Independent Auditors' Report

To the Plan Administrator of
VALU Home Centers
401(k) Profit Sharing Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of VALU Home Centers 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of August 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended August 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of August 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VALU Home Centers 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the VALU Home Centers 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees of Valu Home Centers, Inc. (the “Plan Sponsor”) as well as employees of affiliated employers of the Plan Sponsor, who include Arena Distributors, Inc.; Dick-Urban Distributors, Inc.; JMA Distributors, Inc.; Orchard Park Distributors, Inc.; and, Val Port Distributors, Inc. who meet the following requirements: 1,000 hours of service during the current Plan year, employed on the last day of the Plan year, completion of one year of service, and 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was restated effective February 17, 2022 to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37.

Contributions – Each year, participants may contribute 1% to 25% of their pretax annual compensation up to certain legal limits. The Plan Sponsor matches 50% of participants’ savings contributions up to 6% of the participants’ eligible compensation. The participant’s contribution and Plan Sponsor match are invested according to each participant’s investment directions. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans. Additional discretionary contributions may also be made and allocated to eligible employees as of the last day of the Plan year using an integrated formula based on their taxable wage base subject to certain limitations. Additional discretionary matching amounts may be contributed at the option of the Plan Sponsor’s Board of Directors.

No discretionary contributions were made during the years ended August 31, 2023 or 2022.

Participant Accounts – Individual trust fund accounts are established and maintained for each participant, illustrating his/her interest in the Plan. Each participant’s account is credited with the participant’s contribution, Plan Sponsor matching and discretionary contributions, and earnings on the participant-directed investments. Each participant’s account is charged with the participant’s distributions and expenses and losses on participant-directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

VALU Home Centers 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting – Participants are immediately vested in their salary deferral, rollover contributions and actual earnings thereon. Vesting in Plan Sponsor matching and additional discretionary contributions plus actual earnings thereon is based on years of service. Participants are fully vested in Plan Sponsor contributions after three years of service. Forfeitures resulting from non-vested Plan Sponsor contributions may be used to reduce administrative expenses or reduce the Plan Sponsor's current-year contributions. Forfeitures utilized for Plan Sponsor matching contributions totaled \$1,309 and \$843 for the years ended August 31, 2023 and 2022, respectively.

Payment of Benefits – On termination of service, death, and certain disabilities and financial hardships, depending on the participant's elective deferral balance, the participant or beneficiary may elect to receive a lump sum amount or various options of monthly installment plans.

Income Taxes – The Plan delegated authority to Principal Life Insurance Company ("Principal") to adopt the Principal Financial Group Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement. The prototype plan received a letter of acceptance from the Internal Revenue Service dated June 30, 2020 stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balances.

2. Summary of Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

VALU Home Centers 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on an ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Investment Risks and Uncertainties – The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to certain investment activity are paid by participants from their respective individual accounts.

Party-in-Interest Transactions – The Plan invests in insurance contracts managed by Principal. Principal is the custodian ("Custodian") as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions that are exempt from prohibited transaction rules. Fees paid to Principal for custodial and investment management services amounted to \$58,619 and \$65,283 for the years ended August 31, 2023 and 2022, respectively.

Use of Estimates – The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition or disclosure, through February 1, 2024, the date on which the financial statements were available to be issued, and determined that no additional recognition or disclosure was necessary.

VALU Home Centers 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

3. Information Prepared and Certified by Custodian (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian as of and for the years ended August 31:

	<u>2023</u>	<u>2022</u>
Guaranteed interest accounts	\$ 1,604,712	\$ 2,068,943
Pooled separate accounts	<u>19,286,024</u>	<u>17,533,210</u>
Total investments at fair value	<u>\$ 20,890,736</u>	<u>\$ 19,602,153</u>
Investment income (loss)	<u>\$ 1,926,570</u>	<u>\$ (3,743,215)</u>

4. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that were valued using Level 2 inputs at August 31, 2023 and 2022.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

VALU Home Centers 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2023 and 2022.

Pooled separate accounts – The pooled separate accounts are made up of a variety of underlying investments such as equities (including mutual funds), commercial paper and asset-backed securities. The market value of the underlying investments is based on quoted market prices in active markets or quoted market prices for similar assets in active and non-active markets. The net asset value (“NAV”) of the pooled separate accounts is based on the market value of its underlying investments and is determined by dividing the value of the entire account by the total number of units in the account.

Guaranteed interest accounts – The fair value of guaranteed interest accounts represents the amount Plan participants or the Plan Sponsor would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. Fair value is estimated based upon discounting future cash flows under the contract at current interest rates for similar investments with comparable terms.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of August 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Level 1		
Pooled separate accounts	\$ 19,286,024	\$ 17,533,210
Level 3		
Guaranteed interest accounts	<u>1,604,712</u>	<u>2,068,943</u>
Total investments at fair value	<u>\$ 20,890,736</u>	<u>\$ 19,602,153</u>

VALU Home Centers 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 asset for the years ended August 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Principal Life Insurance Company Guaranteed		
Interest Accounts		
Beginning balance	\$ 2,068,943	\$ 2,253,266
Total gains (losses)	41,572	(108,063)
Interest credited	39,170	32,727
Purchases	537,776	378,717
Sales	<u>(1,082,749)</u>	<u>(487,704)</u>
Ending balance	<u>\$ 1,604,712</u>	<u>\$ 2,068,943</u>

Level 3 Investment – Guaranteed Interest Accounts – The guaranteed interest accounts are general accounts with Principal that provide for a guarantee of principal and interest, backed by Principal. There is no readily available market quotation for these investments. Contributions into these investments will be credited interest at a guaranteed interest rate declared by Principal for a set period of time (“guarantee period”). Guaranteed interest rates are subject to change daily, and each amount allocated to the guaranteed interest accounts will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to the guaranteed interest accounts. Guarantees are backed by all the assets in the Principal Life multi-billion-dollar General Account, which invests in private market bonds, commercial mortgages and mortgage-backed securities. Principal assumes market, credit and interest rate risks for the assets supporting the contract.

5. Reconciliation with Form 5500

The accompanying financial statements, which are prepared in accordance with U.S. GAAP, calculate realized gains and losses on sales of securities and unrealized gains and losses (change in market value on securities held at year end) using historical cost. However, Form 5500, *Annual Return/Report of Employee Benefit Plan*, requires the calculation of such gains and losses to be measured on the basis of revalued cost on Schedule H. Revalued cost is calculated based on the market value of a security on the first day of the fiscal year plus the cost of any current year purchases, less the beginning market value of any current year sales. In total, however, the financial statement calculation of gains and losses and the calculation for Form 5500 are the same.
