Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Villages Charter School, Inc. Employees Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provision, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA

Note 1 - Description of Plan

The following description of The Villages Charter School, Inc. (the School) Employees Savings Plan (the Plan) provides general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan commonly known as a Code Section 401(k) Profit Sharing Plan covering all eligible employees of the School, as defined, who have attained age 21. There is no minimum service requirement to participate under the Plan. Therefore, employees will be eligible to participate in the Plan as the attainment of the minimum age of 21 and service requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established October 1, 2000, and was most recently restated January 1, 2022.

On July 1, 2019, Principal Financial Group acquired the Institutional Retirement & Trust business of Wells Fargo & Company, the parent company of Wells Fargo Bank, N.A. During 2020 and through May 20, 2021, Wells Fargo Bank, N.A. served as the recordkeeper and trustee of the Plan. On May 21, 2021, Plan assets moved to Principal Trust Company, who is now serving as the sole trustee of the Plan. Through May 20, 2021, Wells Fargo Bank, N.A. held all Plan assets, executed all of the investment transactions, and maintained the financial records relating to the trust. Beginning May 21, 2021, Principal Trust Company assumed these duties.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The School will contribute to the Plan a matching contribution of 100% of the first 5% of the participant's compensation. Additionally, the School may make profit-sharing contributions, at its discretion, subject to certain limitations. The profit-sharing contribution will be allocated using the same ratio as each participant's compensation bears to the total of such compensation of all eligible participants. Contributions are subject to certain limitations.

To simplify the administrative requirements for making salary deferrals under the Plan, the Plan is set up with an "automatic" deferral feature. If no Salary Reduction Agreement is completed, the School will automatically withhold 5% of the participant's Plan compensation from each paycheck and deposit such amounts into the Plan as a salary deferral.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the School's contributions and Plan earnings, and charged with benefit payments and an allocation of the Plan's losses and expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant directs the allocation of the assets, both employee and employer, to the various funds available through the Plan.

NOTES TO FINANCIAL STATEMENTS
THE VILLAGES CHARTER SCHOOL, INC.
EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the School's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest 20% per year of service; therefore, a participant is 100% vested after five years of credited service. To earn a year of service, a participant must be credited at least 1,000 hours of service during a Plan year. Employees are always 100% vested upon reaching the normal retirement age, death, or permanent disability.

Investment Options

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Participants may change their investment elections periodically, as permitted by the Plan sponsor.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to or equal to the lesser of \$50,000, or 50% of their account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% for all loans currently outstanding. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, a participant may be entitled to a distribution from the Plan. The availability of a distribution will depend on the amount of the participant's vested account balance. Depending on the balance of the vested account, the participant may elect to receive either a lump-sum amount equal to the vested value of his or her account, or in equal annual installments over a set number of years.

A participant may withdrawal all or any portion of their vested account balance after attainment of age 65. Hardship withdrawals may be requested from employee deferrals and are paid in one lump sum upon approval. In-service distributions from a participant's vested account balance may be made provided the participant has reached the age of 59 ½. Participants that reach the age of 70 ½ prior to January 1, 2020, are required to take a minimum distribution from their account. Participants who reach the age of 70 ½ after January 1, 2020, are required to take a minimum distribution from their account upon reaching the age of 72.

Absorption of Costs by the School

The School absorbs the Plan's audit costs and does not charge the Plan for administrative functions performed by employees of the School on behalf of the Plan.

Forfeitures

Forfeited balances of participants' non-vested accounts can be used to reduce future School contributions and to reduce administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$3,509 and \$3,412, respectively. Also, in 2022, \$51,257 in forfeitures was used to reduce School contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The assets are maintained by the Trustee and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. All participant notes must be adequately secured by the participant's vested account balance for security. The Plan administrator may require additional collateral to protect the interest of Plan participants.

If a participant defaults on a notes receivable repayment, the participant will be taxed on the entirety of the note amount (plus accrued interest) through the date of the default. If a participant is terminated, the participant may repay the entire outstanding balance of the note (including accrued interest) within a reasonable time period. If the entirety of the balance is not repaid, the participant's vested account balance is reduced by the remaining outstanding balance of the note.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's expenses are paid either by the Plan or the School, as provided by the Plan document. Expenses that are paid directly by the School are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan, that are paid by the Plan, are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits.

Revenue Sharing

The Plan participates in a revenue sharing agreement with Principal Trust Company, a party-in-interest of the Plan. Under the terms of the agreement, the Plan earns revenue credits based on the Plan's investment holdings. The Plan administrator may direct Principal Trust Company to use amounts held in

NOTES TO FINANCIAL STATEMENTS

the revenue credit account to pay vendors for fees and expenses associated with services provided to the Plan. For the 2022 Plan year, Principal Trust Company contributed \$30,690 in revenue sharing credits, all of which was used as participant fee levelization for the year ended December 31, 2022. Revenue credits are presented net with Plan expenses in the accompanying financial statements.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described as follows:

- **Level 1**—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2**—Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3**—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds—Value is determined by quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and disclosed as a Level 1 investment.

NOTES TO FINANCIAL STATEMENTS
THE VILLAGES CHARTER SCHOOL, INC.
EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA

Collective Investment Trust—The Plan invests in the Galliard Stable Return Fund PN (formerly known as Wells Fargo Stable Return Fund N), which is collective investment fund established, operated, and maintained by the SEI Trust Company. All of the assets of the Galliard Stable Return Fund PN are invested in the Galliard Stable Return Fund Core (formerly known as Wells Fargo Stable Return G). Fund Core invests in fully benefit-responsive investment contracts and security-backed contracts. The fund is valued at the NAV of units of the bank collective trust. The NAV, as provided by the issuer of the fund, is based on the fair values of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemptions in the fund occur at NAV following a 12-month notice period. There are no unfunded purchase commitments. The fund files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under Financial Accounting Standards Board Accounting Standards Update 2015-12 with respect to investment strategies for investments measured using the NAV practical expedient are not required in this report.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

*Investments that are measured at fair value using the NAV per share (or its equivalent) practical expediate have not been included in the fair value hierarchy. The NAVs presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 - Information Certified by Principal Trust Company

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule, which was certified by Principal Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	<u>2022</u>	<u>2021</u>
Notes Receivable from Participants	\$ 517,830	\$ 417,105
Collective Investment Trust	1,865,220	1,564,313
Mutual Funds	<u>19,602,530</u>	<u>23,866,810</u>
Total	<u>\$ 21,985,580</u>	<u>\$ 25,848,228</u>
Net Depreciation in Fair Value of Investments	\$ (4,860,528)	
Dividends	\$ 313,680	
Interest Income on Notes Receivable from Participants	\$ 24,012	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue their contributions at any time, and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, all participants become 100% vested in their account balances.

Note 6 - Party-In-Interest Transactions

Certain Plan investments are managed by the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for recordkeeping, loan fees, and other services totaled \$15,568 for the year ended December 31, 2022. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 7 - Tax Status

The Plan adopted a non-standardized pre-approved profit sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator

NOTES TO FINANCIAL STATEMENTS
THE VILLAGES CHARTER SCHOOL, INC.
EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA

believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment will occur in the *near-term*, and that such changes could materially affect the participant account balances and amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2022 through October 12, 2023, the date the financial statements were available to be issued. No material events have occurred since December 31, 2022, that require recognition or disclosure in the financial statements.
