INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Mini-Systems, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mini-Systems, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mini-Systems, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mini-Systems, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mini-Systems, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mini-Systems, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included

in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of Mini-Systems, Inc. Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan, sponsored by Mini-Systems, Inc. (Company). The Plan was established on August 1, 1977 and was last restated on January 1, 2021. The Plan is a defined contribution plan with a deferred arrangement qualified under Section 401(k) of the Internal Revenue Code (IRC). The Plan is participant directed and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, congress passed the the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which included several provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. The Plan was last amended on April 17, 2020 to adopt certain provisions of the CARES Act.

ELIGIBILITY

The Plan covers all employees (except for leased employees and residents of Puerto Rico) once they have completed three consecutive months of service. The Plan does not have an age requirement for participant eligibility.

EMPLOYEE CONTRIBUTIONS

Participants may elect to contribute an amount or percentage of their annual pre-tax compensation as defined in the Plan, subject to certain limitations as allowable under Section 401(k) of the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to opt-out of the Plan within ninety days of the first automatic deferral. The automatic deferral amount was 5% of eligible compensation through June 2022 and participants' contributions are invested in a designated fund until changed by the participants. On June 27, 2022, the plan was amended to increase the automatic deferral amount from 5% to 6% of eligible compensation for employees hired on or after July 1, 2022.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

EMPLOYER CONTRIBUTIONS

The Company's matching contribution is equal to the sum of (i) 100% of each participant's deferral contribution up to 2% of a participant's compensation (ii) plus 25% of the additional amount of each participant's deferral contribution up to 4% of a participant's compensation. The Company may make discretionary profit-sharing contributions. During 2022, the Company did not make a profit-sharing contribution.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of the (a) Company's discretionary matching and profit-sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions, including rollover contributions, plus actual earnings thereon. Upon termination of employment by reason of retirement after age 65, death or disability, participants will be entitled to 100% of the employer matching contributions plus actual earnings thereon credited to their account. The Plan does not have an early retirement feature.

In the event of termination of employment for any reason other than retirement, death or disability, the vested portion of the employer contributions plus actual earnings thereon available for distribution from a participant's account shall be determined according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

In order to receive a vested percentage for a particular plan year, a participant must be credited with a minimum of 1,000 hours of service.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee, employer matching, non-elective employer contributions in a variety of investment options offered by the plan. Participants may change their investment options any time during the year.

PAYMENT OF BENEFITS

Benefits are available for distribution upon retirement, disability, or termination in a single lump sum distribution. Upon a participant's death, the participant's account balance should be fully distributed to the beneficiary by the end of the fifth year from the date of the participant's death. In the event of termination for any reason other than retirement, death or disability, payment of vested benefits will be made by the plan administrator in accordance with the procedures described in the Plan.

If a participant's vested balance is less than \$5,000, the participant will receive an immediate cash-out of the vested account balance. The Plan allows for in service distributions from all or a portion of the participants' fully vested account balances upon the participants' attainment of age 59½. Hardship withdrawals are not permitted.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The term of the loan shall not exceed 5 years; however longer terms may be allowed when the loan is obtained for the purchase of a primary residence. Notes receivable from participants are stated at the amount of unpaid principal and accrued interest. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with local prevailing rates. The interest rates on outstanding participant loans ranged from 3.25% to 7% at December 31, 2022. Principal and interest are paid ratably through payroll deductions. The participants may have two loans outstanding at any time.

FORFEITURES

Forfeitures are created when participants terminate employment before becoming entitled to their full vested benefits under the Plan. Forfeitures can be used to pay plan administrative expenses or to reduce employer contributions. During 2022 and 2021, the activity in the forfeiture account was as follows:

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITURES (CONTINUED)

	2022	2021
Balance, beginning of the year	\$ 102	\$ 548
Forfeitures incurred	9,810	1,884
Income earned	19	4
Forfeitures used	<u>(4,482)</u>	<u>(2,334)</u>
Balance, end of the year	<u>\$ 5,449</u>	<u>\$ 102</u>

The accumulated balance in the unallocated forfeiture account at December 31, 2022 will be used to reduce future employer contributions or pay administrative expenses in accordance with the provisions of the plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

PAYMENT OF BENEFITS

Benefit payments and withdrawals are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 6.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are presented in the statements of net assets available for benefits at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. An allowance for deemed loans and credit losses has not been recorded at December 31, 2022 and 2021.

PLAN ADMINISTRATIVE EXPENSES

Fees related to the administration of notes receivable from participants and processing of benefit payment transactions are charged directly to the participant accounts and are included in administrative expenses. Guaranteed investment contract maintenance fees are also included in administrative expenses. Guaranteed investment contract maintenance fees and record-keeping fees, if applicable, may be paid by the Plan through revenue sharing as a reduction of net depreciation from the related investment fund. All other expenses associated with the administration of the Plan are paid by the Company.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE 3 – PLAN FINANCIAL INFORMATION CERTIFIED BY TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and its subsidiary, Empower Trust Company, LLC (the trustees of the Plan). This information has not been audited by the Plan's independent auditors.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 4 – FAIR VALUE MEASUREMENTS

Investments of the Plan are comprised of mutual funds and collective investment trust funds.

The investments are stated at fair value using the following methodologies:

Mutual funds: Mutual funds are valued at the daily closing prices as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds: Collective investment trust funds are valued each day that the New York Stock Exchange (NYSE) is open for trading in accordance with valuation procedures established by the trustee. The NAV per unit is computed by dividing the total contract value of the assets of a fund, less its liabilities by the total number of units outstanding at the time of such computation. Investment income is reinvested in the funds and included in the determination of the unit values.

An investment in collective investment trust funds has a readily determinable fair value, which is determined and published and is the basis for current transactions. In accordance with FASB ASC 820, the investment in a collective investment trust has been categorized within the fair value hierarchy as of December 31, 2021.

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,126,509	\$ --	\$ --	\$ 5,126,509
Total investments, at fair value	<u>\$ 5,126,509</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 5,126,509</u>

Description	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 4,661,686	\$ --	\$ --	\$ 4,661,686
Collective investment trust funds	<u>--</u>	<u>1,244,853</u>	<u>--</u>	<u>1,244,853</u>
Total investments, at fair value	<u>\$ 4,661,686</u>	<u>\$ 1,244,853</u>	<u>\$ --</u>	<u>\$ 5,906,539</u>

NOTE 5 – INVESTMENTS

During 2022, the Plan's investment in mutual funds, collective investment trust funds and guaranteed account (including investments bought, sold, and held during the year) depreciated in value by \$1,131,586.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's Key Guaranteed Portfolio Fund (Fund) is fully benefit-responsive and is recorded at contract value. The account is credited with contributions and earnings based on a guaranteed specific rate of interest and charged for participant withdrawals and administrative expenses. Contributions are maintained in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the Statements of Net Assets Available for Benefits at contract value.

Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and investment fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to market value adjustments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rates are reset upon the maturity of the contracts and determined by Empower Life and Annuity Insurance Company. The average crediting interest and the average yield were approximately 0.90% and 1.04% during 2022 and 2021, respectively.

If the guaranteed investment contract is terminated prior to Empower Annuity Insurance Company of America's recovery of any and all start-up costs incurred, such as amounts, as well as any and all other outstanding charges and fees will be included in the contract termination charge. The contract may be terminated with at least 60 days advance written notice to the other party.

Certain events may limit the ability of the Plan to transact at contract value with the Fund. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 7 – PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial termination of the Plan, the accounts of all participants affected thereby shall become fully vested (100%) and non-forfeitable to the extent of the current value under the trust fund. The plan administrator shall direct the trustee to distribute the trust fund in accordance with the distribution provisions of the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee of the Plan, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Under an existing revenue-sharing arrangement, the Plan receives income calculated at 0.30% of the value of Plan investments. This income is used to pay the fees to the investment advisor. During 2022, the fees paid to the plan investment advisor under revenue-sharing arrangements approximated \$20,000.

Certain employees of the plan sponsor, who are also participants of the Plan, perform administrative services at no cost to the Plan. These transactions qualify as exempt party-in-interest transactions. All notes receivable of the Plan are between the Plan and Plan participants. Therefore, these notes and transactions qualify as party-in-interest transactions that are exempt from prohibited transaction rules.

During 2021, the Plan reported delinquent contributions of \$27,328, of which \$5,817 were delinquent loan repayments.

MINI-SYSTEMS, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 10 – TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to internally monitor tax positions taken by the Plan to determine whether any are uncertain. A tax position is taken if it is determined that the position will “more-likely-than-not” be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 11 – SUBSEQUENT EVENTS

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

The Plan has evaluated events and transactions for potential recognition or disclosure through January 29, 2024, the date the financial statements were available to be issued.
