INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the financial statements of the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 28, 2022 (liquidated) and December 31, 2021 (in liquidation), and the related statements of changes in net assets available for benefits for the period ended December 28, 2022 and the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 28, 2022, and for the respective period then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter - Plan Termination and Basis of Accounting

As discussed in Note 1 to the financial statements, the sole member of the plan sponsor approved a resolution to terminate the Plan effective December 16, 2021. All assets were distributed as of December 28, 2022. In accordance with accounting principles generally accepted in the United States of America, the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan presents the financial statements on the liquidation basis. Our opinion is not modified with respect to this matter.

December 28, 2022 (Liquidated) and December 31, 2021 (In Liquidation)**

1. DESCRIPTION OF PLAN

The following description of the Alliant Asset Management Company, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan’s provisions.

General

The Plan was a defined contribution plan that covered all employees of Alliant Asset Management Company, LLC (the “Company”) who are at least 21 years old and not part of a prohibited class per the plan agreement. Employees could enter the Plan on the first day of each month coinciding or following eligibility. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination

On December 16, 2021, the management of the Plan sponsor elected to fully terminate the Plan. All participants became 100% vested in their entire account balance and as of December 28, 2022 the plan was effectively terminated, and all plan assets were fully liquidated and formally terminated the plan.

Contributions

Participants’ pre-tax and Roth contributions were made to the Plan by means of salary deferral by which the participant may elect to contribute up to 100% of their compensation subject to a maximum amount allowable by the Internal Revenue Service (“IRS”). Rollover contributions were also eligible. Participants who have reached at least 50 years of age by the end of the Plan year, may elect to make catch-up contributions not to exceed a fixed amount determined annually by the IRS. During the year ended December 31, 2021, the Company made discretionary matching contributions equal to 50% of a participant’s contributions, up to the first 4% of each participant’s eligible wage. Matching contributions of \$372,957 were made to the Plan for the year ended December 31, 2021. No matching contributions were made during the period ending December 28, 2022.

Participant Accounts

Each participant’s account was credited with the participant’s contribution, the Company’s matching contribution, and an allocation of Plan earnings or losses and credited with plan expenses. Allocations of Plan earnings were based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested interest in their account.

Investments

Each participant directs the allocation of his or her contribution and employer matching contributions to one or more of the investment options offered by the Plan.

Notes Receivable from Participants

The Plan allowed participants to borrow up to 50% of their vested account balances, but not less than \$1,000 and no more than \$50,000. The loan repayment period must be no more than five years with the interest rate determined based on the rate a bank or professional lender would charge. Notes originated to secure the purchase of a home can generally be repaid over a reasonable period of time that may exceed five years. The loans were secured by the vested balance in the participant’s account. The interest rate charged on outstanding notes was 5.25% as of December 31, 2021. As of the plan termination date, any remaining loans were deemed to be distributed.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 0% vested until the participant has attained three years of credited service, at which point he or she becomes fully vested. Upon termination all participants became fully vested.

Payment of Benefits

Upon termination of service due to death, permanent disability, retirement or early retirement, as defined by the Plan document, a participant will receive a distribution of his or her vested account balance in a single lump-sum amount. The Plan also allows for hardship distributions, as defined in the Plan document. Withdrawals made by terminating participants are based upon the vested balance in their individual accounts at the time of termination and are recorded in the year of distribution.

Administrative Expenses

Administrative expenses incurred in the administration of the Plan are paid by both the Plan and the Company. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments and are not readily determinable.

Forfeitures

Forfeitures of terminated participants' non-vested accounts stay within the Plan and are used to offset the Company's matching contributions, to pay for certain Plan expenses or allocated to participant accounts. During the period ended December 28, 2022, forfeitures of \$110,624 were allocated to participant accounts. As of December 28, 2022 and December 31, 2021, there were forfeited non-vested accounts available for future use of \$0 and \$110,624, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the liquidation basis of accounting.

As a result of the Plan termination announced in 2021, the liquidation basis of accounting was used in preparing the accompanying December 28, 2022 and December 31, 2021 financial statements. Under the liquidation basis of accounting, the Plan did not have any material administrative expenses to accrue through the end of its liquidation. No other income, losses or costs expected to be realized or incurred through liquidation were estimable in preparing the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 28, 2022 and December 31, 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are measured at quoted prices in an active market and have been certified complete and accurate by Fidelity Management Trust Company, the Plan's trustee (Note 4). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets in liquidation available for benefits and the statement of changes in net assets in liquidation available for benefits.

Subsequent Events

The Plan evaluated subsequent events through January 11, 2024, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Following is a description of the valuation methodologies used for assets measured at NAV as the practical expedient to estimate fair value:

Common/Collective Trusts ("CCT"): CCT are valued at NAV, which is based on the fair value of the underlying investments of the CCT, less any liabilities. CCT are comprised solely of the MetLife Stable Value Fund ("SVF"). The SVF invests in fully benefit-responsive investment contracts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The redemption of the SVF is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption. The SVF has no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between Levels 1, 2, and 3 for the periods presented.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,945,015	\$ -	\$ -	\$ 13,945,015
Investments measured at NAV (a)	<u>-</u>	<u>-</u>	<u>-</u>	<u>352,679</u>
Investments at fair value	<u>\$ 13,945,015</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,297,694</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by Fidelity Management Trust Company (the "custodian"), except for comparing such information with the information reported in the financial statements.

Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 28, 2022 and December 31, 2021. Accordingly, the custodian of the Plan assets has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 28, 2022 and December 31, 2021.
- Net (depreciation) appreciation in fair value of investments, interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the period ended December 28, 2022 and year ended December 31, 2021.

5. TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 28, 2022 there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by Fidelity Advisors, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan makes payments to parties-in-interest who provide services to the Plan. The Company, which qualifies as a party-in-interest, absorbs certain administrative expenses of the Plan. Such transactions qualify for a statutory exemption. Additionally, notes receivable from participants are considered party-in-interest transactions.

7. TERMINATION OF THE PLAN

As discussed in Note 1 the Company announced a formal course of action to terminate the Plan, subject to the provisions of ERISA. Participants' accounts were fully vested and any unallocated assets of the Plan were allocated to participants' accounts and distributed in accordance with the Plan's provisions.
