INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of
Sigma Design Inc. 401k Plan:

Scope and Nature of the ERISA Section 103(A)(3)(C) Audit

We have performed audits of the financial statements of Sigma Design Inc. 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sigma Design Inc. 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sigma Design Inc. 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sigma Design Inc. 401k Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sigma Design Inc. 401k Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sigma Design Inc. 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sigma Design Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of Sigma Design Inc. 401(k) Plan (the "Plan") are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition

General

Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets, or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below.

Money market mutual fund: The fair value of the money market mutual fund, which is not actively traded, is based on cost, which approximates fair value of the underlying investments (Level 2).

Mutual funds: The fair value of the mutual funds is based on quoted market prices in active markets (Level 1).

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Sigma Design Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. If a participant were to default, the participant's account would be reduced by the unpaid balance of the loan at the time they are first eligible or required to take a withdrawal, based on the terms of the Plan document.

Contributions Receivable

Employer and participant contributions due but not paid prior to year-end are recorded as contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided.

Administrative Expenses

The Plan Sponsor provides administrative services at no cost to the Plan. Administrative expenses shall be paid by the Plan if, and to the extent that, the Plan Sponsor does not pay such expenses.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2022 and 2021, there were no unpaid benefits to participants.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

2. DESCRIPTION OF THE PLAN

The following description of Sigma Design Inc. 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective January 1, 2017, the Company established the Plan for its employees.

General

The Plan is a defined contribution plan covering all employees of Sigma Design Inc. (the Company, or Plan Sponsor) who are not in an ineligible class of employees, as defined in the Plan. Employees are eligible to participate after one month of service and elect to enter the Plan as a participant on the first day of the month that coincides with, or next follows, the date on which the employee satisfies the service requirement. The Plan is subject to the provisions of Section 401(a) of the Internal Revenue Code of 1986 and the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Sigma Design Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Participant Contributions

Participants may elect to defer any whole percentage or flat dollar amount of their compensation, not to exceed the dollar limits set by law. The limit for the Plan year 2022 was \$20,500. A participant who attains age 50 or older by the end of the Plan year can elect to defer additional amounts, called “catch-up contributions,” to the Plan. The catch-up contribution limit for 2022 was \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer Contributions

The Company will contribute for each participant a safe harbor matching contribution equal to 100% of the first 3% and 50% of the next 2% of eligible compensation per pay period. The Plan also provides for employer discretionary profit-sharing contributions in an amount to be determined annually to eligible participants in the ratio that each participant’s compensation bears to the total compensation of all participants. There was no employer discretionary profit sharing contributions made for the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participant notes are secured by the participant’s account balance. Participant note terms range from 1 to 5 years up to 30 years for the purchase of a principal residence. Borrowings bear interest at the prime interest rate, at the date the participant note is effective, plus one percentage point. Interest rates were 4.25-8.50% for notes outstanding at December 31, 2022 and 2021. Principal and interest are paid ratably through payroll deductions.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the employer’s contributions, as well as an allocation of plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses, which are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are immediately vested in their voluntary salary deferral contributions and employer-match safe-harbor contributions plus actual earnings or losses thereon. Vesting on non-safe harbor discretionary contributions, if any, is based on years of service. A participant is 100% vested in non-safe-harbor discretionary contributions after completion of 6 years of service or upon termination by reason of normal retirement, death or disability.

Distributions

Distributions will be made to participants upon retirement, death or disability, or termination of employment. The participant can elect to be paid their vested account in a lump sum or in the form of an annuity. In the event the Plan is terminated, each participant’s account will be fully vested and non-forfeitable and will be distributed to the participant after the effective date of the termination.

3. TAX STATUS

The Company has adopted a non-standardized prototype plan document, which received an opinion letter from the Internal Revenue Service, dated June 30, 2020, indicating that the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code (the “IRC”). Although the Plan has been amended, the Company and the Plan’s administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Sigma Design Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. PLAN TERMINATION

The Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's participants will be fully vested in all benefits earned to date.

5. INVESTMENTS AT FAIR VALUE HIERARCHY

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at December 31, 2022 and 2021, are as follows:

	Fair Value Measurements at Reporting Date Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	December 31, 2022

6. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Ascensus Trust Company has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the statement of changes in net assets available for benefits for the year ended December 31, 2022. No auditing procedures were performed by the independent auditor with respect to information certified as complete and accurate.

7. PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company is the trustee as defined by the Plan and, therefore, these transactions are recognized as exempt party-in-interest transactions. Fees paid out of the participants' accounts for the year ended December 31, 2022, are also recognized as exempt party-in-interest transactions.

8. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2022, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through February 6, 2024, the date the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
