MEGA INTERNATIONAL, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018 (See Independent Auditor's Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Mega International, LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General **-** The Plan is a defined contribution plan that was established on June 1, 2016 by Mega International, LLC ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2019, Regent, L.P., ("Regent") an affiliated company, acquired various divisions of companies and the eligible employees of the acquisitions were allowed to participate in this plan and transfer their account balances into this plan in accordance with the provisions of ERISA.

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Great-West Trust Company, LLC to act as trustee and custodian, and with Great-West Life & Annuity Insurance Company (collectively referred to as "Great-West") to hold the assets of the Key Guaranteed Portfolio Fund ("KGPF"). Empower Retirement processes and maintains records of participant data and provides plan services.

Contributions **-** Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for automatic enrollment for eligible new hires with a deferral rate of 3% which is increased by 1% each year until it reaches a maximum of 6% of eligible compensation, unless the eligible employee elects differently. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan does not allow for employer contributions.

Participant Accounts **-** Each participant's account is credited with the participant's contribution, plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of plan earnings and losses are based on

individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting **-** Participants are 100% vested in their accounts at all times.

Notes Receivable from Participants **-** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2019 carry interest rates which range from 5.75% to 6.50%. Outstanding notes receivable from participants as of December 31, 2018 carry an interest rate of 6.00%. Principal and interest is paid per the terms of the note and in accordance with plan provisions. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits **-** Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their account balance and are paid in accordance with plan provisions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting **-** The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates **-** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition **-** Investments are reported at fair value except for fully benefit-responsive investments which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Great-West. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. In 2019, employee deferrals in excess of the ADP limits were contributed to Plan but were not timely distributed to the highly-compensated employees (HCEs). In a subsequent Plan year, the Plan Sponsor corrected this operational error by distributing the excess deferrals to the HCEs under the Self Correction method of the Employee Plans Compliance Resolution System and reported the distributions to the affected HCEs on a 1099-R. As of December 31, 2018, there were no material excess contributions payable.

Plan Expenses - In 2019, some plan fees were paid by the Company and these amounts are excluded from the Plan's financial statements. Some investment advisory fees are paid by the Plan through the Plan's Expense Account. Investment/fund fees, certain participant fees, and remaining investment advisory fees are charged to participant accounts as applicable.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Plan has evaluated subsequent events through January 30, 2024, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such

changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Interest, dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
- Investments reflected on the Schedule of Assets (Held at End of Year).

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$8,681,383	$ -	$ -	$8,681,383
Investments at fair value	$8,681,383	$ -	$ -	$8,681,383

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$2,507,365	$ -	$ -	$2,507,365
Investments at fair value	$2,507,365	$ -	$ -	$2,507,365

NOTE 6 - KEY GUARANTEED PORTFOLIO FUND

The Plan entered into a fixed annuity contract for the KGPF with Great-West which maintains the contributions in a general account. Interest is earned and compounded daily to the effective annual interest rate as determined by Great-West. The KGPF is considered fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the KGPF. Contract value approximates fair value as of December 31, 2019 and 2018.

For the KGPF, there are no unfunded commitments and the units can be redeemed daily. There is a twelve month redemption notice for this fund which can be enforced by Great-West. Either party to the Group Annuity Contract may terminate the contract with at least 60 days advance written notice to the other party. The contract termination date shall be any business day on or after the expiration of the 60-day notification period. Events that limit the ability of the Plan to transact at contract value with the issuer are premature termination of the contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. At this time, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Great-West and that also would limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value as of December 31, 2019 and 2018.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by Great-West. Any purchases and sales of these investments are performed in the open market at fair value or contract value. Plan related fees are paid to Great-West and investment advisors. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan adopted a prototype plan, which received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - SUBSEQUENT EVENTS

The Company has made several acquisitions of divisions of companies and the eligible employees of the acquisitions hired by the Company are allowed to participate in this plan.

The SECURE 2.0 Act of 2022 was passed into law in December 2022. The provisions of SECURE 2.0 Act of 2022 continue the themes and reforms that began with the 2019 SECURE Act. Since the provisions of SECURE 2.0 Act of 2022 and 2019 SECURE Act include both required and optional elements, the Plan Administrator will determine provisions which will impact the operation of the Plan.

In November 2022, Regent acquired Intermix Holdco, LLC ("Intermix"). Effective June 16, 2023, Intermix became a participating employer in the Plan and plan assets were transferred in accordance with the provisions of ERISA. The Plan was amended to provide participants credit for services with Intermix. In addition, the Plan was restated for certain legislative and regulatory changes. Participants should refer to plan documents for any changes made to the Plan.

In connection with the name change from Great-West to Empower Retirement LLC in 2022, an updated opinion letter dated November 14, 2022 was received by the Plan.

Effective October 1, 2020, the Plan adopted a non-standardized pre-approved plan which received an opinion letter dated June 30, 2020 from the IRS. In addition, the Plan was amended to include The Beautiful Group as a predecessor

employer and provide eligible employees credited service. The Beautiful Group 401(k) Retirement Savings Plan merged into this Plan effective October 1, 2020 and plan assets were transferred in accordance with the provisions of ERISA. The Plan was amended and restated for certain legislative and regulatory changes. Participants should refer to plan documents for any changes made to the Plan.
