INDEPENDENT AUDITOR'S REPORT

To the US Retirement Benefits Committee of
the Capital Retirement Savings Plan:

Opinion

We have audited the financial statements of Capital Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2023 and 2022, and the changes in its net assets available for benefits for the year ended June 30, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk

of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

General — The Plan is a defined contribution plan sponsored by The Capital Group Companies, Inc. ("CGC"). Employees are eligible for the Plan immediately upon employment, provided they are salaried employees of The Capital Group Companies, Inc. or a participating affiliate (the "Company"). The Plan is administered by the US Retirement Benefits Committee of the Company (the "Committee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — Participant contributions to the Plan include elective deferrals (both pre-tax and Roth) from the employees' compensation made through a direct reduction of compensation each payroll period, subject to certain Internal Revenue Code of 1986 (the "Code" or IRC) limitations and limitations established by the Committee.

Company contributions under the Plan amount to 15% of the eligible compensation of participating employees, subject to certain limitations, reduced by forfeitures of terminated participants. The Company contributed the amount required for the year under the Company contribution formula. The Company contributions account includes the Company contributions to the Plan, as well as any former Revised Master Retirement Plan account, if any.

Participants may roll over amounts to the Plan subject to certain limitations as described in the Plan document.

The trustee for the Plan is Capital Bank & Trust Company ("CB&T"), a wholly owned subsidiary of CGC. JPMorgan serves as the custodian of the Plan. Amounts contributed are invested at the direction of each participant in one or more of the funds for which Capital Research and Management Company ("CRMC"), a wholly owned subsidiary of CGC, CB&T, and Capital International Inc. ("CIInc"), are the investment advisors. Participants share the investment income and the realized and unrealized gains or losses of only those funds to which they have directed their investments.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, withdrawals, and earnings. The benefit to which a participant is entitled is equal to the participant's vested account balance.

Investments — Participants direct the investment of their account into various investment options offered by the Plan. If no investment election is made, the participant's account will be invested in a default fund. The participant's account will reflect only the gains or losses attributable to the funds for which they are invested.

Vesting — Each participant's interest in his or her elective deferrals is fully vested at all times. A participant's interest in their Company contributions is vested in the following percentages after the indicated years of service: 10% (one), 20% (two), 40% (three), 60% (four), 80% (five), and 100% (six).

Upon death, total and permanent disability, the attainment of age 60, or the Plan's termination, the total amount in a participant's account becomes fully vested without regard to the period of employment.

Notes Receivable from Participants — Participants may generally borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Committee. Principal and interest are paid ratably through payroll deductions. Loan terms shall not exceed five years. Participants may not have more than two loans outstanding at any time. As of June 30, 2023, participant loans have maturities through 2028 at interest rates ranging from 4.25% to 9.25%.

Payment of Benefits — Upon termination of service, death, disability, or attainment of normal retirement age, a participant or spouse beneficiary (in the case of death) may elect to receive a distribution as follows: (a) as a lump sum or (b) based on specific written directions submitted to the trustee, by payment of all or any portion of the account, provided the minimum partial withdrawal is $1,000 (or, if less, the balance in the account); however, if such participant fails to make such an election, their account shall be distributed in one lump sum.

Special rules apply to the Company contributions account, if any. Upon termination of service, death, disability, or attainment of normal distribution retirement age, a participant or spouse beneficiary (in the case of death) may receive a distribution as an annuity in the form of a qualified joint and survivor option, unless a different form of distribution is elected as follows: (a) as a lump sum; (b) based on specific written directions submitted to the trustee, by payment of all or any portion of the account, provided the minimum partial withdrawal is $1,000 (or, if less, the balance in the account); (c) in annual installments over a period of years not to exceed the participant's life expectancy; or (d) in the form of an annuity contract. The qualified joint and survivor annuity option is not available to a nonspouse beneficiary.

If a participant's vested balance is greater than $5,000, a participant may elect to maintain his or her funds in the Plan until the year in which they reach age 72. In addition, a terminated participant may also elect to transfer into an individual retirement account all amounts that qualify as rollovers under the provisions of the Code.

A participant who is still employed by the Company may withdraw a part or all of their deferral contributions account (both pretax and Roth after-tax) any time after attaining age 59 ½, their rollover account at any time, and their Company contributions account upon reaching the first day of the month coinciding with or following their 62nd birthday. Any such withdrawal shall be subject to the conditions of the Plan.

A participant who is employed by the Company may request a hardship withdrawal from their deferral contributions account in the event of an immediate and heavy financial need. Any such withdrawal shall be subject to the conditions of the Plan.

Forfeited Accounts — At June 30, 2023 and 2022, forfeited nonvested accounts totaled $6,014,899 and $4,839,564 respectively. However, these accounts were used subsequent to year-end to reduce employer contributions at June 30, 2023 and 2022, by $6,014,899 and $4,839,464, respectively.

401(h) Account — The health and welfare component, in addition to normal retirement benefits, is intended to fund a portion of the postretirement health care benefits for retirees, their spouses, and eligible dependents through a separate health and welfare plan. Under the Code, companies are

permitted to fund a portion of their postretirement health care obligations through a Section 401(h) account in their pension plan. According to the provisions of the Code, such benefits are subordinate to the retirement benefits provided by the Plan. In addition, the assets of the Plan (excluding the 401(h) account) arising from retirement contributions are not permitted to be used for purposes of payments of the health care benefits, and the assets pertaining to the Section 401(h) account may be used only to pay health benefits (unless the health and welfare plan is terminated and all benefits are paid, in which case any excess assets can be used to pay retiree benefits). A separate account has been established and maintained in the Plan for employer contributions to the 401(h) account. The 401(h) account invests in certain commingled funds and mutual funds managed by CB&T and CRMC, respectively, and in U.S. government securities and money market funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds, commingled funds, and U.S. government securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments in mutual funds, commingled funds, money market funds and U.S. government securities are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end. Shares of commingled funds are valued at NAV per unit as reported by the commingled fund managers. U.S. government securities are valued using benchmark yields and interest rate volatilities.

Purchases and sales of mutual funds, commingled funds, money market funds and U.S. government securities are recorded on a trade-date basis. Realized gains and losses are recorded on the basis of average cost. Interest income is recorded on the accrual basis. Dividends and capital gains distributions are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and commingled funds are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Costs and expenses incurred in connection with the administration of the Plan are borne by the Company.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but not yet paid have not been accrued. At June 30, 2023 and 2022, there were $6,053,010 and $1,003,513 payable to participants, respectively. Refer to Note 5.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

- Level 1 — Values are based on quoted prices in active markets for identical securities.
- Level 2 — Values are based on significant observable market inputs, such as quoted prices for similar securities and quoted prices in inactive markets.
- Level 3 — Values are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the securities.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price.

Money Market Funds — Valued at quoted market prices that represent the published net asset value of the shares serving as the basis for current transactions.

Commingled Funds — Valued at the NAV per unit. The NAV, as provided by the commingled fund managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Commingled funds are redeemable on a daily basis. No other redemption restrictions exist and there are no commitments associated with these investments.

The strategy of the commingled funds held by the Plan focuses primarily on investing in companies with attributes that are associated with long-term growth and resilience to market declines, such as strong management, participation in a growing market, strong balance sheets, payment of dividends and the potential for above average growth in earnings, revenues, book value, cash flow and/or return on assets.

U.S. Government securities — Valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables present, by fair value hierarchy level and major categorization, the Plan's investments that are carried at fair value as of June 30, 2023 and 2022:

	2023			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**

Commingled funds[a]	–	–	–	3,685,355,960
Money market funds	761,185	–	–	761,185
Total investments held in the Plan	$ 2,014,636,396	$ –	$ –	$ 5,699,992,356
Investments held in 401(h):				
Mutual funds	$ 100,947,952	$ –	$ –	$ 100,947,952
Commingled funds[a]	–	–	–	57,518,508
Money market funds	1,251,661	–	–	1,251,661
U.S. government securities	–	67,556,480	–	67,556,480
Total investments held in 401(h):	$ 102,199,613	$ 67,556,480	$ –	$ 227,274,601

	2022			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 1,853,149,961	$ –	$ –	$ 1,853,149,961
Commingled funds[(a)]	–	–	–	3,158,728,568

Total investments held in the Plan	$ 1,853,193,504	$ –	$ –	$ 5,011,922,072
Investments held in 401(h):				
Mutual funds	$ 165,057,904	$ –	$ –	$ 165,057,904
Commingled funds[(a)]	–	–	–	6,482,983
Money market funds	756,060	–	–	756,060
U.S. government securities	–	51,709,146	–	51,709,146
Total investments held in 401(h):	$ 165,813,964	$ 51,709,146	$ –	$ 224,006,093

(a) Investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient permitted in ASC 820, Fair Value Measurement, are not categorized in the fair value hierarchy. The total fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or the availability of observable inputs may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended June 30, 2023, there were no transfers between levels.

4. NET ASSETS AVAILABLE IN 401(H) ACCOUNT AND RELATED CHANGES IN NET ASSETS AVAILABLE FOR BENEFITS

Certain of the Plan's assets are restricted to fund a portion of postretirement health and welfare benefits for retirees and their beneficiaries in accordance with Section 401(h) of the Code. The components of the net assets available for such benefits as of June 30, 2023 and 2022, are as follows:

Net Assets Available for Postretirement Health Care Benefits in 401(h) Account	2023
Accrued investment income	$ 186,987
Investments at fair value — mutual and commingled funds and U.S. government securities	227,274,601
Payable for investments sold	(186,987)
Total net assets available for benefits in 401(h) account	$ 227,274,601

Net Assets Available for Postretirement Health Care Benefits in 401(h) Account	2022
Accrued investment income	$ 442,529
Investments at fair value — mutual and commingled funds and U.S. government securities	224,006,093
Payable for investments sold	(293,390)
Total net assets available for benefits in 401(h) account	$ 224,155,232

The related changes in net assets available for benefits for the period from July 1, 2022, through June 30, 2023 are as follows:

Changes in Net Assets in 401(h) Account	2023
Net depreciation in fair value of investments	$ (803,512)
Interest, dividends, and capital gains distributions	8,010,417
Deductions — benefits paid to participants	(4,087,536)
Net increase in net assets available for benefits in 401(h) account	$ 3,119,369

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of June 30, 2023 and 2022, is as follows:

	2023	2022
Net assets available for benefits per the financial statements	$ 5,896,726,590	$ 5,204,948,866
Net assets held in 401(h) account	227,274,601	224,155,232
Amounts allocated to withdrawing participants	(6,053,010)	(1,003,513)
Net assets available for benefits per Form 5500	$ 6,117,948,181	$ 5,428,100,585

A reconciliation of participant contributions, benefits paid to participants, and corrective distributions (excess contributions) per the financial statements to the Form 5500 for the year ended June 30, 2023, is as follows:

Deductions—benefits paid to participants per the financial statements	$ 280,244,954
Add benefits paid to participants from 401(h) accounts	4,087,536
Add amounts allocated to withdrawing participants at June 30, 2023	6,053,010
Less amounts allocated to withdrawing participants at June 30, 2022	(1,003,513)
Deductions—benefits paid to participants per Form 5500	$ 289,381,987
Excess contributions payable per financial statements	$ 1,059,957
Corrective distributions per Form 5500	$ 1,059,957

Excess contributions are recorded in Form 5500 as corrective distributions, separate from participant contributions and rollovers.

	Financial Statements	401(h) Account	Excess Contributions Payable	Amounts per the Form 5500
Employer contribution	$ 185,785,272	$ –	$ –	$ 185,785,272
Participant rollovers	8,583,646	–	–	8,583,646
Participant contribution	79,737,374	–	1,059,957	80,797,331
Interest, dividends, and capital gains distributions	68,574,870	8,010,417	–	76,585,287
Net appreciation (depreciation) in fair value of investments	629,341,516	(803,512)	–	628,538,004
Total additions	$ 972,022,678	$ 7,206,905	$ 1,059,957	$ 980,289,540

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in mutual funds and commingled funds for which CRMC, CB&T, and CIInc are the investment advisors. The trustee for the Plan is CB&T, and therefore, these transactions qualify as exempt party-in-interest transactions. The Plan also invests in mutual funds managed by JPMorgan, the Plan custodian, and money market funds managed by Alight, the Plan's record keeper. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each mutual and commingled fund. All fees to administer the Plan were paid by the Company as provided in the Plan document.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants will become fully vested in their accounts and the entire amounts credited to participants' accounts are payable to participants in cash.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service had determined and informed the Company by a letter dated November 20, 2013, that the former 401(k) Tax Advantage Plan of The Capital Group Companies, Inc., the predecessor Plan, is designed in accordance with applicable regulations of the IRC and is not subject to federal income taxes The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the related trust continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. SUBSEQUENT EVENTS

The Plan's management evaluated activity of the Plan through January 30, 2024 the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the Plan financial statements.

INDEPENDENT AUDITOR'S REPORT

To the US Retirement Benefits Committee of
the Capital Retirement Savings Plan:

Opinion

We have audited the financial statements of Capital Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2023 and 2022, and the changes in its net assets available for benefits for the year ended June 30, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk

of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

General — The Plan is a defined contribution plan sponsored by The Capital Group Companies, Inc. ("CGC"). Employees are eligible for the Plan immediately upon employment, provided they are salaried employees of The Capital Group Companies, Inc. or a participating affiliate (the "Company"). The Plan is administered by the US Retirement Benefits Committee of the Company (the "Committee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — Participant contributions to the Plan include elective deferrals (both pre-tax and Roth) from the employees' compensation made through a direct reduction of compensation each payroll period, subject to certain Internal Revenue Code of 1986 (the "Code" or IRC) limitations and limitations established by the Committee.

Company contributions under the Plan amount to 15% of the eligible compensation of participating employees, subject to certain limitations, reduced by forfeitures of terminated participants. The Company contributed the amount required for the year under the Company contribution formula. The Company contributions account includes the Company contributions to the Plan, as well as any former Revised Master Retirement Plan account, if any.

Participants may roll over amounts to the Plan subject to certain limitations as described in the Plan document.

The trustee for the Plan is Capital Bank & Trust Company ("CB&T"), a wholly owned subsidiary of CGC. JPMorgan serves as the custodian of the Plan. Amounts contributed are invested at the direction of each participant in one or more of the funds for which Capital Research and Management Company ("CRMC"), a wholly owned subsidiary of CGC, CB&T, and Capital International Inc. ("CIInc"), are the investment advisors. Participants share the investment income and the realized and unrealized gains or losses of only those funds to which they have directed their investments.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, withdrawals, and earnings. The benefit to which a participant is entitled is equal to the participant's vested account balance.

Investments — Participants direct the investment of their account into various investment options offered by the Plan. If no investment election is made, the participant's account will be invested in a default fund. The participant's account will reflect only the gains or losses attributable to the funds for which they are invested.

Vesting — Each participant's interest in his or her elective deferrals is fully vested at all times. A participant's interest in their Company contributions is vested in the following percentages after the indicated years of service: 10% (one), 20% (two), 40% (three), 60% (four), 80% (five), and 100% (six).

Upon death, total and permanent disability, the attainment of age 60, or the Plan's termination, the total amount in a participant's account becomes fully vested without regard to the period of employment.

Notes Receivable from Participants — Participants may generally borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Committee. Principal and interest are paid ratably through payroll deductions. Loan terms shall not exceed five years. Participants may not have more than two loans outstanding at any time. As of June 30, 2023, participant loans have maturities through 2028 at interest rates ranging from 4.25% to 9.25%.

Payment of Benefits — Upon termination of service, death, disability, or attainment of normal retirement age, a participant or spouse beneficiary (in the case of death) may elect to receive a distribution as follows: (a) as a lump sum or (b) based on specific written directions submitted to the trustee, by payment of all or any portion of the account, provided the minimum partial withdrawal is $1,000 (or, if less, the balance in the account); however, if such participant fails to make such an election, their account shall be distributed in one lump sum.

Special rules apply to the Company contributions account, if any. Upon termination of service, death, disability, or attainment of normal distribution retirement age, a participant or spouse beneficiary (in the case of death) may receive a distribution as an annuity in the form of a qualified joint and survivor option, unless a different form of distribution is elected as follows: (a) as a lump sum; (b) based on specific written directions submitted to the trustee, by payment of all or any portion of the account, provided the minimum partial withdrawal is $1,000 (or, if less, the balance in the account); (c) in annual installments over a period of years not to exceed the participant's life expectancy; or (d) in the form of an annuity contract. The qualified joint and survivor annuity option is not available to a nonspouse beneficiary.

If a participant's vested balance is greater than $5,000, a participant may elect to maintain his or her funds in the Plan until the year in which they reach age 72. In addition, a terminated participant may also elect to transfer into an individual retirement account all amounts that qualify as rollovers under the provisions of the Code.

A participant who is still employed by the Company may withdraw a part or all of their deferral contributions account (both pretax and Roth after-tax) any time after attaining age 59 ½, their rollover account at any time, and their Company contributions account upon reaching the first day of the month coinciding with or following their 62nd birthday. Any such withdrawal shall be subject to the conditions of the Plan.

A participant who is employed by the Company may request a hardship withdrawal from their deferral contributions account in the event of an immediate and heavy financial need. Any such withdrawal shall be subject to the conditions of the Plan.

Forfeited Accounts — At June 30, 2023 and 2022, forfeited nonvested accounts totaled $6,014,899 and $4,839,564 respectively. However, these accounts were used subsequent to year-end to reduce employer contributions at June 30, 2023 and 2022, by $6,014,899 and $4,839,464, respectively.

401(h) Account — The health and welfare component, in addition to normal retirement benefits, is intended to fund a portion of the postretirement health care benefits for retirees, their spouses, and eligible dependents through a separate health and welfare plan. Under the Code, companies are

permitted to fund a portion of their postretirement health care obligations through a Section 401(h) account in their pension plan. According to the provisions of the Code, such benefits are subordinate to the retirement benefits provided by the Plan. In addition, the assets of the Plan (excluding the 401(h) account) arising from retirement contributions are not permitted to be used for purposes of payments of the health care benefits, and the assets pertaining to the Section 401(h) account may be used only to pay health benefits (unless the health and welfare plan is terminated and all benefits are paid, in which case any excess assets can be used to pay retiree benefits). A separate account has been established and maintained in the Plan for employer contributions to the 401(h) account. The 401(h) account invests in certain commingled funds and mutual funds managed by CB&T and CRMC, respectively, and in U.S. government securities and money market funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds, commingled funds, and U.S. government securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments in mutual funds, commingled funds, money market funds and U.S. government securities are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end. Shares of commingled funds are valued at NAV per unit as reported by the commingled fund managers. U.S. government securities are valued using benchmark yields and interest rate volatilities.

Purchases and sales of mutual funds, commingled funds, money market funds and U.S. government securities are recorded on a trade-date basis. Realized gains and losses are recorded on the basis of average cost. Interest income is recorded on the accrual basis. Dividends and capital gains distributions are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and commingled funds are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Costs and expenses incurred in connection with the administration of the Plan are borne by the Company.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but not yet paid have not been accrued. At June 30, 2023 and 2022, there were $6,053,010 and $1,003,513 payable to participants, respectively. Refer to Note 5.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

- Level 1 — Values are based on quoted prices in active markets for identical securities.
- Level 2 — Values are based on significant observable market inputs, such as quoted prices for similar securities and quoted prices in inactive markets.
- Level 3 — Values are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the securities.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price.

Money Market Funds — Valued at quoted market prices that represent the published net asset value of the shares serving as the basis for current transactions.

Commingled Funds — Valued at the NAV per unit. The NAV, as provided by the commingled fund managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Commingled funds are redeemable on a daily basis. No other redemption restrictions exist and there are no commitments associated with these investments.

The strategy of the commingled funds held by the Plan focuses primarily on investing in companies with attributes that are associated with long-term growth and resilience to market declines, such as strong management, participation in a growing market, strong balance sheets, payment of dividends and the potential for above average growth in earnings, revenues, book value, cash flow and/or return on assets.

U.S. Government securities — Valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables present, by fair value hierarchy level and major categorization, the Plan's investments that are carried at fair value as of June 30, 2023 and 2022:

(a) Investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient permitted in ASC 820, Fair Value Measurement, are not categorized in the fair value hierarchy. The total fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or the availability of observable inputs may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended June 30, 2023, there were no transfers between levels.

4. NET ASSETS AVAILABLE IN 401(H) ACCOUNT AND RELATED CHANGES IN NET ASSETS AVAILABLE FOR BENEFITS

Certain of the Plan's assets are restricted to fund a portion of postretirement health and welfare benefits for retirees and their beneficiaries in accordance with Section 401(h) of the Code. The components of the net assets available for such benefits as of June 30, 2023 and 2022, are as follows:

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in mutual funds and commingled funds for which CRMC, CB&T, and CIInc are the investment advisors. The trustee for the Plan is CB&T, and therefore, these transactions qualify as exempt party-in-interest transactions. The Plan also invests in mutual funds managed by JPMorgan, the Plan custodian, and money market funds managed by Alight, the Plan's record keeper. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each mutual and commingled fund. All fees to administer the Plan were paid by the Company as provided in the Plan document.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants will become fully vested in their accounts and the entire amounts credited to participants' accounts are payable to participants in cash.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service had determined and informed the Company by a letter dated November 20, 2013, that the former 401(k) Tax Advantage Plan of The Capital Group Companies, Inc., the predecessor Plan, is designed in accordance with applicable regulations of the IRC and is not subject to federal income taxes The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the related trust continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. SUBSEQUENT EVENTS

The Plan's management evaluated activity of the Plan through January 30, 2024 the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the Plan financial statements.
