Independent Auditor's Report

To the Board of Trustees and Plan Administrator of the King Arthur 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the King Arthur 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually

or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

King Arthur 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

Years Ended June 30, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the King Arthur 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General and Eligibility

The Plan is a qualified profit sharing and 401(k) plan covering all employees of King Arthur Baking Company, Inc (the “Company”), with the exception of any employee who is a non-resident alien, seasonal or leased employee, an agreement to work less than 12 months, or any employee covered by a collective bargaining agreement. Eligible employees may participate in the Plan upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Board of Trustees is responsible for oversight of the Plan. The Retirement Administrative Committee serves as the administrator of the Plan and manages the operations of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance, among other duties. Blue Ridge ESOP Associates serves as the third-party administrator for the Plan, and Capital Bank and Trust Company, an affiliate of American Funds Service Company, serves as the Plan’s custodian.

Participant Contributions

Participants may elect to contribute up to 100% of their eligible compensation, as defined, on a pre-tax or after-tax (roth) basis, subject to Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 on or before December 31 of the plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby new employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan within 30 days from their date of hire. Automatically enrolled participants have their pre-tax deferral rate set at 4% of eligible compensation and their contributions invested in a designated target-date fund until changed by the participant.

See independent auditor’s report.

King Arthur 401(k) Plan

Employer Contributions

Employer matching and profit-sharing contributions are made at the discretion of the Company's Board of Directors, subject to certain IRC limitations. Employees must be actively employed on the last day of the plan year to be eligible to receive the Company's discretionary contributions. These conditions are waived for participants who become deceased or meet the normal retirement age during the applicable plan year.

For the 2023 and 2022 plan years, the Company made discretionary matching contributions to eligible participants equal to 100% of the first \$500 of employee deferrals and 50% of the next \$1,000 of employee deferrals. There were no profit-sharing contributions made for the 2023 or 2022 plan years.

Rollovers

Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) plan earnings, and (c) administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions, plus actual earnings thereon, is based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 or more	100%

Participants become fully vested immediately upon death, disability, or retirement.

King Arthur 401(k) Plan

Forfeited Accounts

Forfeitures of the non-vested portion of terminated employees' accounts may be used to pay eligible plan expenses or reduce future contributions of the Company. During the fiscal years ended June 30, 2023 and 2022, \$7,251 and \$15,448 of forfeitures were used to reduce the Company's contributions, respectively. Also, during the fiscal years ended June 30, 2023 and 2022, \$6,964 and \$1,918 of forfeitures were used to pay eligible plan expenses, respectively. At June 30, 2023 and 2022, the balance of forfeited non-vested accounts totaled \$6,763 and \$5,670, respectively.

Investments

The Plan offers a number of investment options which vary by investment objective. Participants elect in which investment or investments they wish their accounts to be invested in. Participants direct the allocation of contributions into various investment options offered by the Plan and may change their investment options at any time. Earnings for each investment are allocated to each participant's investment account based on the ratio of each participant's account balance to the balance of all participants' accounts invested in the same investment.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested participant account balance. General purpose loans must be repaid within five years; a repayment term of up to 10 years is allowed if the proceeds are used to acquire a principal residence. Amounts borrowed are secured by the balance in the participant's account and carry a fixed interest rate equal to the prime rate, as defined, plus 1%, determined monthly. Principal and interest are paid through regular payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement on or after the normal retirement age of 65, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than \$1,000 and not more than \$5,000, unless directed otherwise by the participant. In addition, the Plan allows the Plan Administrator to automatically distribute to terminated participants their entire vested balance which does not exceed \$1,000. Participants who have attained the age of 59½ may elect to withdraw all or part of their vested account balance from the Plan without penalty. In addition, a participant may elect to withdraw all or part of their account in the case of immediate and heavy financial need. Hardship withdrawals are subject to taxes.

King Arthur 401(k) Plan

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and is an acceptable method of reporting under the Department of Labor's ("DOL") Regulations. The modified cash basis of accounting is a cash receipts and disbursements method of accounting. Accordingly, contributions and dividends and interest are recorded when received, while benefits paid to participants and administrative expenses are recognized when paid. Exceptions to this include investments, which are reported at fair value; notes receivable from participants, which are reported at their unpaid principal balance; and the recognition of excess contributions, which are recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisers and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of June 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

See independent auditor's report.

King Arthur 401(k) Plan

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the related participants prior to the IRS deadline.

Contributions

Contributions are recorded when they are received.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian for the Plan, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits (modified cash basis) as of June 30, 2023 and 2022, the supplemental, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of June 30, 2023, and the related investment activity and interest on notes receivable from participants reflected on the statements of changes in net assets available for benefits (modified cash basis) for the plan years ended June 30, 2023 and 2022. The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

See independent auditor’s report.

King Arthur 401(k) Plan

Level 1 - Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable inputs to pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact business at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at June 30, 2023 and 2022.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments consist of shares of mutual funds managed by American Funds Distributors, Inc., an affiliate of Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian of the Plan and holds the Plan's investments and executes transactions in accordance with the instructions of the Plan Administrator. Capital Bank and Trust Company outsources certain transaction processing and related responsibilities to an affiliated company, American Funds Service Company. Transactions conducted by the above-mentioned parties on behalf of the Plan qualify as party-in interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from prohibited transactions rules.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

See independent auditor's report.

7. TAX STATUS OF THE PLAN

The Plan adopted a Transition Finance Strategies LLC volume submitter profit sharing plan with CODA which received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying plan document is qualified under Section 401(a) of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the plan. Since the Plan utilizes the modified cash basis of accounting the resulting tax impact of these tax positions are recognized in the financial statements when they are actually paid, based on the result of this evaluation. The Plan is subject to examination by taxing authorities, however, there are currently no examinations for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2020.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis) and the statements of changes in net assets available for benefits (modified cash basis).

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 31, 2024, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.
