INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Simple Health Ventures, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Simple Health Ventures, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and 2020, and the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Simple Health Ventures, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Simple Health Ventures, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering Simple Health Ventures, Inc. 401(k) Profit Sharing Plan, and determining that Simple Health Ventures, Inc. 401(k) Profit Sharing Plan's transactions that are presented and disclosed in the financial statements are in conformity with Simple Health Ventures, Inc. 401(k) Profit Sharing Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Simple Health Ventures, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Simple Health Ventures, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SimpleHealth Ventures, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. General Plan Description

The SimpleHealth Ventures, Inc. 401(k) Plan (the "Plan") is a defined contribution plan that is available to all eligible employees of Andros Technologies Inc. (f/k/a SimpleHealth Ventures, Inc.) ("Company"). The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

The Plan is a prototype plan provided by Vestwell Trust Company, the Administrator for the Plan. The custodian of the Plan's assets is Matrix Trust Company ("the Custodian"). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2019, and has since been periodically amended and restated, as required by changes in the Internal Revenue Code ("IRC"), as well as to reflect businesses acquired or disposed of by the Company.

Eligibility

Employees of the Company, other than union, leased, non-residents, or interns, who are 18 years of age or older are eligible to participate in the Plan on the 1st of the month after three full months of consecutive service with the Company.

Contributions

Participants may contribute portions of their current salary to the Plan through before-tax and/or after-tax contributions, subject to statutory limitations. In 2021 and 2020, participants were permitted to contribute up to a maximum of \$19,500 with an additional \$6,500 catch-up contribution for employees over 50 years old. The Company provides a Safe Harbor Matching contribution at 100% of the participant's contributions that are not in excess of 3% of the participant's plan compensation; plus 50% of the amount of the participant's matched employee contributions that exceed 3% of the participant's plan compensation but that do not exceed 5% of the participant's plan compensation. For the year ended December 31, 2021, safe harbor contributions made to the Plan totaled \$416,300. The Company provides an employer discretionary non-elective contribution. To be eligible for non-elective contributions, participants must be employed with the Company on the last day of the Plan year. The Company chose not to make a discretionary non-elective contribution for the year ended December 31, 2021.

Participants designate the investment option(s) in which their contributions and employer contributions are invested. Participants may change the percentage of their contribution (generally to be effective at the following payroll period) and their individual investment designation on a daily basis through a voice response system, through internet access, or by requesting a change through a customer service representative. The Plan provides participants with numerous investment options to which participants may direct their contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer matching contribution, and allocations of Plan earnings, and is charged with an allocation of plan expenses and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employees are immediately vested in their own contributions and in employer matching contributions. Participants vest in employer non-elective contributions at 20% each year starting after the completion of two years of service.

SimpleHealth Ventures, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

Notes receivable from participants are collateralized by vested participant interests in the various investment options. Participants may borrow up to 50% of their vested participant interest in the Plan, to a maximum of \$50,000. The rate for the notes is fixed for the life of the note, at the prime rate at origination plus 100 basis points. Notes receivable rates currently range between 4.25% and 7.25% with maturity dates ranging from March 2023 to August 2027. Principal and interest are paid ratably through semimonthly payroll deductions. The minimum note amount is \$1,000 and must be repaid within 5 years or 15 years if the money is used to purchase a primary residence. Participants are not permitted to continue scheduled note repayments after termination of their employment. Post termination of employment, any payments on participant loans must be for the entire outstanding balance of the loan. Notes receivable are valued at their outstanding balance, plus any accrued but unpaid interest.

Forfeitures

Forfeitures result from non-vested employer contributions remaining in the Plan for terminated employees. As defined in the Plan agreement, forfeitures generated are used to reduce future Company matching or discretionary contributions. For the year ended December 31, 2021, there were no forfeitures used to reduce employer contributions. On December 31, 2021, there were non-vested forfeited amounts of \$11,451.

Payment of Benefits

At normal retirement (generally, age 65), termination of employment, permanent disability, financial hardship, or death, the participants are entitled to receive benefits based on the value of the assets allocated to their accounts. The participant may elect to receive these benefits in the form of either:

- a) a lump-sum cash settlement, or
- b) direct transfer of an eligible rollover distribution to an eligible retirement plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions. A note receivable is considered to be in default on the last day of the calendar quarter following the calendar quarter during which the scheduled payment was due but not paid, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note is removed from the Plan's assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

SimpleHealth Ventures, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses of the Plan are paid from investment earnings of the Plan as provided by the Plan document.

3. Information Certified by the Custodian

The plan administrator has elected the method and annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In accordance with the instructions of the plan administrator, the following information certified by the Custodian was not subjected to audit by the independent auditors, except for comparing the information to the related information in the financial statements. The following information was certified by the Custodian as being complete and accurate:

- a. Investments at fair value and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021, and 2020, as well as the supplemental schedule of assets held (at end of year) as of December 31, 2021.
- b. Net appreciation in fair value of investments, interest income on notes receivable from participants, and dividend income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.

4. Tax Status

The Plan adopted a prototype plan document that is qualified under Internal Revenue Code Section 401(a). It is exempt from income taxes under Section 501(a) of the IRC and has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 14, 2022, which stated that the Plan is designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	- Inputs to the valuation methodology include: - quoted prices for similar assets or liabilities in active markets; - quoted prices for identical or similar assets or liabilities in inactive markets; - inputs other than quoted prices that are observable for the asset or liability; - inputs that are derived principally from or corroborated by observable market data by correlation or other means. - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2021, and 2020.

- Mutual Funds and Money Market: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value per share ("NAV") and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

The above methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2021 and 2020

The following table presents the fair value of Plan investments recorded at fair value on a recurring basis segregated among the appropriate levels as of December 31, 2021, and 2020:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Money market funds	11,966			11,966
Mutual funds	3,206,420			3,206,420
Total investments at fair value	3,218,386			3,218,386

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Money market funds	10,316			10,316
Mutual funds	2,277,007			2,227,007
Total investments at fair value	2,287,323			2,287,323

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and the Plan Administrator has the right to terminate the Plan. In the event of Plan termination, participants will receive a total distribution of their respective participant accounts.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan evaluated subsequent events through January 5, 2024, the date these financial statements were available to be issued. Other than the below, were no material subsequent events that required recognition or additional disclosure in these financial statements.

On March 14, 2022, the Plan received a favorable opinion letter from the IRS. See Note 4 for more information.
