To the Plan Administrator Waterford School 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Waterford School 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of assets available for benefits as of August 31, 2023 and 2022, and the related statement of changes in assets available for benefits for the year ended August 31, 2023, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of August 31, 2023 and 2022, and for the year ended August 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of August 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Waterford School 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan covering employees of Waterford School Holding Corporation (the Plan Sponsor or the Employer). In general, employees, excluding employees who normally work less than twenty hours per week, are eligible to make pre-tax salary reduction contributions to the Plan. The Plan, established September 1, 2011, and amended as of October 1, 2022, is intended to be a qualified retirement plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 100% of their pretax compensation as defined in the Plan, subject to the maximum amount allowable under the IRC of \$22,500 for the year ended December 31, 2023. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants who attain age 50 before the end of 2023 are eligible to make additional catch-up contributions of \$6,500 for the year ended December 31, 2023. The Employer has provided a 100% discretionary matching contribution up to 5% of the participants' eligible compensation. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is adjusted for the participant's contributions, the Employer's contributions (if applicable), and an allocation of the Plan's actual earnings or losses and administrative expenses specifically identified with the participant's investment account. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are always fully vested in amounts (including earnings) attributable to any salary reduction contributions, employer contributions and rollover contributions.

Payment of Benefits

Upon a participant's death, attainment of age 59½, retirement, or termination of employment, a participant or his or her beneficiaries may receive a distribution equal to the vested balance in his or her account (1) in a single, lump-sum cash payment, (2) through various annuity options, or (3) through installment payments, subject to the Plan's provisions. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to the occurrence of these events.

Administrative Expenses

Audit related compliance fees for the Plan are paid by the Plan Sponsor. Most other Plan administrative expenses are paid for by Plan participants.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, liquidity, overall market volatility, and changes in economic conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Valuation and Income Recognition

Mutual funds are reported at fair value based on the daily quoted net asset value (NAV) closing price as reported by the mutual fund on the last day of the Plan year. For equities funds the NAV price is not considered a fair value practical expedient. Per unit net asset values of equities funds are determined by dividing the funds' net assets at fair value by the units outstanding in each fund at the valuation date. Variable annuity contracts are recorded at fair value using NAV as a practical expedient and have no quoted market prices. In general, NAV has been estimated based on market quotations or prices obtained from independent pricing services for the underlying assets. NAV is calculated daily.

The value of the real estate fund is principally derived from the market value of the underlying real estate holdings, which are valued using independent appraisals. The non-fully benefit responsive investment contracts are recorded at fair value, which approximates contract value as of August 31, 2023 and 2022. The fully benefit responsive investment contract is recorded at contract value. Contract value equals the accumulated cash contributions, interest credited, less any withdrawals and transfers.

Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments and is recognized in income currently. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest are reinvested when received.

Payments of Benefits

Benefits are recorded when paid by the Plan.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through February 6, 2024, the date the financial statements were available to be issued.

3. Plan Investments

Mutual Funds

Quoted market prices are used to determine the fair value of shares of registered investment companies, which represent the net asset value of shares held by the Plan at year-end.

Equities Funds

Quoted market prices of the underlying investments are used to determine the fair value per unit, which represents the net asset value of units held by the Plan at year-end.

Variable Annuity Contracts

Variable annuity contracts are TIAA Access Annuities. These annuities are variable annuities registered with the Securities and Exchange Commission as an investment company under the Investment Company Act of 1940. They operate as a unit investment trust. As such, they invest in shares of underlying mutual funds. Contributions to TIAA Access Annuities buy accumulation units whose value is calculated daily based on NAV as a practical expedient. The value of a participant's investment rises and falls with the return on the underlying assets.

Fully and Non-Fully Benefit Responsive Investment Contracts

These investment contracts are invested in the TIAA Traditional Benefit Responsive, TIAA Traditional Non-Benefit Responsive and TIAA Stable Value funds, which are fixed-rate group annuity contracts offered by TIAA. Contributions to these annuities purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns are backed by TIAA's claims-paying ability.

The TIAA Traditional Benefit Responsive annuity contract holds the Supplemental Retirement Annuity, Group Supplemental Retirement Annuity, and Retirement Choice Plus contracts. These contracts have no liquidity restrictions.

Liquidity restrictions apply to the TIAA Traditional Non-Benefit Responsive contracts under three types of annuity contracts held - Retirement Annuity (RA), Group Retirement Annuity (GRA), and Retirement Choice (RC) - held by the TIAA Traditional Annuity. GRA contracts permit lump-sum withdrawals within 120 days following termination of employment, which are subject to a 2.5% surrender charge. RA contracts restrict lump-sum withdrawals and limit participant-initiated transfers to 10 annual installments and participant-initiated withdrawals are limited to 5 annual installments following termination of employment. RC contracts permit participant-initiated lump-sum withdrawals within 120 days following termination of employment, which are subject to a 2.5% surrender charge. Participant-initiated transfers may only be made in 84 monthly installments, and participant-initiated withdrawals other than lump-sum withdrawals made in the 120-day period following termination of employment may only be made in 84 monthly installments.

Liquidity restrictions apply to the TIAA Stable Value fund including transfers to a competing fund being prohibited. In addition, transfers into TIAA Stable Value may not be made for 30 days following a transfer out. Interest rates are declared annually for new deposits received during that year and are guaranteed for the balance of that year. Renewal rates are declared annually in March for existing assets. For the year ended August 31, 2023, the average yield was approximately 4.2%.

Real Estate Fund

This fund invests in real estate properties and real estate-related investments. This fund's value is principally derived from the market value of the underlying real estate holdings which are valued using independent appraisals, which are estimates of property values based on a professional's opinion. This fund sometimes holds securities which are generally priced using values obtained from independent pricing sources.

4. Fair Value Measurements

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels. These levels, in order of highest priority to lowest priority, are described as follows:

- Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.
- Level 2 – Observable prices other than Level 1 that are based on inputs quoted in less active markets or other observable inputs that can be corroborated by observable market data.
- Level 3 – Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of August 31:

2023					
Description	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 19,138,625	\$ -	\$ -	\$	19,138,625

Total investments, at fair value				\$	24,004,512

* The fair values for the variable annuity contracts are provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

Fair Value Measurement and Disclosure (Topic 820): *Investments in Certain Entities that Calculate Net Asset Value Per Share (or its equivalent)* requires disclosures of certain attributes in entities that calculate a NAV per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes as of:

August 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable annuity contracts	\$ 618,173	-	Daily	Weekly

August 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable annuity contracts	\$ 572,471	-	Daily	Weekly

Variable annuity contract investment strategy focuses on seeking high total return over time through a combination of capital appreciation and income. Portfolio investments include equity, fixed-income, and real estate funds with a focus on equity funds to take advantage of market conditions and outlook.

The following table sets forth information summarizing the changes in fair value of the Plan's Level 3 investments in the non-fully benefit-responsive investment contract for the year ended August 31, 2023:

<u>Non-Fully Benefit Responsive Investment Contract</u>		
Beginning balance as of September 1, 2022	\$	1,745,294
Realized/unrealized gain		73,228

Sales and distributions		(52,787)
Transfers		99,235
Ending balance as of August 31, 2023	\$	1,886,114

The following presents information about the valuation techniques and significant unobservable inputs related to the Plan's Level 3 investments in the non-fully benefit-responsive investment contract for the year ended August 31, 2023:

Valuation Techniques:	1. Discounted cash flow 2. Theoretical transfer (exit value)
Unobservable Inputs:	Risk-adjusted discount rate applied
	Range:
Retirement Annuity (RA)	3.70% - 6.25%
Group Retirement Annuity (GRA)	3.70% - 6.25%
Retirement Choice (RC)	3.95% - 6.50%
Supplemental Retirement Annuity (SRA)	3.00% - 5.50%
Group Supplemental Retirement Annuity (GSRA)	3.00% - 5.50%
Retirement Choice Plus (RCP)	3.20% - 5.75%

The following table sets forth information summarizing the changes in fair value of the Plan's Level 3 investment in the real estate fund for the year ended August 31, 2023:

<u>Real Estate Fund</u>		
Beginning balance as of September 1, 2022	\$	325,949
Realized/unrealized loss		(28,836)
Purchases		317
Sales and distributions		(21,470)
Transfers		(70,047)
Ending balance as of August 31, 2023	\$	205,913

The Plan's Level 3 investment in the real estate fund used a valuation technique of an independent appraiser for the year ended August 31, 2023.

Plan management's valuation process for its Level 3 investments consists of reviewing the investment returns and fair values for reasonableness and consulting, as necessary, with investment advisors.

5. Federal Income Tax Status

The Plan has adopted a non-standardized prototype plan document. 403(b) plans have not been required to submit plan documents to the Internal Revenue Service for tax-status determination. However, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes is reflected in the accompanying financial statements.

Management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has concluded that as of August 31, 2023 and 2022, there are no uncertain tax positions that require either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities for tax years for which the applicable statutes of limitations have not expired. There are no audits for any tax periods in progress.

6. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by TIAA and CREF, the custodians of the Plan. These transactions qualify as exempt party-in-interest transactions.

7. Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by TIAA and CREF, the custodians of the Plan, except for comparing such certified information to information included in the Plan's financial statements and supplemental schedule:

- The investment assets of the Plan
- Plan investment transactions and related income and losses
