INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants
Secure Retirement Pooled Employer Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed audits of the financial statements of Secure Retirement Pooled Employer Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Secure Retirement Pooled Employer Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Secure Retirement Pooled Employer Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Secure Retirement Pooled Employer Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2022 Supplemental Schedules Required by ERISA

The supplemental schedules: Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4a - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2021 Financial Statements

The accompanying statement of net assets available for benefits of the Secure Retirement Pooled Employer Plan as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended were not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

Notes to Financial Statements

1. Description of Plan

The following description of the Secure Retirement Pooled Employer Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General.

The Plan is a pooled employer plan established and administered by Plan Compliance Services, Inc., the Pooled Plan Provider (PPP). The Plan was established under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) on January 1, 2021. The Plan is a defined contribution plan covering eligible employees of the Participating Employers, and is intended to qualify under Internal Revenue Code of 1986, as amended (IRC or Code), sections 401(a) and 501(a). The Plan is intended to constitute a multiple employer plan, as described under Code sections 410(a), 411, 413, and 415. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payments of benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility.

Only those employees of a particular Participating Employer who are designated by the Participating Employer in its adoption agreement as eligible employees shall be eligible to participate in the Plan. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Eligible employees shall be eligible to make participant contributions and receive allocations of employer contributions if and to the extent specified in the applicable adoption agreement or otherwise provided by the Plan.

Contributions.

Each year eligible participants may make pre-tax or Roth contributions from their eligible compensation, as defined by the Plan and the Participating Employer adoption agreement, subject to applicable limits established by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions. Under certain circumstances, eligible employees may make rollover contributions to the Plan.

The Participating Employers in the Plan may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant’s compensation based on the Participating Employer’s adoption agreement, unless the participant opts out.

1. Description of Plan (continued...)

Participant accounts.

Participants direct their account balance into various investment options offered by the Plan. Participant accounts are credited with the participant's contributions, the Participating Employer's contributions, if any, and investment earnings and/or losses and charged with the participant's benefit payments and applicable transactions charges, which are considered administrative expenses. Allocations are based on participant compensation, deferrals, or the earnings and losses of the participant's account balances, as defined. Income is allocated daily based on the number of shares or units in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in a Participating Employer's contribution portion of their accounts (if elected) is based on years of service ranging from immediate to six years graded or cliff vesting as elected by each Participating Employer or attaining the retirement age of 65, or upon death or disability.

Notes receivable from participants.

Participants may borrow from the vested portion of their account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their account balance. Loan terms are fixed up to five years, except in the case of a loan used to acquire a principal residence, in which case the loan term may exceed five years. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate at the time of the loan, generally 1% above the prime rate. Principal and interest are paid ratably through payroll deductions.

Payment of benefits.

On termination of service, death, disability, or retirement, a participant, or their beneficiary, may elect to receive either a lumpsum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. In-service withdrawals may be taken after attaining age 59-1/2. Withdrawals may be made in conjunction with IRS hardship distribution regulations.

Forfeited accounts.

Forfeited nonvested accounts may be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeited account balances were \$20,595 and \$19,865 as of December 31, 2022, and 2021, respectively

Plan Termination.

During 2023, the Plan's only Participating Employer adopted The Platinum 401(k) Retirement Savings Plan, a pooled employer plan. All of the Plan's investments and participant accounts were transferred to this new plan.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates.

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition.

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021. Delinquent participant loans are recorded as distributions based upon the terms of the Plan documents.

Payment Benefits.

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

Expenses.

Plan expenses paid directly by the Company are excluded from these financial statements. Fees charged directly to participant accounts are included in administrative expenses. Investment-related expenses are included in net appreciation of the fair value of investments.

Subsequent Events.

Plan management has evaluated events and transactions that occurred between December 31, 2022, and January 17, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. During 2023, the Plan's only Participating Employer adopted The Platinum 401(k) Retirement Savings Plan, a pooled employer plan. All of the Plan's investments and participant accounts were transferred to this new plan.

3. Information Certified by the Plan Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022 has been reported to the Plan and certified as complete and accurate by the Plan's custodian, Advisor Trust, Inc.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology that are unobservable for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued...)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification to ensure that securities liquidations will be carried out in an orderly business manner.

Morley Stable Value Account. The Morley Stable Value Fund (the Fund) is a collective investment trust maintained by Principal Global Investors Trust Company, (the Trust Company). The Trust Company has retained Morley Capital Management (Morley), an investment management team within Principal Global Investors, LLC, (the Adviser), to serve as investment manager with respect to the Fund, subject to the Trust Company’s supervision and review. The Adviser is an indirect wholly owned subsidiary of Principal Financial Group® and is under common control with the Trust Company.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued...)

The fair value of the Plan's participant-directed investments as of December 31, 2022, and 2021 are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>12/31/2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	4,461,492			4,461,492
Total assets in the fair value hierarchy	4,461,492	-	-	4,461,492
Investments measured at net asset value*				256,329
Investments at fair value	4,461,492	-	-	4,717,821

<u>12/31/2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	3,741,396			3,741,396
Total assets in the fair value hierarchy	3,741,396	-	-	3,741,396
Investments measured at net asset value*				110,906
Investments at fair value	3,741,396	-	-	3,852,302

The Plan uses NAV to determine the fair value of investments which (a) do not have readily determinable fair value and (b) prepare the financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022.

<u>Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Morley Stable Value Class - 25 I	256,329	N/A	Daily	N/A

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Fully Benefit Responsive Investment Contracts

The Morley Stable Value Fund primarily consists of a diversified portfolio of Stable Value Investment Contracts (Investment Contracts) issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed income investments. The principal value of these assets is designed to remain stable regardless of stock and bond market fluctuations. The Fund is typically appropriate for investors who desire low volatility, stable principal value, and returns commensurate with a capital preservation objective for a component of their retirement savings. The Fund is designed for long-term retirement investing.

The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive plan or participant payments.

While stable value is generally considered a conservative investment option, stable value assets do carry potential risks. The Fund may lose value and may be worth more or less than the original cost when redeemed, and there is no assurance that the Fund's objective will be achieved. Risks include, but are not limited to, 1) Investment Contract risk which includes the risk of maintaining Book Value Accounting standards and the risk that Investment Contract issuers may default on their obligations under the contract; 2) interest rate risk which includes the potential that an increase in market interest rates may decrease the value of fixed income securities (bonds); 3) credit risk which reflects the potential that the issuer of fixed income securities will be unable to make the required payments of interest and/or principal when due. Morley Capital Management seeks to mitigate Investment Contract and credit risk by investing only in investment grade securities. Morley Capital Management's credit research team continually analyzes the credit standing and outlook of investments in the Fund seeking to identify investment options with the best risk/return characteristics consistent with the Fund's investment objective. Please review the Morley Stable Value Fund Disclosure document for additional information regarding Fund structure, investment objective and strategy, risks and expenses and carefully consider such factors before investing.

The Fund is not a deposit, obligation, guaranteed or insured by PGI Trust Co. or any affiliate, is not insured by the Federal Deposit Insurance Corporation (FDIC) or any other federal or state government agency. Neither the Fund nor the offering of the Units has been registered under the U.S. securities laws. Therefore, investors will not have the benefit of the protections for registered securities afforded by the Securities and Exchange Commission ("SEC").

6. Rollover Contributions

Rollovers may be accepted from all Participants who are Employees as well as any Eligible Employee, even prior to meeting eligibility conditions to be a participant. Distributions may be made from a Participant's Rollover account at any time.

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are held by Advisor Trust Company, the custodian as defined by the Plan. Fees incurred within these investments are netted against investment returns and qualify as party-in-interest transactions.

During 2022, fees were also paid to PCS Retirement, LLC. And Strategic Capital Advisers for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

8. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2022, and 2021.

11. Delinquent Employee Deferral Transmittals

During 2022, a participating employer erroneously failed to remit certain employee deferrals and loan repayments to the Plan aggregating \$56,894.

12. Termination of the Plan

During 2023, the Plan's only Participating Employer adopted The Platinum 401(k) Retirement Savings Plan, a pooled employer plan. All of the Plan's investments and participant accounts were transferred to this new plan.
