INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
the Kapsch TrafficCom 401(K) Plan
Duluth, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kapsch TrafficCom 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kapsch TrafficCom 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kapsch TrafficCom 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kapsch TrafficCom 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kapsch TrafficCom 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kapsch TrafficCom 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules of assets held at year-end and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KAPSCH TRAFFICCOM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan

The following description of the Kapsch TrafficCom (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan intended to qualify under Section 401(K) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan generally covers employees of Kapsch TrafficCom IVHS Inc. (the primary), Kapsch TrafficCom USA, Inc., and Kapsch TrafficCom Transportation NA, Inc., who have attained 18 years of age.

The custodians of the Plan are Principal Life Insurance Company, Inc. (Principal) and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company), members of the Principal Financial Group who are responsible for holding Plan assets. Principal also serves as the Plan record keeper. Individuals of the Company serve as the Plan's trustees.

Participant Contributions

Each year, participants may make salary reduction contributions up to 100% of pretax annual compensation subject to the limitations of the IRC, as defined in the Plan.

Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as rollover contributions. Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon.

Company Contributions

The Company has the option to make annual discretionary matching contributions to the Plan based upon a percentage of each participant's deferral. For the year ended December 31, 2022, contributions of \$1,797,186 were made. Vesting in the Company contributions portion of their account plus earnings thereon is based on years of continuous service. Company discretionary contributions vest by twenty-five percent after completion of the first year of service and vest an additional twenty-five percent thereafter until fully vested after four years.

The Company may also make annual non-elective contributions to the Plan that is at the sole discretion of the Company. Non-elective employer contributions made to the Plan will be allocated to the participant's account based on an integrated allocation formula. For the year ended December 31, 2022, no such non-elective employer contribution was made.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, rollovers (transfers in from other qualified plans), the Company discretionary matching contribution, and allocations of (a) Company discretionary profit-sharing contributions (if any), (b) Plan earnings, (c) realized and unrealized gains and losses on investments, and (d) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of Plan, Continued

Investment Options

Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions across these options in any proportion they wish and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time.

Payment of Benefits

Participants are eligible for retirement benefits upon attaining the age of 65 or early retirement defined as age 59 1/2. On termination of service due to death, disability or retirement, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, installment payments, or an annuity over the applicable life expectancy or term certain period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect a direct rollover distribution. However, if the total value of the vested balance is \$5,000 or less, the entire vested balance will be distributed in a lump sum payment. Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The number of loans a participant may have outstanding is limited to one. All loans must be approved by the Plan administrator and will bear interest at a rate commensurate with local prevailing rates. Interest rates on participant loans ranged from 4.25% to 9.50%. Loans are secured by the balance in the participant's account and require periodic payments and are due through July 2028.

Forfeited Accounts

Terminating participants forfeit the non-vested portion of the participants' employer contributions. Forfeitures can be allocated to participant accounts based on participant earnings, as defined, or used to reduce the Company's Plan contributions first; any remaining amounts are used to reduce the Company's administrative expenses to the Plan. For the year ended December 31, 2022, forfeitures of \$148,242 were used to reduce the Company's employer contributions, \$19,578 was used to reduce administrative expenses, and \$167,131 was reallocated to participants' accounts. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$12,334 and \$220,855 respectively.

NOTE 2 - Summary of Significant Accounting Policies

The Plan's significant accounting policies are summarized as follows:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

KAPSCH TRAFFICOM 401(K) PLAN

NOTE 2 – Summary of Significant Accounting Policies, Continued

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses are required to be paid by the Plan. All such costs and expenses will, unless allocable to the accounts of particular participants, be charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may be directed by the Company. In addition, certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan.

Fair Value of Financial Instruments

Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820) establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. ASC 820 provides a three-tiered fair value hierarchy with Level 1 representing quoted prices for identical assets or liabilities in an active market and Level 3 representing a valuation methodology based on unobservable inputs significant to the fair value measurement. Under ASC 820, Level 2 valuation methodologies include: 1) quoted similar assets or liabilities in an active market, 2) quoted identical or similar assets or liabilities in an inactive market, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The Plan discloses its financial instruments, where it is practicable to estimate, at fair value. For the registered investment companies, quoted market prices are the basis for the fair value of investment securities. For the pooled separate accounts and common/collective trusts, audited financial statements by an independent third party are the basis for the fair value of investment securities. Market values are determined using the last reported sales price on the last business day of the Plan year. The net asset value is calculated in a manner consistent with GAAP for investment companies. Because it is valued similarly to a mutual fund, the common/collective trusts and pooled separate accounts are reported as Level 1 assets.

Plan contributions are invested under a Group Annuity Contract issued by Principal Life Insurance Company. This product is an unallocated investment contract. The insurance company performs the functions of receiving contributions from the Trustees, valuing Plan assets, and making payment of benefits, as directed by the Trustees. Valuation of accounts under the Plan is based on the unit system of accounting. Available investment options include a money market account, a common/collective trust and mutual funds. All investments are participant directed. The Plan's investments at December 31, 2022 and 2021 are stated at fair value except for its benefit-responsive investment contract which is valued at contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Income Recognition

In accordance with the policy of stating investments at current market value, net realized and unrealized appreciation and depreciation are reflected in the statement of changes in net assets available for plan benefits. Earnings and interest from investments are recorded as earned using the accrual method of accounting. Dividends are recorded on the ex-dividend date.

NOTE 2 – Summary of Significant Accounting Policies, Continued

Investment Contracts

On March 10, 2014, the Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company. Principal maintains the Fixed Income Guarantee Option contributions in a general account. The account is credited with earnings on the underlying investments and charged by Principal for Plan withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, except transfers to competing funds may be restricted at 90 days. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 3 – Investments

Investment assets, transactions and income, as presented in the financial statements, were certified to be complete and accurate by Principal Life Insurance Company and Principal Trust Company for the years ended December 31, 2022 and 2021, respectively.

Investments at Fair Value

The following table presents, by level, the Plan's investments at fair value:

December 31, 2022					
	Level 1	Level 2	Level 3	Total

Investments at fair value	\$ 71,463,194	\$ -	\$ -	\$	71,463,194

With the exception of the Fidelity Advisor International Discovery A Fund, all mutual funds, pooled separate accounts, and common/collective trust transfers and payments are generally processed within seven business days; however, Principal has the right to take up to 30 days to process transfers and payments and to restrict the rights for redemptions at any time. Transfers and payments for the Fidelity Advisor International Discovery A Fund can take up to 60 days to process and are subject to a 1.0% redemption fee.

KAPSCH TRAFFICOM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – Investments, Continued

Investments at Contract Value

The contract value of the insurance contract held by the Plan was \$6,581,480 and \$5,856,993 at December 31, 2022 and 2021, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following: (a) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (b) premature termination of the contracts, (c) Plan termination or merger, (d) changes to the Plan's prohibition on competing investment options, or (e) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

NOTE 4 – Parties-In-Interest Transactions

The Plan has not considered participant contributions or benefits accrued or paid by the Plan for participants as party-in-interest transactions. Certain Plan investments are mutual funds and pooled separate accounts managed by Principal Life Insurance Company. Such transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees paid during the year for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. Participant loan origination fees are paid out of the relevant participant's account.

NOTE 5 – Income Tax Status

The Company adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020 which stated that the Plan is designed in accordance with applicable sections of the IRC, and therefore, is not subject to tax under present Federal income tax laws.

KAPSCH TRAFFICOM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – Income Tax Status, Continued

Management evaluated the Plan's tax positions under guidance from the Financial Accounting Standards Board and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 6 – Summary of Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Trust Company, both qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022, and 2021.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 7 – Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

NOTE 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

KAPSCH TRAFFICCOM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – Prohibited Transactions

For the Plan year ended December 31, 2022 and 2021, the Company remitted \$1,547,701 and \$675,401, respectively of participants' and discretionary employer matching contributions untimely to the Plan. During 2022, the Company made an interest payment of late remittances related to 2021 to compensate the Plan for lost investment earnings. Plan's management intends to correct the remaining late remittances. Management believes these non-exempt transactions do not affect the tax status of the Plan, and the Company intends to pay all interest, penalties and fines related to this issue, if any.

NOTE 10 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through December 20, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
