To the Board of Trustees of
Elliott Oil Company 401(k) Profit Sharing Plan
Ottumwa, IA

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the financial statements of Elliott Oil Company 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Elliott Oil Company 401(k) Profit Sharing Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended July 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Elliott Oil Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Elliott Oil Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on Elliott Oil Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Elliott Oil Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

ELLIOTT OIL COMPANY 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

July 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Elliot Oil Company (“Company”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan was established August 1, 1981 and is a defined contribution plan covering substantially all employees of the Company who are 21 years of age and have one year of service (based on 1,000 hours of service during the year). Effective March 27, 2023, employees of Route 63 Quik Stop LLC can participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Elliot Oil Company is the Plan Sponsor.

Contributions - Participants may contribute up to 100% of their eligible compensation, not to exceed the maximum amount allowable under the Internal Revenue Code, to the Plan in the form of a salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various interest-bearing cash accounts, pooled separate accounts and an insurance investment contract as investment options for participants. The Company matches 100% of participant contributions, up to the first 6% of base compensation. The matching Company contribution is invested into one of the available funds according to the participant’s direction. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors and are invested in one of the available funds according to the participant’s direction. Contributions are subject to certain limitations. Profit sharing contributions for the years ended July 31, 2023 and 2022 were \$237,335 and \$219,916, respectively.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Participant Loans - The Plan does not permit participant loans.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may receive either the value of the vested interest in his or her account as a lump-sum distribution, or periodic payments over a period of time not to exceed the life expectancy of the participant, or the joint life and last survivor expectancy of the participant and his/her designated beneficiary. Vested interests less than \$5,000 will be paid as a lump-sum distribution. At July 31, 2023, \$156,236 in vested contributions was owed to participants who terminated employment with the Plan Sponsor before July 31, 2023. The Plan permits hardship withdrawals and will be based on the safe harbor method.

Administrative Expenses - Certain administrative expenses are paid directly by the Sponsor, while other expenses are paid by the Plan.

ELLIOTT OIL COMPANY 401(K) PROFIT SHARING PLAN
Notes to Financial Statement
July 31, 2023 and 2022

Note 1 - Description of Plan (Continued)

Forfeited Accounts - At July 31, 2023 and 2022, forfeited non-vested accounts totaled \$5,988 and \$5,573, respectively. These accounts are used to reduce the employer contribution that is received by the Plan subsequent to its year end. Amounts allocated during the years ending July 31, 2023 and 2022 were \$16,271 and \$31,153.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared in accordance with the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Date of Management Review - Management has evaluated subsequent events through February 1, 2024, the date which the financial statements were available to be issued.

Note 3 - Investment Contract with Insurance Company

At its inception, the Plan entered into an investment contract with Principal Life Insurance Company, which maintained the contributions in pooled separate accounts and a fully benefit-responsive investment contract. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses charged by Principal Life Insurance Company.

Notes to Financial Statements

July 31, 2023 and 2022

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Fair Value Measurement

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Note 7 - Fair Value Measurement (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In addition to quoted market prices in active markets, valuation techniques for Level 1 inputs included:

- The pooled separate account ("PSA") invests in a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input used to determine net asset value ("NAV") of the pooled separate account, which is not publicly quoted but is available to current investors. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. As a result it is determined that the investment has a "Readily Determinable Fair Value". The fair value of the underlying mutual fund is based on third-party pricing vendors and utilize observable market information.
- Registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.
- The collective trust investment (CIT) invests in collective trust funds as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trusts and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds held by the CIT are publicly quoted pricing inputs. The fair value of all of these investments are used in determining the net asset value ("NAV") of the CIT, which is not publicly quoted but is available to current investors. The NAV is the basis for current transactions and the CIT can be redeemed at NAV as of the measurement date. As a result it is determined that the investment has a "Readily Determinable Fair Value."

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of July 31, 2023 and 2022. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Note 8 - Related Party Transactions

Elliott Oil Company 401(k) Profit Sharing Plan investments are managed by Principal Life Insurance Company for the years ended July 31, 2023 and 2022, respectively. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Contract administration fees of the Plan totaled \$31,214 and \$33,068 for the years ended July 31, 2023 and 2022, respectively. Elliot Oil Company provides the Plan with certain accounting and administrative services for which no fees are charged.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Schedule H of Form 5500
