INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor and Participants
Western Carolina Community Action, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Western Carolina Community Action, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Western Carolina Community Action, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Western Carolina Community Action, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Western Carolina Community Action, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Western Carolina Community Action, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Western Carolina Community Action, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Western Carolina Community Action, Inc. 403(b) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 6, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

WESTERN CAROLINA COMMUNITY ACTION, INC. 403(b) PLAN

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Western Carolina Community Action, Inc. (Organization) 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering substantially all employees of the Organization. Employees are eligible to begin making elective deferrals upon the date employment begins. Employees are eligible for employer contributions on the first day of the month following completion of 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 100% of pretax and after-tax annual compensation (subject to limits on elective deferrals and annual additions), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Beginning July 2021, the Plan adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. The automatic enrollment percentage increases 1% annually, up to a maximum of 10%. Upon completion of certain eligibility requirements, the Organization contributes 5% of employee's eligible compensation as defined in the Plan. The Organization also matches 100% of employee elective deferrals, up to 2.5% of plan compensation. Contributions are invested into the investment options elected by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers general account products, pooled separate accounts, and mutual funds as investment options. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Organization's matching contributions, Organization's nonelective contributions, and any costs directly applicable to the participant. Participant accounts are charged with an allocation of Plan earnings (losses) and administrative expenses paid by the Plan. The Organization's contributions are based on plan compensation; other allocations are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon and amounts attributable to rollover contributions. Vesting in the Organization's contribution portion of their accounts is based on years of service. A participant is 100% vested after one year of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions over a period no longer than five years unless the loan is used to acquire a principal residence.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments for a period not to exceed the life expectancy of the participant or the participant's beneficiary or the joint life expectancies of the participant and the participant's designated beneficiary, or payments from an annuity. For termination of service due to severance, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For termination of service for any reason at any age, if the value of the account is less than or equal to \$5,000, the Plan will make a mandatory distribution. The Plan allows in-service distributions upon reaching age 59½ and hardship distributions.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$24,380 and \$12,961, respectively. These accounts are used to reduce plan expenses or allocated to participants as an additional nonelective contribution. No forfeitures were used to reduce administrative expense or allocated to participants during the year ended December 31, 2022.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 - Summary of Significant Accounting Policies (continued)

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant does not make required loan repayments and the Plan administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as deemed distributions based on the terms of the Plan document. For the years ended December 31, 2022 and 2021, deemed distributions were \$6,365 and \$12,748, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Other administrative expenses are paid from Plan assets and deducted from participant accounts. Fees for distributions and the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. Fees related to recordkeeping and information management are paid by the Plan and allocated among the accounts of all participants. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 - Fair Value Measurements and Disclosures

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Pooled separate accounts are measured at the value of their capital account or net asset value (NAV) in accordance with, or in a manner consistent with U.S. GAAP. NAV is used as a practical expedient to estimate fair value, without further adjustment, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan has no intention to sell investments at amounts different from NAV. In accordance with U.S. GAAP, funds measured using NAV as a practical expedient to estimate fair value are not assigned a level within the fair value hierarchy.

The Plan applies U.S. GAAP authoritative guidance for fair value measurements and disclosures, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The standard describes three levels of inputs to be used to measure fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets and liabilities within the fair value hierarchy are based on the lowest (or least observable) input that is significant to the measurement. The Plan's assessment of the significance of an input requires judgement, which may affect the valuation and classification within the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value, contract value, or NAV as a practical expedient:

Note 3 - Fair Value Measurements and Disclosures (continued)

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Fully benefit-responsive investment contracts: valued at contract value. Contract value equals contributions and transfers, plus earnings, minus withdrawals and transfers out, and administrative expenses.

Pooled separate accounts (PSAs): valued at the NAV per share at the close of each business day, which is then adjusted for dividends and separate account fees. Separate accounts are measured at fair value using NAV as a practical expedient and have not been classified under the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments:

At December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 5,408,879</u>	<u>\$</u>	<u>\$</u>	\$ 5,408,879
Investments measured at contract value *				499,543
Investments measured at NAV as a practical expedient *				<u>43,858</u>
Total investments				<u>\$ 5,952,280</u>

At December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 6,307,400</u>	<u>\$</u>	<u>\$</u>	\$ 6,307,400
Investments measured at contract value *				474,352
Investments measured at NAV as a practical expedient *				<u>99,680</u>
Total investments				<u>\$ 6,881,432</u>

Note 3 - Fair Value Measurements and Disclosures (continued)

* In accordance with U.S. GAAP, investments measured at contract value and PSAs that were measured using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth information regarding redemption of investments where NAV has been used to measure fair value:

<u>At December 31</u>				
	<u>Fair Value 2022</u>	<u>Fair Value 2021</u>	<u>Redemption Frequency</u>	<u>Notice Period</u>
Pooled separate accounts	\$ 43,858	\$ 99,680	Daily	30 days
Total investments measured at NAV as a practical expedient	\$ 43,858	\$ 99,680		

At December 31, 2022 and 2021, there were no unfunded commitments.

Note 4 - Fully Benefit-Responsive Investment Contracts

The Plan holds two traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts which represents the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by the Plan, represents contributions and transfers made under the contract, plus earnings, less participant withdrawals and transfers out, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contracts held by the Plan are a Guaranteed Interest Option (GIO) and Fixed Income Guaranteed Option (FIGO). Neither of these options provide for a fixed maturity date. The GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested is declared on a monthly basis and is subject to change. The average interest rates for the GIO for 2022 and 2021, was 3%, each year. The FIGO provides for a minimum guaranteed interest rate of 0.15% - 3%, depending on prevailing market conditions, the actual rate of interest credited during the time over which funds are invested is declared on a semiannual basis and is subject to change. Composite crediting rates may be greater than the minimum guaranteed rate. The average interest rates for the FIGO for 2022 and 2021 were 4.05% and 1.02%, respectively. Average interest rates are net of a percentage fee for administrative and recordkeeping services provided to the Plan.

Note 4 - Fully Benefit-Responsive Investment Contracts (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (d) the Plan's failure to qualify under Section 403(b) of the Internal Revenue Code or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 5 - Related-Party and Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the custodian are considered party-in-interest transactions. For the years ended December 31, 2022 and 2021, fees paid by the Plan for maintenance and recordkeeping services amounted to \$12,319 and \$16,442, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan would be allocated to participant accounts and distributed by the Organization in accordance with Plan provisions.

Note 7 - Risks and Uncertainties

The Plan invests in various investment options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Investment Information Certified by Plan's Custodian (cash basis)

During 2011, the Plan changed third-party service providers from AXA Equitable Life Insurance Company (AXA) to Principal Trust Company (Principal). At December 31, 2022 and 2021, certain investments remain held by AXA.

The following is a summary of the information certified regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was derived from information provided by Principal Life Insurance Company, the custodian of the Plan.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net assets available for benefits per the financial statements	\$ 6,043,453
Contributions receivable	<u>1,213</u>
Net assets available for benefits per the Form 5500	<u>\$ 6,044,666</u>

The following is a reconciliation of the decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Decrease in net assets available for benefits per the financial statements	\$ (966,410)
Contributions receivable	<u>1,216</u>
Decrease in net assets available for benefits per the Form 5500	<u>\$ (965,194)</u>

Reconciliation differences between the financial statements and Schedule H of Form 5500 for the year ended December 31, 2021, are due to rounding. Net assets available for benefits per the financial statements differed from Schedule H by \$3. The net increase in net assets available for benefits differed from Schedule H by \$1.

Note 10 - Tax Status and Uncertain Tax Positions

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 31, 2017, in which the Internal Revenue Service (IRS) stated that then Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax council believe that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Accordingly, no provision for income tax has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2019.

Note 11 - Subsequent Events

The Plan administrator has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor and Participants
Western Carolina Community Action, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Western Carolina Community Action, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Western Carolina Community Action, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Western Carolina Community Action, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Western Carolina Community Action, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Western Carolina Community Action, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Western Carolina Community Action, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Western Carolina Community Action, Inc. 403(b) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 6, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

WESTERN CAROLINA COMMUNITY ACTION, INC. 403(b) PLAN

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Western Carolina Community Action, Inc. (Organization) 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering substantially all employees of the Organization. Employees are eligible to begin making elective deferrals upon the date employment begins. Employees are eligible for employer contributions on the first day of the month following completion of 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 100% of pretax and after-tax annual compensation (subject to limits on elective deferrals and annual additions), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Beginning July 2021, the Plan adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. The automatic enrollment percentage increases 1% annually, up to a maximum of 10%. Upon completion of certain eligibility requirements, the Organization contributes 5% of employee's eligible compensation as defined in the Plan. The Organization also matches 100% of employee elective deferrals, up to 2.5% of plan compensation. Contributions are invested into the investment options elected by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers general account products, pooled separate accounts, and mutual funds as investment options. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Organization's matching contributions, Organization's nonelective contributions, and any costs directly applicable to the participant. Participant accounts are charged with an allocation of Plan earnings (losses) and administrative expenses paid by the Plan. The Organization's contributions are based on plan compensation; other allocations are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon and amounts attributable to rollover contributions. Vesting in the Organization's contribution portion of their accounts is based on years of service. A participant is 100% vested after one year of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions over a period no longer than five years unless the loan is used to acquire a principal residence.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments for a period not to exceed the life expectancy of the participant or the participant's beneficiary or the joint life expectancies of the participant and the participant's designated beneficiary, or payments from an annuity. For termination of service due to severance, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For termination of service for any reason at any age, if the value of the account is less than or equal to \$5,000, the Plan will make a mandatory distribution. The Plan allows in-service distributions upon reaching age 59½ and hardship distributions.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$24,380 and \$12,961, respectively. These accounts are used to reduce plan expenses or allocated to participants as an additional nonelective contribution. No forfeitures were used to reduce administrative expense or allocated to participants during the year ended December 31, 2022.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 - Summary of Significant Accounting Policies (continued)

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant does not make required loan repayments and the Plan administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as deemed distributions based on the terms of the Plan document. For the years ended December 31, 2022 and 2021, deemed distributions were \$6,365 and \$12,748, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Other administrative expenses are paid from Plan assets and deducted from participant accounts. Fees for distributions and the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. Fees related to recordkeeping and information management are paid by the Plan and allocated among the accounts of all participants. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 - Fair Value Measurements and Disclosures

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Pooled separate accounts are measured at the value of their capital account or net asset value (NAV) in accordance with, or in a manner consistent with U.S. GAAP. NAV is used as a practical expedient to estimate fair value, without further adjustment, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan has no intention to sell investments at amounts different from NAV. In accordance with U.S. GAAP, funds measured using NAV as a practical expedient to estimate fair value are not assigned a level within the fair value hierarchy.

The Plan applies U.S. GAAP authoritative guidance for fair value measurements and disclosures, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The standard describes three levels of inputs to be used to measure fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets and liabilities within the fair value hierarchy are based on the lowest (or least observable) input that is significant to the measurement. The Plan's assessment of the significance of an input requires judgement, which may affect the valuation and classification within the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value, contract value, or NAV as a practical expedient:

Note 3 - Fair Value Measurements and Disclosures (continued)

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Fully benefit-responsive investment contracts: valued at contract value. Contract value equals contributions and transfers, plus earnings, minus withdrawals and transfers out, and administrative expenses.

Pooled separate accounts (PSAs): valued at the NAV per share at the close of each business day, which is then adjusted for dividends and separate account fees. Separate accounts are measured at fair value using NAV as a practical expedient and have not been classified under the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments:

At December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 5,408,879</u>	<u>\$</u>	<u>\$</u>	\$ 5,408,879
Investments measured at contract value *				499,543
Investments measured at NAV as a practical expedient *				<u>43,858</u>
Total investments				<u>\$ 5,952,280</u>

At December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 6,307,400</u>	<u>\$</u>	<u>\$</u>	\$ 6,307,400
Investments measured at contract value *				474,352
Investments measured at NAV as a practical expedient *				<u>99,680</u>
Total investments				<u>\$ 6,881,432</u>

Note 3 - Fair Value Measurements and Disclosures (continued)

* In accordance with U.S. GAAP, investments measured at contract value and PSAs that were measured using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth information regarding redemption of investments where NAV has been used to measure fair value:

<u>At December 31</u>				
	<u>Fair Value 2022</u>	<u>Fair Value 2021</u>	<u>Redemption Frequency</u>	<u>Notice Period</u>
Pooled separate accounts	\$ 43,858	\$ 99,680	Daily	30 days
Total investments measured at NAV as a practical expedient	\$ 43,858	\$ 99,680		

At December 31, 2022 and 2021, there were no unfunded commitments.

Note 4 - Fully Benefit-Responsive Investment Contracts

The Plan holds two traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts which represents the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by the Plan, represents contributions and transfers made under the contract, plus earnings, less participant withdrawals and transfers out, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contracts held by the Plan are a Guaranteed Interest Option (GIO) and Fixed Income Guaranteed Option (FIGO). Neither of these options provide for a fixed maturity date. The GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested is declared on a monthly basis and is subject to change. The average interest rates for the GIO for 2022 and 2021, was 3%, each year. The FIGO provides for a minimum guaranteed interest rate of 0.15% - 3%, depending on prevailing market conditions, the actual rate of interest credited during the time over which funds are invested is declared on a semiannual basis and is subject to change. Composite crediting rates may be greater than the minimum guaranteed rate. The average interest rates for the FIGO for 2022 and 2021 were 4.05% and 1.02%, respectively. Average interest rates are net of a percentage fee for administrative and recordkeeping services provided to the Plan.

Note 4 - Fully Benefit-Responsive Investment Contracts (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (d) the Plan's failure to qualify under Section 403(b) of the Internal Revenue Code or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 5 - Related-Party and Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the custodian are considered party-in-interest transactions. For the years ended December 31, 2022 and 2021, fees paid by the Plan for maintenance and recordkeeping services amounted to \$12,319 and \$16,442, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan would be allocated to participant accounts and distributed by the Organization in accordance with Plan provisions.

Note 7 - Risks and Uncertainties

The Plan invests in various investment options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Investment Information Certified by Plan's Custodian (cash basis)

During 2011, the Plan changed third-party service providers from AXA Equitable Life Insurance Company (AXA) to Principal Trust Company (Principal). At December 31, 2022 and 2021, certain investments remain held by AXA.

The following is a summary of the information certified regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was derived from information provided by Principal Life Insurance Company, the custodian of the Plan.

	<u>2022</u>	<u>2021</u>
Investments:		
General account product	\$ 427,397	\$ 399,434
Mutual funds	<u>5,408,879</u>	<u>6,307,400</u>
Total investments	<u>\$ 5,836,276</u>	<u>\$ 6,706,834</u>

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net assets available for benefits per the financial statements	\$ 6,043,453
Contributions receivable	<u>1,213</u>
Net assets available for benefits per the Form 5500	<u>\$ 6,044,666</u>

The following is a reconciliation of the decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Decrease in net assets available for benefits per the financial statements	\$ (966,410)
Contributions receivable	<u>1,216</u>
Decrease in net assets available for benefits per the Form 5500	<u>\$ (965,194)</u>

Reconciliation differences between the financial statements and Schedule H of Form 5500 for the year ended December 31, 2021, are due to rounding. Net assets available for benefits per the financial statements differed from Schedule H by \$3. The net increase in net assets available for benefits differed from Schedule H by \$1.

Note 10 - Tax Status and Uncertain Tax Positions

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 31, 2017, in which the Internal Revenue Service (IRS) stated that then Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax council believe that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Accordingly, no provision for income tax has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2019.

Note 11 - Subsequent Events

The Plan administrator has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.
