INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Plasterers' Local No. 8 Annuity Fund

Opinion

We have audited the financial statements of the Plasterers' Local No. 8 Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of April 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year and Schedules of Administrative Expenses, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

PLASTERERS' LOCAL NO. 8 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

APRIL 30, 2023 AND 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the accrual basis of accounting.

Investments and Income Recognition - The pooled separate accounts are carried at net asset value as provided by Prudential Retirement Insurance & Annuity Company (Prudential). The equity mutual funds and fixed income mutual fund are carried at fair value as reported by Prudential and generally represents the net asset value of the mutual funds as of the last business day of the year. The guaranteed investment contract is carried at contract value, as provided by Prudential.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable - Contributions due but not paid prior to the year-end are recorded as contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided.

Funding Policy and Revenue Recognition - The Plan is funded by contributions from participating employers under the terms of collective bargaining agreements (CBA). Employer contributions are accounted for as exchange transactions. The contributions are due on a monthly basis. It is the policy of the Trustees to pursue monies due.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Loans Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans to participants are recorded as a distribution. The Plan allows loans to participants who have had an individual account for 3 years or more and have taken a loan limited to the lesser of 50% of their account balance or \$50,000 for various circumstances. The loans are secured solely by a portion of the participant's vested accrued benefit. Participants should refer to the summary plan description for more complete information.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

As of April 30, 2023 and 2022, an allowance for uncollectible notes receivable from participants has been established in the amount of \$300,942 and \$324,259, respectively. The allowance represents loan balances at April 30, 2023 and 2022 that were in default and the participant has not met a qualifying event in order to cure the loan.

Payment of Benefits - Benefit payments are recorded upon distribution.

NOTE 2. DESCRIPTION OF PLAN

The Plasterers' Local No. 8 Annuity Fund (the Plan) provides annuity benefits to eligible members of the Operative Plasterers' and Cement Masons' Local No. 8 which represents operative plasterers and cement masons employed primarily in eastern Pennsylvania, southern New Jersey and Delaware. The following brief description of the Plan is provided for general purposes only. Participants should refer to the summary plan description for more complete information.

The Plan was established May 1, 1988 as a result of a Collective Bargaining Agreement between the Operative Plasterers' and Cement Masons' Union Local No. 8 and participating employers. The Plan is a multiemployer, defined contribution pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The purpose of the Plan is to provide annuity benefits to eligible participants and their beneficiaries. Benefits are funded entirely by employer contributions. Benefits are fully vested upon a covered employee of a contributing employer becoming a participant. Employer contributions are based on the number of hours a participant works in covered employment. Effective May 1, 2000, the geographic area of the Plan divided into two districts. District One covers eastern Pennsylvania, Delaware and three counties in New Jersey and Maryland. District Two covers primarily southern New Jersey.

The Trustees of the Plan are required to establish and maintain a separate account for each participant.

The Trustees of the Plasterers' Local No. 8 Annuity Fund amended the Plan to establish participant direction for investments under the Trust. The amendments allow the Trustees to delegate or assign responsibility for investments, including acquisition and disposition of assets, to participants in the Plan in accordance with Section 404(c) of ERISA and the Trustees intend for this Plan to comply with Section 404(c) of ERISA. Investment yield on the portion of an individual account eligible for participant direction is determined and allocated in accordance with the investment options selected by the participant.

Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

NOTE 2. DESCRIPTION OF PLAN (continued)

Effective May 1, 2007, the Plan was modified to a profit sharing plan.

Effective November 1, 2009, participants may take a loan, but may only borrow money that was put into the Plan when it was a money purchase pension plan. Participants may not borrow against monies that have been contributed since the Plan became a profit sharing plan on May 1, 2007. Effective January 1, 2021, the Plan no longer offers participants the option to take participant loans.

Effective January 1, 2020, a participant may ask for a hardship distribution from their profit sharing sub-account. The hardship withdrawal could be up to 50% of the profit sharing subaccount, subject to a minimum of \$1,000 and a maximum of \$50,000.

The monthly fee on all participant accounts is \$20 per month plus an annual fee of .59% of account balances deducted quarterly.

Effective November 1, 2018, the Plan was amended to eliminate in-service distributions for contributions to the Plan earned on or after November 1, 2018. The Plan was also amended, effective November 1, 2018, to extend the waiting period for in-service distributions on profit sharing sub account contributions earned from January 1, 2010 to October 31, 2018 by six months. The Plan will allow an in-service distribution for contributions earned from January 1, 2010 to October 31, 2018 once every eighteen months.

Effective July 1, 2014, the participant may choose to receive his or her distributions in several different forms: (1) a fixed monthly annuity in substantially equal installments, for a period not in excess of fifteen years until his or her participant account is exhausted; (2) in one lump sum; (3) partial distributions of the participant account, provided that each distribution is at least \$5,000 and that requests for distribution may be made no more than frequently than once each Plan Year; or (4) in any combination of the above, at his or her option. If the participant account is below \$5,000, the participant must receive the distribution in one lump sum. Any distribution made under this Section shall be made in a manner which is consistent with and satisfies the requirements of Article V of the Plan Document.

Effective June 1, 2022, cement masons and plasterers from OPCMIA Local No. 592, Scranton Area 100 began participating in the Plan.

NOTE 3. TAX STATUS

The Plan obtained its latest determination letter on August 24, 2015 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Sections 401(a) and 401(k) of the Internal Revenue Code and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 3. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 4. PRIORITIES UPON TERMINATION

In the unlikely event of termination of the Plan, participants shall have a non-forfeitable right to the Plan assets after provision for expenses of the Plan including benefits approved prior to the termination of the Plan. Should the liquidation value of the assets on the date of termination be less than the total of the participants' accumulated shares plus expenses, each participant shall receive that part of the total remaining assets in the same ratio as their accumulated share bears to the aggregate amount of the accumulated shares of all participants. No part of the assets shall be returned to any employer or the Local Union.

NOTE 5. FUNDING POLICY

The participating employers contribute a flat rate for each hour the participant works as specified in the collective bargaining agreements. Contributions for Journeymen and Foremen are \$6.30 per hour for the year ended April 30, 2023 and \$6.00 per hour for the year ended April 30, 2022. Apprentices receive a percentage of the Journeymen rate ranging from 50% to 90%.

The participating employers in Area 100 contribute a flat rate for each hour the participant works as specified in the collective bargaining agreements. Contributions for Journeymen and Foremen range from \$13.00 to \$13.50 per hour for the year ended April 30, 2023. Contributions for Apprentices range from \$1.00 to \$2.00 per hour for the year end April 30, 2023.

NOTE 6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(a) In accordance with subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended April 30, 2023 and 2022, there were no transfers in or out of levels 1, 2, or 3.

The unfunded commitments and redemption information are as follows at April 30, 2023 and 2022:

	2023 Fair Value	2022 Fair Value	2023 and 2022 Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE 7. GUARANTEED INVESTMENT CONTRACT

The Plan entered into a guaranteed investment contract with Prudential Retirement Insurance and Annuity Company that allows the participants of the Plan to invest in a guaranteed income fund.

The investment objective of the guaranteed income fund is to provide safety of principal, liquidity, and a competitive rate of return. The guaranteed income fund invests in a broadly diversified, fixed-income portfolio primarily invested in public bonds, commercial mortgages, and private placement bonds.

As reported by the insurance carrier, there is no difference between the fair value and contract value of the Plan's investment in the guaranteed income fund; however, upon discontinuance of the guaranteed income fund, contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. For the years ended April 30, 2023 and 2022, the crediting interest rate was 1.75% and 1.49% respectively. This rate is calculated by dividing the earnings credited to the Plan year by the end of Plan year fair value, then annualizing the result.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as economic, interest rate, market and sector risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amount reported in the statement of net assets available for benefits.
