Independent Auditor's Report

To the Plan Administrator of
Rotary Corporation 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Rotary Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are

presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROTARY CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Rotary Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution retirement plan which was established on January 1, 1971 and covers all full-time and part-time employees of Rotary Corporation (the Company) who have completed ninety days of services and who are at least eighteen years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In June 2021, the Plan's trustee and third party administrator changed from Wells Fargo Bank, N.A. to Principal Financial Group, as part of Principal Financial Group's acquisition of Wells Fargo Institutional Retirement and Trust business in July 2019.

Contributions

Contributions to the Plan are made voluntarily by participating employees who elect a salary reduction which is remitted to the Plan by the Company on behalf of participants. Employees are automatically enrolled in the Plan on the first day of the month following ninety days of service with a pre-tax elective deferral of 4%. Plan participants are permitted to contribute pre-tax deferrals to the Plan subject to ERISA limitation of \$20,500 and \$19,500 during the years ended December 31, 2022 and 2021, respectively. Participants who attain age 50 before the end of the Plan year may contribute an additional \$6,500 catch up amount for the years ended December 31, 2022 and 2021. The Plan also provides for rollover contributions by participants from other qualifying plans.

The amount of the Company's annual profit-sharing contribution to the Plan is determined at the discretion of the Board of Directors. There were no profit-sharing contributions for the years ended December 31, 2022 and 2021. The Plan has a Safe Harbor provision, and under this provision, the Company makes contributions that match 100% of participant contributions up to 3% of participant compensation and 50% of the next 2% that participants defer.

Participant accounts

Each participant's account is credited with the employee's contributions and the Company's related matching contributions and with an allocation of (a) the Company's profit sharing contribution, and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocation of the Company's profit sharing contributions is calculated using a pro rata method based on the participant's total compensation. Allocation of Plan earnings and administrative expenses are calculated using a pro rata method based on the participant's account balance. A participant is entitled to the benefit provided from the participant's vested account balance.

Investment options

Investments are participant-directed among forty-four funds.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeitures of the nonvested portion of individual participants' account balances are used to pay other fees and reduce employer contributions. There were no unallocated forfeited amounts at December 31, 2022 and 2021. Forfeitures utilized towards employer contributions totaled \$3 and \$64 for the years ended December 31, 2022 and 2021, respectively.

Participant loans

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of (a) 50% of the participant's vested balance reduced by any outstanding loan balance or (b) \$50,000 reduced by the highest outstanding loan balance during the one year period ending on the day before the loan is made. A participant may have only one outstanding loan at any given time and may not exceed two loan distributions in a twelve month period. Interest rates on outstanding notes receivable from participants ranged from 4.25% to 8.50% at December 31, 2022 and 2021.

Payment of benefits

Benefits are payable upon (a) termination of service, (b) after attainment of age 59 1/2, or (c) death or permanent disability. A participant may elect to receive a lump sum equal to the value of his or her vested account, a qualified joint and survivor annuity, equal installments not to exceed the joint life expectancy of the participant and the participant's spouse (if married) or the participant's life expectancy (if not married), an annuity income payable which is in compliance with the Internal Revenue Code and Regulations, or periodic installments paid not more often than annually. Additionally, the Plan allows for in-service hardship distributions subject to Plan provisions. Benefits under the Plan are fully funded and are therefore exempt from the benefits termination insurance provision of ERISA.

At December 31, 2022 and 2021, \$0 of benefits had been processed for payment to persons who had requested distributions but had not yet been paid by the Plan.

Vesting

Participants are fully vested in all employee and Safe Harbor Company contributions made to the Plan. The allocations to each participant's account arising from non-safe harbor Company contributions and Plan earnings are vested in accordance with the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon attainment of normal retirement age, total permanent disability, or death, a participant or their beneficiary becomes 100% vested.

Contributions receivable

Contributions receivable are based upon the timing difference between the determined contributions of the employer and employees and the receipts by the investment trustee.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, contributions are recognized when determined, rather than when received, and expenses are recognized when incurred, rather than when paid.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Consequently, actual results could differ from those estimates.

Valuation of investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Investment earnings include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Reclassification

Certain prior year amounts have been reclassified to conform to current year presentation.

Subsequent events

The Plan has been evaluated for subsequent events through January 30, 2024, the date the financial statements were available to be issued.

NOTE 3 – RELATED PARTY TRANSACTIONS

Advus Financial Partners is contracted to aid in management of the Plan at a cost of 20 basis points of the Plan size. This expense is assumed by the Plan.

The Company absorbs certain administrative expenses of the Plan which totaled \$12,410 and \$8,300 for the years ended December 31, 2022 and 2021, respectively. These fees were in addition to the administrative fees paid by the Plan.

NOTE 4 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The trustee is authorized under contract provisions, and by ERISA regulations providing an administrative or statutory exemption, to invest in funds under its control. Certain Plan investments, including collective investment trusts, are managed by Principal Trust Company, the trustee. These transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return on each fund.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – DESCRIPTION OF INFORMATION CERTIFIED BY THE INVESTMENT TRUSTEE

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to have the investment trustee of the Plan, Principal Trust Company, certify as to the accuracy and completeness of certain information included in the accompanying financial statements and schedules in lieu of the Plan's independent accountants examining such information. Accordingly, the following information was certified by the investment trustee and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying financial statements and supplemental schedules:

- Investments in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Activity in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Information included in the supplemental schedules, as listed in the accompanying table of contents.

NOTE 7 - INCOME TAX STATUS

The Plan obtained its latest determination letter on June 16, 1997, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however the Plan administrator believes that the current design and operation of the Plan are in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management of the Plan evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2019.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

NOTE 9 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Collective investment trusts: Collective investment trusts (CITs) are a versatile, cost-effective, and competitive alternative to mutual funds for defined contribution (DC) plans. In addition to offering participants reasonable, cost-efficient investment options, they can also help plan sponsors fulfill their fiduciary duty. As tax-exempt, pooled investment vehicles—available only to DC and other ERISA-qualified plans, CITs are pooled investment vehicles managed collectively in accordance with a common investment strategy. CITs in general are pooled investment vehicles sponsored and maintained by a bank or trust company that also serves as the trustee. CITs combine assets from eligible investors into a single investment portfolio (or “fund”) with a specific investment strategy. These trusts are required to publish their daily net asset value (NAV) and to transact at that price. The CITs held by the Plan are deemed to be actively traded.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:
