Independent Auditors' Report

Plan Administrator and Management
Easter Seals Midwest 403(b) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Easter Seals Midwest 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - *Supplemental Schedule Required By ERISA*

The supplemental schedule of assets held at end of year as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EASTER SEALS MIDWEST 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2023 And 2022

1. Description Of The Plan

The following description of Easter Seals Midwest 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for more complete information.

General

The Plan, established April 1, 1991, and amended and restated effective July 1, 2017, is a 403(b) defined contribution plan covering all employees of Easter Seals Midwest (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees are eligible to participate in the salary deferral portion of the Plan immediately upon hire. Employer contributions are available to participants who have completed six months of service.

Contributions

Participants may defer salary up to 100% of regular compensation, not to exceed Internal Revenue Service (IRS) limits, through pre-tax deferral contributions. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows Special Long Service catch-up contributions for employees who have at least 15 years of service with a public school system, hospital, home health service agency, health and welfare service agency, church, or convention or association of churches (or associated organization).

The Plan provides for an Employer matching contribution of 50% of participant pre-tax contributions, not in excess of 6% of eligible compensation. Participants begin receiving matching contributions on the first or seventh month of the Plan year. The Plan also provides for a discretionary non-elective contribution. There were no discretionary non-elective contributions made for the years ending June 30, 2023 or 2022.

EASTER SEALS MIDWEST 403(b) PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

A participant may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The maximum number of loans outstanding at any time is two. Notes are for a period not to exceed five years and are secured by the participant's account balance. Notes bear interest at rates commensurate with current market rates. Notes are repaid, including principal and interest, through payroll withholdings.

Vesting

Participants are immediately vested in their salary deferral and rollover contributions plus actual earnings thereon. Participants vest in the Employer matching contribution 25% after two years of service, 50% after three years of service, 75% after four years of service, and become 100% vested after five years. Participants also become 100% vested upon death or becoming disabled.

Forfeitures

Participants who terminate their employment and are less than 100% vested will forfeit the nonvested portion of their account. Forfeited nonvested accounts may be used for any permissible method (restore forfeitures, reduce Employer contributions or reallocate as Employer contributions or to pay Plan expenses) under Plan provisions. At June 30, 2023 and 2022, there were \$6,652 and \$14,691, respectively, in forfeitures available for future use. During the year ended June 30, 2023, forfeitures used to fund Employer contributions and to pay Plan expenses amounted to \$13,183 and \$10,409, respectively. During the year ended June 30, 2022, forfeitures used to fund Employer contributions and to pay Plan expenses amounted to \$16 and \$6,238, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions and an allocation of the Plan's earnings (losses) and expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment Of Benefits

A participant is eligible to receive a distribution from their vested account upon termination of employment, death, becoming disabled, or attaining normal retirement age (65). Benefits are made in the form of lump sum cash payments or can be taken as an annuity.

EASTER SEALS MIDWEST 403(b) PLAN

Notes To Financial Statements *(Continued)*

In-Service Withdrawals

Active participants who reach age 59-1/2 may withdraw all or part of their vested accounts.

Active participants who experience a qualifying financial hardship may withdraw all or part of their elective deferral accounts only, excluding related earnings. Hardship withdrawals will be approved only if they conform to the Plan Document and established IRS safe harbor provisions.

Administrative Expenses

The Plan pays substantially all administrative expenses including professional fees, investment management fees and third party administrator fees.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The Plan's investment in the guaranteed investment contract is stated at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (See Note 4).

EASTER SEALS MIDWEST 403(b) PLAN

Notes To Financial Statements *(Continued)*

The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of June 30, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of June 30, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Principal Trust Company (Principal) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Principal that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of June 30:

	2023	2022
Mutual funds	\$ 8,624,591	\$ 7,128,885
Exchange traded fund	3,819	1,776
Fully benefit-responsive investment contract	7,697	42,395
Notes receivable from participants	164,309	147,053

EASTER SEALS MIDWEST 403(b) PLAN

Notes To Financial Statements *(Continued)*

Principal also certified to the completeness and accuracy related the following investment income (loss) and interest income on notes receivable from participants for the years ended June 30:

	<u>2023</u>	<u>2022</u>
Net change in fair value of investments	\$ 807,627	\$ (1,384,699)
Interest and dividends	127,050	202,339
Interest income on notes receivable from participants	9,444	5,980

4. Fully Benefit-Responsive Investment Contract

Principal Fixed Income Guaranteed Option

The Plan invests in the Fixed Income Guaranteed Option, a fully benefit-responsive investment contract (the Contract) with Principal, which maintained the contributions in a general account.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Interest income on the Contract is calculated and credited daily based on fixed interest rates. Interest rates are reset on a semiannual basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) the decision by the Plan Sponsor to withdraw all assets from the contract and reinvest in another investment vehicle, (3) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (4) the delivery of any communication to Plan participants designed to influence the participant not to invest in the fund, (5) any change in law, regulation, ruling, administrative or judicial position, or accounting requirement applicable to the Plan. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

EASTER SEALS MIDWEST 403(b) PLAN

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchanged Traded Fund

Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	June 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,624,591	\$ —	\$ —	\$ 8,624,591
Exchange traded fund	3,819	—	—	3,819
Total Investments Included In Fair Value Hierarchy	\$ 8,628,410	\$ —	\$ —	\$ 8,628,410

	June 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,128,885	\$ —	\$ —	\$ 7,128,885
Exchange traded fund	1,776	—	—	1,776
Total Investments Included In Fair Value Hierarchy	\$ 7,130,661	\$ —	\$ —	\$ 7,130,661

There have been no changes in the valuation methodologies used at June 30, 2023 or 2022.

6. Transactions With Parties In Interest

Plan investments included shares of mutual funds and a guaranteed investment contract issued and managed by Principal. The Plan also paid fees to Principal for administrative services. In addition, certain participants have outstanding loans as of June 30, 2023 and 2022. These transactions qualify as exempt party in interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Income Tax Status

The Plan uses a volume submitter 403(b) plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received a favorable opinion letter from the IRS dated March 31, 2017 in which the IRS states that the volume submitter plan is in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since the date of the opinion letter. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator and the Plan's counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
