes.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividend income is allocated to the Plan based upon accumulated monthly balances in each pooled account and the relative interest of the Plan in each pooled account. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits Paid to Participants

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan in default, the participant loan balance is reduced, and a benefit payment is recorded.

As a result of the effects of COVID-19, Congress passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The CARES Act increased the available loan amounts to plan participants experiencing financial hardships due to COVID-19 to the lesser of \$100,000 or 100% of their vested account balance. Expanded loans were available through December 31, 2020. In addition, the CARES Act temporarily extended the repayment time for COVID-19 related loans for a term of 6 months. Plan participants who experienced financial hardships due to COVID-19 and had prior loans were also given the option to defer payments due between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the plan was amended to reflect these changes.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants during the 2023 plan year.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used or transfers between levels at December 31, 2022 and 2021.

Pooled separate accounts: These investments are valued using the net asset value (“NAV”) of the units held by the Plan at year end as provided by John Hancock. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value. The NAV per unit is used as the practical expedient to estimate fair value.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Pooled Separate Account – Valued at the daily closing accumulation unit value. The value is derived from the market value of the underlying real estate holdings or other real estate-related investments as well as liquid fixed-income investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. Accumulation units are available for transactions at the closing accumulation unit value on any day that the NYSE is open for trading. John Hancock ensures that the pooled separate account has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>December 31, 2022</i>		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$8,365,937	\$ -	\$8,365,937

<i>December 31, 2021</i>		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$9,703,035	\$ -	\$9,703,035

Fair Value of Investments that Calculate Net Asset Value (NAV)

The following table summarizes the pooled separate accounts measured at fair value based on NAV per unit as of December 31, 2022 and 2021.

	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Redemption Frequency (if currently eligible)	Redemption Notice Period
Asset allocation (a)	\$ 7,474,928	\$ 8,526,786	Daily+1	Daily
Equity (b)	711,063	997,852	Daily+1	Daily
Fixed income (c)	179,946	178,397	Daily+1	Daily

- (a) *Asset allocation* - The objective of these portfolios is to seek a high total return based on the fund's target retirement date under normal market conditions.
- (b) *Equity* - The objective of these portfolios is to seek a high total return through capital appreciation.
- (c) *Fixed income* - The objective of these portfolios is to provide income and long-term capital appreciation.

There are no unfunded commitments. Participants may redeem their investments daily and all redemptions are settled one day after redemption notice.

NOTE 4 – CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's assets (investments and notes receivable from participants) at December 31, 2022 and 2021 were held by John Hancock, a qualified institution. Accordingly, assets amounts (described above) on the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021, investment income (including net appreciation in fair value of investments and interest and dividends) and interest on the notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and information included in the accompanying ERISA required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock (the trustee of the Plan).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

NOTE 5 – TAX STATUS

Effective January 1, 2015, the Plan adopted the Paragon Alliance Group, LLC Volume Submitter 401(k) Profit Sharing Plan ("Paragon Plan"), which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Prototype Plan was designed in accordance with the provisions of the IRC. The Plan has been amended since adopting the Paragon Plan. The Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

John Hancock manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each pooled separate account. Fees paid by the Plan for certain record keeping services and administrative services amounted to \$3,150 for the year ended December 31, 2022. Certain employees of the Organization who are involved in the administration of the Plan are participants in the Plan. No such employees receive compensation from the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During the course of the 2022 plan year audit, several issues were identified regarding the census and contribution data for the Plan that were not consistent with the plan document provisions. The potential misstatements, totaling \$120,687, were recorded as a receivable from the Plan Sponsor and employer contributions to the Plan as of and for the year ended December 31, 2022. Additionally, the Plan Sponsor failed to remit employee deferred contributions to the Plan within the time period specified by the Department of Labor during the year ended December 31, 2022. The Plan Sponsor filed IRS Form 5330 to report and remit the excise tax associated with the late remittance including lost earnings as required pursuant to Section 4975 of the IRC. The Plan Sponsor also corrected the prohibited transaction by depositing the lost earnings into the Plan during 2023. (see Note 10).

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through January 31, 2024, the date the financial statements were available to be issued, and there were no subsequent events, other those disclosed, requiring adjustments to the financial statements or disclosures.

As discussed in Note 9, the Plan Sponsor noted the aforementioned census and contribution issues and accordingly made corrections to the Plan for each error noted each month during June through December 2023, totaling \$120,687.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Project Home 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Project Home 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Project Home 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Project Home 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Project Home 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Project Home 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Project H.O.M.E. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, which was established January 1, 2011, is a 401(k) defined contribution plan covering all eligible employees of Project H.O.M.E. (the “Organization” or “Plan Sponsor”). To be eligible to participate in the Plan, an employee must have attained the age of 21, completed twelve months of service and 1,000 hours of service. Entry into the Plan is quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration

John Hancock Life Insurance Company (“John Hancock”) is the recordkeeper of the Plan.

Contributions

Eligible participants are automatically enrolled in the Plan with a 3% deferral. Participants may decline automatic enrollment, stop, or change their deferral at any time subject to certain Internal Revenue Code (“IRC”) limitations. The Plan allows certain participants to make additional catch-up contributions. All participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in addition to the statutory limit.

The Plan also includes an automatic escalation feature. The automatic escalation will be 1.0% per year each October 1st and will stop once a participant is deferring 5% or more. The escalation provisions apply to all participants who have made affirmative elections that are greater than 0% but less than 5%.

With the consent of the Plan Sponsor, participants may transfer amounts from other qualified plans or conduit IRA’s as rollover contributions.

The Organization may elect to make a discretionary matching contribution for employees with deferral contributions each year. The Organization will contribute 100% of employee contributions not in excess of 5% of employee compensation.

All contributions are subject to IRC limitations and any contributions in excess of the IRC limitations shall be forfeited, if forfeitable, or distributed to the participant as promptly as possible, but not later than the last day of the following Plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Organization’s discretionary matching contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in pooled separate accounts managed by John Hancock. Participants may change their investment elections at any time.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Organization's matching contributions plus earnings thereon is based on years of service as follows:

<i>Years of Service</i>	<i>Percentage</i>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures resulting from the non-vested portion of the Organization's discretionary matching contributions may be used to reduce the amount paid in contributions by the Organization or reduce the Plan's administrative expenses. As of December 31, 2022 and 2021, total forfeitures outstanding were \$3,126 and \$19,180, respectively. During the year ended December 31, 2022, forfeitures of \$60,080 were used to reduce employer contributions.

Administrative Expenses

Certain expenses incurred in the administration of the Plan may be paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the less of \$50,000 or 50% of the value of their vested balance. The terms of the loan may not extend beyond five years except loans for the purchase of a home, for which the plan sponsor may permit a longer payment term. The loans are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at 1% over the prevailing prime rate at the time of the loan.

Benefits Paid to Participants

The Plan provides that under certain conditions, participants may withdraw their vested benefit. A participant is entitled to receive the vested portion of his or her account in a lump sum distribution under the conditions described in the Plan document, in the event of retirement, termination, disability, death or reaching age 59 1/2 as an active employee. Upon the death of a participant, the remaining portion of the benefit will be distributed to the beneficiary using the same payment method. As a result of the CARES Act, the Plan expanded eligible hardship distributions for participants who experienced financial hardships due to COVID-19. Eligible participants were able to receive distributions up to \$100,000 between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the Plan has been amended to reflect these changes.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividend income is allocated to the Plan based upon accumulated monthly balances in each pooled account and the relative interest of the Plan in each pooled account. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits Paid to Participants

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan in default, the participant loan balance is reduced, and a benefit payment is recorded.

As a result of the effects of COVID-19, Congress passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The CARES Act increased the available loan amounts to plan participants experiencing financial hardships due to COVID-19 to the lesser of \$100,000 or 100% of their vested account balance. Expanded loans were available through December 31, 2020. In addition, the CARES Act temporarily extended the repayment time for COVID-19 related loans for a term of 6 months. Plan participants who experienced financial hardships due to COVID-19 and had prior loans were also given the option to defer payments due between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the plan was amended to reflect these changes.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants during the 2023 plan year.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used or transfers between levels at December 31, 2022 and 2021.

Pooled separate accounts: These investments are valued using the net asset value (“NAV”) of the units held by the Plan at year end as provided by John Hancock. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value. The NAV per unit is used as the practical expedient to estimate fair value.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Pooled Separate Account – Valued at the daily closing accumulation unit value. The value is derived from the market value of the underlying real estate holdings or other real estate-related investments as well as liquid fixed-income investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. Accumulation units are available for transactions at the closing accumulation unit value on any day that the NYSE is open for trading. John Hancock ensures that the pooled separate account has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's assets (investments and notes receivable from participants) at December 31, 2022 and 2021 were held by John Hancock, a qualified institution. Accordingly, assets amounts (described above) on the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021, investment income (including net appreciation in fair value of investments and interest and dividends) and interest on the notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and information included in the accompanying ERISA required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock (the trustee of the Plan).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

NOTE 5 – TAX STATUS

Effective January 1, 2015, the Plan adopted the Paragon Alliance Group, LLC Volume Submitter 401(k) Profit Sharing Plan ("Paragon Plan"), which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Prototype Plan was designed in accordance with the provisions of the IRC. The Plan has been amended since adopting the Paragon Plan. The Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

John Hancock manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each pooled separate account. Fees paid by the Plan for certain record keeping services and administrative services amounted to \$3,150 for the year ended December 31, 2022. Certain employees of the Organization who are involved in the administration of the Plan are participants in the Plan. No such employees receive compensation from the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During the course of the 2022 plan year audit, several issues were identified regarding the census and contribution data for the Plan that were not consistent with the plan document provisions. The potential misstatements, totaling \$120,687, were recorded as a receivable from the Plan Sponsor and employer contributions to the Plan as of and for the year ended December 31, 2022. Additionally, the Plan Sponsor failed to remit employee deferred contributions to the Plan within the time period specified by the Department of Labor during the year ended December 31, 2022. The Plan Sponsor filed IRS Form 5330 to report and remit the excise tax associated with the late remittance including lost earnings as required pursuant to Section 4975 of the IRC. The Plan Sponsor also corrected the prohibited transaction by depositing the lost earnings into the Plan during 2023. (see Note 10).

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through January 31, 2024, the date the financial statements were available to be issued, and there were no subsequent events, other those disclosed, requiring adjustments to the financial statements or disclosures.

As discussed in Note 9, the Plan Sponsor noted the aforementioned census and contribution issues and accordingly made corrections to the Plan for each error noted each month during June through December 2023, totaling \$120,687.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Project Home 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Project Home 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Project Home 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Project Home 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Project Home 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Project Home 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Project H.O.M.E. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, which was established January 1, 2011, is a 401(k) defined contribution plan covering all eligible employees of Project H.O.M.E. (the “Organization” or “Plan Sponsor”). To be eligible to participate in the Plan, an employee must have attained the age of 21, completed twelve months of service and 1,000 hours of service. Entry into the Plan is quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration

John Hancock Life Insurance Company (“John Hancock”) is the recordkeeper of the Plan.

Contributions

Eligible participants are automatically enrolled in the Plan with a 3% deferral. Participants may decline automatic enrollment, stop, or change their deferral at any time subject to certain Internal Revenue Code (“IRC”) limitations. The Plan allows certain participants to make additional catch-up contributions. All participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in addition to the statutory limit.

The Plan also includes an automatic escalation feature. The automatic escalation will be 1.0% per year each October 1st and will stop once a participant is deferring 5% or more. The escalation provisions apply to all participants who have made affirmative elections that are greater than 0% but less than 5%.

With the consent of the Plan Sponsor, participants may transfer amounts from other qualified plans or conduit IRA’s as rollover contributions.

The Organization may elect to make a discretionary matching contribution for employees with deferral contributions each year. The Organization will contribute 100% of employee contributions not in excess of 5% of employee compensation.

All contributions are subject to IRC limitations and any contributions in excess of the IRC limitations shall be forfeited, if forfeitable, or distributed to the participant as promptly as possible, but not later than the last day of the following Plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Organization’s discretionary matching contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in pooled separate accounts managed by John Hancock. Participants may change their investment elections at any time.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Organization's matching contributions plus earnings thereon is based on years of service as follows:

<i>Years of Service</i>	<i>Percentage</i>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures resulting from the non-vested portion of the Organization's discretionary matching contributions may be used to reduce the amount paid in contributions by the Organization or reduce the Plan's administrative expenses. As of December 31, 2022 and 2021, total forfeitures outstanding were \$3,126 and \$19,180, respectively. During the year ended December 31, 2022, forfeitures of \$60,080 were used to reduce employer contributions.

Administrative Expenses

Certain expenses incurred in the administration of the Plan may be paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the less of \$50,000 or 50% of the value of their vested balance. The terms of the loan may not extend beyond five years except loans for the purchase of a home, for which the plan sponsor may permit a longer payment term. The loans are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at 1% over the prevailing prime rate at the time of the loan.

Benefits Paid to Participants

The Plan provides that under certain conditions, participants may withdraw their vested benefit. A participant is entitled to receive the vested portion of his or her account in a lump sum distribution under the conditions described in the Plan document, in the event of retirement, termination, disability, death or reaching age 59 1/2 as an active employee. Upon the death of a participant, the remaining portion of the benefit will be distributed to the beneficiary using the same payment method. As a result of the CARES Act, the Plan expanded eligible hardship distributions for participants who experienced financial hardships due to COVID-19. Eligible participants were able to receive distributions up to \$100,000 between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the Plan has been amended to reflect these changes.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividend income is allocated to the Plan based upon accumulated monthly balances in each pooled account and the relative interest of the Plan in each pooled account. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits Paid to Participants

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan in default, the participant loan balance is reduced, and a benefit payment is recorded.

As a result of the effects of COVID-19, Congress passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The CARES Act increased the available loan amounts to plan participants experiencing financial hardships due to COVID-19 to the lesser of \$100,000 or 100% of their vested account balance. Expanded loans were available through December 31, 2020. In addition, the CARES Act temporarily extended the repayment time for COVID-19 related loans for a term of 6 months. Plan participants who experienced financial hardships due to COVID-19 and had prior loans were also given the option to defer payments due between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the plan was amended to reflect these changes.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants during the 2023 plan year.

December 31, 2022 and 2021

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used or transfers between levels at December 31, 2022 and 2021.

Pooled separate accounts: These investments are valued using the net asset value (“NAV”) of the units held by the Plan at year end as provided by John Hancock. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value. The NAV per unit is used as the practical expedient to estimate fair value.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Pooled Separate Account – Valued at the daily closing accumulation unit value. The value is derived from the market value of the underlying real estate holdings or other real estate-related investments as well as liquid fixed-income investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. Accumulation units are available for transactions at the closing accumulation unit value on any day that the NYSE is open for trading. John Hancock ensures that the pooled separate account has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>December 31, 2022</i>		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$8,365,937	\$ -	\$8,365,937

<i>December 31, 2021</i>		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$9,703,035	\$ -	\$9,703,035

Fair Value of Investments that Calculate Net Asset Value (NAV)

The following table summarizes the pooled separate accounts measured at fair value based on NAV per unit as of December 31, 2022 and 2021.

	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Redemption Frequency (if currently eligible)	Redemption Notice Period
Asset allocation (a)	\$ 7,474,928	\$ 8,526,786	Daily+1	Daily
Equity (b)	711,063	997,852	Daily+1	Daily
Fixed income (c)	179,946	178,397	Daily+1	Daily

- (a) *Asset allocation* - The objective of these portfolios is to seek a high total return based on the fund's target retirement date under normal market conditions.
- (b) *Equity* - The objective of these portfolios is to seek a high total return through capital appreciation.
- (c) *Fixed income* - The objective of these portfolios is to provide income and long-term capital appreciation.

There are no unfunded commitments. Participants may redeem their investments daily and all redemptions are settled one day after redemption notice.

NOTE 4 – CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's assets (investments and notes receivable from participants) at December 31, 2022 and 2021 were held by John Hancock, a qualified institution. Accordingly, assets amounts (described above) on the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021, investment income (including net appreciation in fair value of investments and interest and dividends) and interest on the notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and information included in the accompanying ERISA required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock (the trustee of the Plan).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

NOTE 5 – TAX STATUS

Effective January 1, 2015, the Plan adopted the Paragon Alliance Group, LLC Volume Submitter 401(k) Profit Sharing Plan ("Paragon Plan"), which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Prototype Plan was designed in accordance with the provisions of the IRC. The Plan has been amended since adopting the Paragon Plan. The Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

John Hancock manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each pooled separate account. Fees paid by the Plan for certain record keeping services and administrative services amounted to \$3,150 for the year ended December 31, 2022. Certain employees of the Organization who are involved in the administration of the Plan are participants in the Plan. No such employees receive compensation from the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During the course of the 2022 plan year audit, several issues were identified regarding the census and contribution data for the Plan that were not consistent with the plan document provisions. The potential misstatements, totaling \$120,687, were recorded as a receivable from the Plan Sponsor and employer contributions to the Plan as of and for the year ended December 31, 2022. Additionally, the Plan Sponsor failed to remit employee deferred contributions to the Plan within the time period specified by the Department of Labor during the year ended December 31, 2022. The Plan Sponsor filed IRS Form 5330 to report and remit the excise tax associated with the late remittance including lost earnings as required pursuant to Section 4975 of the IRC. The Plan Sponsor also corrected the prohibited transaction by depositing the lost earnings into the Plan during 2023. (see Note 10).

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through January 31, 2024, the date the financial statements were available to be issued, and there were no subsequent events, other those disclosed, requiring adjustments to the financial statements or disclosures.

As discussed in Note 9, the Plan Sponsor noted the aforementioned census and contribution issues and accordingly made corrections to the Plan for each error noted each month during June through December 2023, totaling \$120,687.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Project Home 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Project Home 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Project Home 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Project Home 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Project Home 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Project Home 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Project Home 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Project H.O.M.E. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, which was established January 1, 2011, is a 401(k) defined contribution plan covering all eligible employees of Project H.O.M.E. (the “Organization” or “Plan Sponsor”). To be eligible to participate in the Plan, an employee must have attained the age of 21, completed twelve months of service and 1,000 hours of service. Entry into the Plan is quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration

John Hancock Life Insurance Company (“John Hancock”) is the recordkeeper of the Plan.

Contributions

Eligible participants are automatically enrolled in the Plan with a 3% deferral. Participants may decline automatic enrollment, stop, or change their deferral at any time subject to certain Internal Revenue Code (“IRC”) limitations. The Plan allows certain participants to make additional catch-up contributions. All participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in addition to the statutory limit.

The Plan also includes an automatic escalation feature. The automatic escalation will be 1.0% per year each October 1st and will stop once a participant is deferring 5% or more. The escalation provisions apply to all participants who have made affirmative elections that are greater than 0% but less than 5%.

With the consent of the Plan Sponsor, participants may transfer amounts from other qualified plans or conduit IRA’s as rollover contributions.

The Organization may elect to make a discretionary matching contribution for employees with deferral contributions each year. The Organization will contribute 100% of employee contributions not in excess of 5% of employee compensation.

All contributions are subject to IRC limitations and any contributions in excess of the IRC limitations shall be forfeited, if forfeitable, or distributed to the participant as promptly as possible, but not later than the last day of the following Plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Organization’s discretionary matching contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in pooled separate accounts managed by John Hancock. Participants may change their investment elections at any time.

The Project Home 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Organization's matching contributions plus earnings thereon is based on years of service as follows:

<i>Years of Service</i>	<i>Percentage</i>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures resulting from the non-vested portion of the Organization's discretionary matching contributions may be used to reduce the amount paid in contributions by the Organization or reduce the Plan's administrative expenses. As of December 31, 2022 and 2021, total forfeitures outstanding were \$3,126 and \$19,180, respectively. During the year ended December 31, 2022, forfeitures of \$60,080 were used to reduce employer contributions.

Administrative Expenses

Certain expenses incurred in the administration of the Plan may be paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the less of \$50,000 or 50% of the value of their vested balance. The terms of the loan may not extend beyond five years except loans for the purchase of a home, for which the plan sponsor may permit a longer payment term. The loans are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at 1% over the prevailing prime rate at the time of the loan.

Benefits Paid to Participants

The Plan provides that under certain conditions, participants may withdraw their vested benefit. A participant is entitled to receive the vested portion of his or her account in a lump sum distribution under the conditions described in the Plan document, in the event of retirement, termination, disability, death or reaching age 59 1/2 as an active employee. Upon the death of a participant, the remaining portion of the benefit will be distributed to the beneficiary using the same payment method. As a result of the CARES Act, the Plan expanded eligible hardship distributions for participants who experienced financial hardships due to COVID-19. Eligible participants were able to receive distributions up to \$100,000 between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the Plan has been amended to reflect these changes.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividend income is allocated to the Plan based upon accumulated monthly balances in each pooled account and the relative interest of the Plan in each pooled account. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits Paid to Participants

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan in default, the participant loan balance is reduced, and a benefit payment is recorded.

As a result of the effects of COVID-19, Congress passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The CARES Act increased the available loan amounts to plan participants experiencing financial hardships due to COVID-19 to the lesser of \$100,000 or 100% of their vested account balance. Expanded loans were available through December 31, 2020. In addition, the CARES Act temporarily extended the repayment time for COVID-19 related loans for a term of 6 months. Plan participants who experienced financial hardships due to COVID-19 and had prior loans were also given the option to defer payments due between March 27, 2020 and December 31, 2020. Effective March 9, 2023, the plan was amended to reflect these changes.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants during the 2023 plan year.

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used or transfers between levels at December 31, 2022 and 2021.

Pooled separate accounts: These investments are valued using the net asset value (“NAV”) of the units held by the Plan at year end as provided by John Hancock. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value. The NAV per unit is used as the practical expedient to estimate fair value.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Pooled Separate Account – Valued at the daily closing accumulation unit value. The value is derived from the market value of the underlying real estate holdings or other real estate-related investments as well as liquid fixed-income investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. Accumulation units are available for transactions at the closing accumulation unit value on any day that the NYSE is open for trading. John Hancock ensures that the pooled separate account has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>December 31, 2022</i>		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$8,365,937	\$ -	\$8,365,937

<i>December 31, 2021</i>		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$9,703,035	\$ -	\$9,703,035

Fair Value of Investments that Calculate Net Asset Value (NAV)

The following table summarizes the pooled separate accounts measured at fair value based on NAV per unit as of December 31, 2022 and 2021.

	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Redemption Frequency (if currently eligible)	Redemption Notice Period
Asset allocation (a)	\$ 7,474,928	\$ 8,526,786	Daily+1	Daily
Equity (b)	711,063	997,852	Daily+1	Daily
Fixed income (c)	179,946	178,397	Daily+1	Daily

- (a) *Asset allocation* - The objective of these portfolios is to seek a high total return based on the fund's target retirement date under normal market conditions.
- (b) *Equity* - The objective of these portfolios is to seek a high total return through capital appreciation.
- (c) *Fixed income* - The objective of these portfolios is to provide income and long-term capital appreciation.

There are no unfunded commitments. Participants may redeem their investments daily and all redemptions are settled one day after redemption notice.

NOTE 4 – CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's assets (investments and notes receivable from participants) at December 31, 2022 and 2021 were held by John Hancock, a qualified institution. Accordingly, assets amounts (described above) on the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021, investment income (including net appreciation in fair value of investments and interest and dividends) and interest on the notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and information included in the accompanying ERISA required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock (the trustee of the Plan).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

NOTE 5 – TAX STATUS

Effective January 1, 2015, the Plan adopted the Paragon Alliance Group, LLC Volume Submitter 401(k) Profit Sharing Plan ("Paragon Plan"), which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Prototype Plan was designed in accordance with the provisions of the IRC. The Plan has been amended since adopting the Paragon Plan. The Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

John Hancock manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each pooled separate account. Fees paid by the Plan for certain record keeping services and administrative services amounted to \$3,150 for the year ended December 31, 2022. Certain employees of the Organization who are involved in the administration of the Plan are participants in the Plan. No such employees receive compensation from the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During the course of the 2022 plan year audit, several issues were identified regarding the census and contribution data for the Plan that were not consistent with the plan document provisions. The potential misstatements, totaling \$120,687, were recorded as a receivable from the Plan Sponsor and employer contributions to the Plan as of and for the year ended December 31, 2022. Additionally, the Plan Sponsor failed to remit employee deferred contributions to the Plan within the time period specified by the Department of Labor during the year ended December 31, 2022. The Plan Sponsor filed IRS Form 5330 to report and remit the excise tax associated with the late remittance including lost earnings as required pursuant to Section 4975 of the IRC. The Plan Sponsor also corrected the prohibited transaction by depositing the lost earnings into the Plan during 2023. (see Note 10).

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through January 31, 2024, the date the financial statements were available to be issued, and there were no subsequent events, other those disclosed, requiring adjustments to the financial statements or disclosures.

As discussed in Note 9, the Plan Sponsor noted the aforementioned census and contribution issues and accordingly made corrections to the Plan for each error noted each month during June through December 2023, totaling \$120,687.
