Independent Auditor's Report

To the Plan Administrator
Defined Benefit Pension Plan of United Way of Greater Cleveland
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Defined Benefit Pension Plan of United Way of Greater Cleveland (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and schedule of reportable transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. PLAN DESCRIPTION

The following description of the Defined Benefit Pension Plan of United Way of Greater Cleveland (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, which was established January 1, 1978, is a non-contributory plan covering all employees of United Way of Greater Cleveland (the "Organization") who meet certain age and service requirements. The Plan is administered by United Way of Greater Cleveland and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Organization has appointed KeyBank National Association ("KeyBank") the Trustee of the Plan.

Effective December 31, 2009, the Plan was frozen to new participants. In addition, former participants in the Plan who were re-hired after December 31, 2009 will not resume participation in the Plan.

Eligibility - Prior to December 31, 2009, all employees of United Way of Greater Cleveland age twenty-one and older and with one year of service of at least 1,000 hours were eligible to participate in the Plan.

Vesting - Vesting in the participant's account balance is based on years of service. A participant also becomes fully vested upon reaching age 55, regardless of the years of employment. A participant is vested as follows:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Benefits - Pension benefits are based on a participant's average annual compensation and years of eligible benefit service on or prior to December 31, 2009. Normally, benefits are paid monthly in the form of an annuity that commences when the participant attains age 65 and continues until the death of the retired participant and participant's spouse, but generally not less than ten years. Participants may elect to receive benefits in the form of a single life annuity, joint pensioner annuity, period certain annuity, or lump sum distribution for benefits accrued prior to July 1, 2006. Benefits accrued after July 1, 2006, shall not be paid in lump sum, unless the amount is less than $5,000. The Plan permits early retirement with reduced benefits for vested participants who have reached age 55.

Funding Policy - The Organization's funding policy is to make contributions to the Plan on the basis of an annual actuarial determination of the Plan's liabilities. The amounts of contributions are intended to maintain funding levels in the Plan that will meet current obligations to participants of the Plan, amortize unfunded liabilities and amortize actuarial gains or losses. The Organization's contributions for the years ended December 31, 2022 and 2021 have met the minimum funding requirements under ERISA and the Plan document.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting **-** The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments **-** The plan's investments are administered by KeyBank National Association and are stated at fair value. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Investments are reflected at fair market value as determined by the trustee. Investment transactions are recorded on a settlement-date basis. Total investment value as recorded on a settlement-date basis does not materially differ from what total investment value would be if transactions were recorded on a trade-date basis.

Contributions - The Organization (also referred to as the "Plan Sponsor" and "Plan Administrator") makes contributions in an amount at least equal to the amount necessary for the Plan to remain in compliance with the minimum funding requirements of the Internal Revenue Code ("IRC") and ERISA.

Administrative Expenses **-** The expenses necessary to administer the Plan are paid by the Plan or Plan Sponsor including, but not limited to, those involved in retaining professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of the Plan are included in administrative expenses. All other investment related expenses are included in net depreciation in fair value of investments.

Income, Contributions, and Distribution Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized in the period earned. Dividend income is recognized in the period in which the dividends are declared. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Employer contributions are recognized when determined. Distributions to participants are recorded in the period in which the payment is made.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The Organization has elected to restrict the scope of the auditor's examination related to the statements or information prepared and certified by KeyBank.

KeyBank has certified as to the completeness and accuracy of the investments it holds as of December 31, 2022 and 2021, and the changes in net assets arising from said investment activity, except for the real estate fund net asset value totaling $564,332 and $549,200, as of December 31, 2022 and 2021, respectively, and the related unrealized appreciation of the real estate fund of $15,132 for the year ended December 31, 2022.

KeyBank has certified as to the completeness and accuracy of the schedule of assets (held at end of year), except for the real estate fund, as of December 31, 2022.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units in an investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily.

Real estate fund: Real estate fund is valued using the investment's NAV as a practical expedient of fair value. The NAV is based on the underlying assets owned by the fund. The fund has not been categorized in the fair value hierarchy and is being presented in the tables below to permit a reconciliation of the fair value hierarchy to total pension plan assets. There are no unfunded commitments by the Plan related to these funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,356,366	$ -	$ -	$ 7,356,366
Total assets in the fair value hierarchy	7,356,366	-	-	7,356,366
Real estate fund at NAV [(a)]	-	-	-	564,332
Common/collective trust at NAV [(a)]	-	-	-	79,886
Investments, at fair value	$ 7,356,366	$ -	$ -	$ 8,000,584

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,567,969	$ -	$ -	$ 9,567,969
Total assets in the fair value hierarchy	9,567,969	-	-	9,567,969
Real estate fund at NAV [(a)]	-	-	-	549,200
Common/collective trust at NAV [(a)]	-	-	-	59,868
Investments, at fair value	$ 9,567,969	$ -	$ -	$ 10,177,037

[(a)] In accordance with the FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Real estate fund	$ 564,332	$ -	Daily	Up to 12 Months
Common collective trusts	$ 79,886	$ -	Daily	Up to 12 Months

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Real estate fund	$ 549,200	$ -	Daily	Up to 12 Months
Common collective trusts	$ 59,868	$ -	Daily	Up to 12 Months

E. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan invests in funds managed by KeyBank as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the Plan for the investment management services. Certain plan fees for investment management, recordkeeping and administrative expenses are paid to the trustee and those fees are not considered prohibited transactions under ERISA. In 2022, administrative expenses paid to KeyBank were $8,505.

F. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees to their beneficiaries. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits was determined by an independent actuary and is an amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the beginning of the Plan year is as follows:

	January 1, 2022	January 1, 2021
Actuarial present value of plan benefits:		
Vested benefits:		
Participants currently receiving payments	$ 6,244,012	$ 6,263,463
All other vested participants	4,273,872	4,326,417
Total vested benefits	10,517,884	10,589,880
Non-vested benefits	4,520	5,416
Total actuarial present value of accumulated plan benefits	$ 10,522,404	$ 10,595,296

The changes in accumulated Plan benefit information as of the beginning of the Plan year is as follows:

	January 1, 2022	January 1, 2021
Actuarial present value of accumulated plan benefits, beginning of year	$ 10,595,296	$ 10,779,257
Increase (decrease) during the year attributable to:		
Change in actuarial assumptions	25,281	(11,036)
Benefits accumulated (including gains and losses)	103,018	73,596
Interest cost	562,034	570,687
Benefits paid	(763,225)	(817,208)
	(72,892)	(183,961)
Actuarial present value of accumulated plan benefits, end of year	$ 10,522,404	$ 10,595,296

Significant assumptions underlying the actuarial computations for 2022 and 2021 are as follows:

	January 1, 2022	January 1, 2021
Actuarial Cost Method	Pure Unit Credit	Pure Unit Credit
ASC 960 Discount Rate	5.50%	5.50%
Mortality Basis	Pri-2012 White Collar Dataset Amount-Weighted Mortality by participant status projected using MP- 2021	Pri-2012 White Collar Dataset Amount-Weighted Mortality by participant status projected using MP-2020
Retirement Rate	Rate varies depending on retirement age	Rate varies depending on retirement age

The interest rate used to discount the obligation was 5.50% as of January 1, 2022 and 2021. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2022. Had the valuation been performed as of December 31, 2022, there would be no material difference.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated: 1) Benefits attributable to employee contributions, taking into account those paid out before termination; 2) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years.

The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination; 3) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations; 4) All other vested benefits (vested benefits not insured by the PBGC); and 5) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive the benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

H. TAX STATUS

The Plan applied for restatement of the plan document to comply with the Pension Protection Act of 2016 but has yet to receive the determination letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISK AND UNCERTAINTIES

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Additionally, the Plan's investment securities are exposed to various risks, such as interest rate and market, and credit risks. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the financial statements.

J. SUBSEQUENT EVENTS

Subsequent events have been evaluated through February 5, 2024, which is the date the financial statements were available to be issued.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Line 22 – Description of Weighted Average Retirement Age
Defined Benefit Pension Plan of United Way of Greater Cleveland
January 1, 2022 Valuation
EIN/PN: 34-6516654/002

Rates of Retirement

Based on age as follows:

Age	Rate
62	10%
63	50
64	15
65	100

Terminated Vested participants and Deferred Beneficiaries are assumed to commence at Normal Retirement Date.

Weighted Average Retirement Age is 64. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

Determination of weighted average retirement age

Age (a)	Rate (b)	Weight (c)	Product (d) = (a) x (b) x (c)

Appendix B
Statement of Actuarial Assumptions and Methods

Minimum Funding Annual Interest Rates

24-month segment rates averaged through the end of August 2021 and published in September 2021 (as prescribed by IRC 430) and adjusted to reflect BBA:

- Segment 1 (0 – 5 years) 4.75%
- Segment 2 (5 to 20 years) 5.18%
- Segment 3 (more than 20 years) 5.92%
- Effective Interest Rate 5.34%

Maximum Deductible Annual Interest Rates

24-month segment rates averaged through the end of August 2021 and published in September 2021 (as prescribed by IRC 430) as follows:

- Segment 1 (0 – 5 years) 1.07%
- Segment 2 (5 to 20 years) 2.68%
- Segment 3 (more than 20 years) 3.36%
- Effective Interest Rate 2.82%

Annual Expected Return on Assets

Interest Rate for developing Actuarial Value of Assets; limited to third segment rate 5.50%

Rationale: Based on a review of historical returns on various asset categories held by the plan as well as information provided by the plan's investment advisor.

PBGC Annual Interest Rates

24-month segment rates averaged through the end of August 2021 and published in September 2021 (as prescribed by IRC 430) as follows:

- Segment 1 (0 – 5 years) 1.07%
- Segment 2 (5 to 20 years) 2.68%
- Segment 3 (more than 20 years) 3.36%
- Effective Interest Rate 2.82%

Salary Scale

Not applicable as benefits are frozen. For accrued benefits, actual individual pay histories have been used.

Appendix B (Continued)

Mortality

Funding: Mortality as provided in Notice 2020-85, male and female, with combined rates for annuitants and nonannuitants (as prescribed by IRC 430). The mortality used for lump sum purposes is IRS 2022 Applicable Mortality Table for 417(e) purposes.

Rationale: Lump sum mortality is based on mandated IRS mortality tables.

Rates of Retirement

Based on age as follows:

Age	Rate
62	10%
63	50
64	15
65	100

Terminated Vested participants and Deferred Beneficiaries are assumed to commence at Normal Retirement Date.

Weighted Average Retirement Age is 64. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

Rates of Turnover

Sarason's Table T-11.

Rates of Disability

None

Assumptions Made In Valuing Spouse's Benefit

Eighty percent of the male and seventy percent of the female employees included in the valuation are assumed to be married. These percentages are used as the probabilities that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be three years younger than the husband.

Optional Form Election

80% of participants are expected to elect a lump sum of the benefit as of 6/30/2006 and 20% are expected to elect the benefit as of 6/30/2006 in the life annuity form. 100% of the benefit earned after 6/30/2006 is expected to be paid in the life annuity form. The QJSA is actuarially equivalent to the life annuity.

Rationale: Based on discussions with the plan sponsor based on future expectations and experience with other plans that pay lump sums

Appendix B (Continued)

Provision for Expenses	The expected administrative (i.e. non-investment) expenses expected to be paid from plan assets, which were assumed to equal actual administrative expenses during the prior year plus PBGC premiums for the current year, were included in the Target Normal Cost for Minimum Required Contribution purposes. Rationale: Based on actual expenses paid during the prior year adjusted for the actual PBGC premium in 2022 and any one-time significant projects that are paid from the plan.
Actuarial Models	The actuarial liabilities shown in this report are determined using software purchased from an outside vendor which was developed for this purpose. Certain information is entered into this model in order to generate the liabilities. These inputs include economic and non-economic assumptions, plan provisions, and census information. We rely on the coding within the software to value the liabilities using the actuarial methods and assumptions selected. Both the input to and the output from the model is checked for accuracy and reviewed for reasonableness.
Standing Elections	The plan sponsor has not signed an election that provides for the automatic use of the Carryover Balance and/or Prefunding Balance if necessary to meet the minimum funding requirement.
Asset Method	Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions).
Funding Method	Pure Unit Credit
Employees Valued	Only participants as of the valuation date were valued.
Changes in Assumptions and Methods since the Last Actuarial Valuation	The segmented interest rates used for determining the funding target were 4.75%, 5.36% and 6.11%. These rates were updated to the rates required for the current plan year under ARPA. The mortality table for the funding target was changed as required under PPA '06.
Justification for Changes in Actuarial Assumptions	The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."

Appendix A
Summary of Principal Plan Provisions

Plan Sponsor	United Way of Greater Cleveland
EIN/PN	34-6516654/002
Effective Date	July 1, 1971; last amended and restated effective March 1, 2017 and last amended October 10, 2019.
Plan Year	The 12-month period beginning each January 1.
Participation	Any employee participates on the first day of the month coinciding with or next following the date he has both attained age 21 and completed one Year of Service. (A Year of Service is a Plan Year in which an employee is paid for at least 1,000 hours.) No new participants will be added to the plan on or after December 31, 2009.
Compensation	Total wages, salary, commissions and overtime pay, as limited by IRC Section 401(a)(17), but based on the adjusted $200,000 limitation.
Average Monthly Compensation	For calculations prior to July 1, 2006 - 1/36th of Compensation for the highest 36 consecutive months of employment in the last 10 years. If less than 36 months of employment, then based on all periods of employment. For calculations on and after July 1, 2006 – 1/60th of Compensation for the highest 60 consecutive months of employment in the last 10 years. If less than 60 months of employment, then based on all periods of employment. Average monthly compensation was frozen as of December 31, 2009.
Social Security Covered Compensation	The average of the Social Security Maximum Taxable Wage Bases for the 35-year period ending with the year in which Social Security Retirement Age is attained. Social Security Retirement Age is 65 for employees born before 1938, 67 for those born after 1954, and 66 for those born in between.
Vesting Service	Elapsed time from date of hire.
Credited Service	Elapsed time from date of participation. Credited service is frozen as of December 31, 2009.

Appendix A (Continued)

Accrued Benefit

A monthly life annuity starting at age 65 equal to the sum of the following:

(1) 1.5% of Average Monthly compensation multiplied by the number of years of Credited Service earned as of June 30, 2006, plus

(2) 1.25% of Average Monthly Compensation multiplied by the number of years of Credited Service earned on and after July 1, 2006, plus

(3) 0.5% of Average Monthly Compensation in excess of Social Security Covered Compensation multiplied by all years of Credited Service, not to exceed 35 years.

For those still actively employed on or after July 1, 2006, the Accrued Benefit shall not be less than the Accrued Benefit as of June 30, 2006.

The Accrued Benefit was frozen as of December 31, 2009.

Normal Retirement Benefit

Eligibility:

Age 65.

Monthly Benefit:

The Accrued Benefit.

Late Retirement Benefit

Eligibility:

After age 65.

Monthly Benefit:

The Accrued Benefit at actual retirement (benefits are suspended for participants who continue to work past age 65).

Early Retirement Benefit

Eligibility:

Age 55.

Monthly Benefit:

The Accrued Benefit at early retirement reduced by 1/180th for each of the first 60 months and 1/360th for each of the next 60 months by which retirement precedes age 65.

Appendix A (Continued)

Early Retirement Benefit with 30 Years of Service

Eligibility:

Age 55 and 30 years of Vesting Service.

Monthly Benefit:

The Accrued Benefit at early retirement reduced by 1/180th for each of the first 60 months and 1/360th for each of the next 24 months by which retirement precedes age 62.

Termination Benefit

Eligibility:

Termination of employment prior to retirement.

Monthly Benefit:

The vested benefit commences in full at age 65, or in a reduced amount under the early retirement provisions.

The vested benefit is the accrued benefit multiplied by the applicable Vesting Percent based on the following schedule:

Years of Vesting Service	Vesting Percent
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

If hired prior to July 1, 1996 or if eligible for any early retirement benefit, the Vesting Percent is 100%.

Death Benefit

Eligibility:

Any vested participant.

Monthly Benefit:

A monthly benefit for life with 120 payments guaranteed and commencing at the time the participant would have first been eligible for retirement. The benefit is equal to 66⅔% of the benefit vested on the date of death, payable for 10 years guaranteed, adjusted as appropriate for early commencement and the 66⅔% Joint and Survivor Annuity with 10 years certain form of payment. The benefit is payable to the surviving spouse. If there is no surviving spouse, then any children under the age of 19 share equally in the benefit for the 120 months certain. If there is no surviving spouse and no children under the age of 19, then the named beneficiary receives the benefit for 120 months certain.

Appendix A (Continued)

Optional Forms of Benefit

The following optional forms are available under this plan: life annuity; full cash refund annuity; period certain and continuous annuity, with either a 60, 120 or 180 month guarantee; joint and survivor annuity, with either 50%, 66⅔%, 75% or 100% continuation; 66⅔% joint and survivor with period certain and continuous annuity, with 120 guaranteed. The guaranteed payments are made based on the amount being paid to the last survivor.

The conversion factors are based on the 1983 Individual Annuity Mortality Table for females and 8.5% interest.

Benefits Available As Lump Sums

This plan pays small benefit amounts (lump sums less than $5,000) automatically, and participants can elect a lump sum of their benefits accrued prior to July 1, 2006 if the lump sum value is over $5,000, but only if they are eligible for immediate benefit commencement. If a participant who is entitled to a lump sum greater than $1,000 but less than or equal to $5,000 does not elect to receive the amount directly to them, then the lump sum will be automatically rolled over into an IRA for the participant. In years in which benefit restrictions apply, the lump sums are limited as required and any benefit not payable as a lump sum will be paid as an annuity.

A lump sum window occurred in late 2019 that temporarily allowed payment of full benefits as lump sums to vested terminated participants.

Changes in Plan Provisions

None.
