Independent Auditors' Report

Opinion

We have audited the financial statements of Construction and General Laborers' Local 190 Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of July 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Construction and General Laborers' Local 190 Annuity Fund as of July 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Construction and General Laborers' Local 190 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Construction and General Laborers' Local 190 Annuity Fund's ability to continue as a going concern for one year after the date that the financial statements are issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Construction and General Laborers' Local 190 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Construction and General Laborers' Local 190 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplementary Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary Schedule H, Line 4i - Schedule of Assets (Held at End of Year) at July 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, including its form and content, is presented in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary Schedules of Administrative Expenses for the years ended July 31, 2023 and 2022, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1: Description Of Plan

Plan description - Construction and General Laborers' Local 190 Annuity Fund (the Plan) was created by a trust agreement effective July 1, 2007.

The following description provides only general information. The Plan is a defined contribution plan. The Plan Agreement and a Summary Plan Description providing additional details regarding vesting, benefits, and other provisions in more detail is available to all Plan participants.

Each participant's annuity account is credited (charged) with an allocation of the employers' contributions, plan earnings, forfeitures, and administrative expenses, less amounts paid for annuity benefits. During the years ended July 31, 2023 and 2022, participants' accounts were charged a fixed administrative fee totaling \$83,748 and \$78,416, respectively. Participants are allowed to direct the investment of their contributions into various investment options offered by the Plan. Participants are 100% vested on the earliest of the following dates: the date the participant is credited with three years of vesting service, normal retirement age, early retirement age, date of total and permanent disability, or death.

Funding policy - The Plan is funded by contributions from employers pursuant to collective bargaining agreements negotiated by Eastern Contractors Association, Inc., and the Labor Relations Division, Albany Region, of the Associated General Contractors of New York State, LLC.

Contributions from employers are based upon hours worked during the year by covered employees. All contributions are paid directly by employers to the Plan. Contribution rates in effect under the Building Agreement and the Heavy and Highway Agreement were as follows:

<u>Building Agreement</u>	<u>Rate</u>	<u>Heavy and Highway Agreement</u>	<u>Rate</u>
August 1, 2021 to	Zone A - \$1.55	August 1, 2021 to	Zone A - \$2.00
July 31, 2023	Zone B - \$1.54	June 30, 2023	Zone B - \$4.00
		July 1, 2023 to	Zone A - \$2.50
		July 31, 2023	Zone B - \$4.00

In addition, reciprocal contributions may be made from other Laborers' Annuity Plans based on reciprocal agreements.

Plan termination - The Agreement and Declaration of Trust provides that in the event the Trust is terminated, such termination would follow the applicable sections of the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code, as amended, for the exclusive benefit of participants under the Trust.

Note 1: Description Of Plan (Continued)

Forfeited accounts - At July 31, 2023 and 2022, forfeited non-vested accounts were \$75,961 and \$74,392, respectively. Forfeitures are primarily used to pay the Plan's administration expenses.

Note 2: Summary Of Significant Accounting Policies

Investment valuation - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Income recognition - Purchases and sales of securities are reflected on a trade-date basis. Gains or losses on sales of securities are based on the actual cost of the specific security. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Receivables - Substantially all of the receivables are considered collectible. Accordingly, no allowance for doubtful accounts is required. If it is probable accounts are uncollectible, they are charged to operations and an allowance is established when that determination is made.

Note 2: Summary Of Significant Accounting Policies (Continued)

Tax status - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan obtained its latest determination letter on September 18, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on total net assets available for benefits or changes in net assets available for benefits.

Note 3: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at July 31, 2023 and 2022:

Mutual funds: Valued based on quoted market prices.

Common collective trust: Valued at net asset value on a daily basis.

The preceding methods may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

All assets have been valued using a market approach. There were no changes in the valuation techniques during the current year.

Note 4: Concentrations Of Credit Risk

Financial instruments that potentially subject Construction and General Laborers' Local 190 Annuity Fund to concentrations of credit risk consist principally of cash in financial institutions. Accounts at each institution are insured up to the Federal Deposit Insurance Corporation limits.

Note 5: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes To Financial Statements

Note 6: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of July 31, 2023, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 7: Subsequent Events

Subsequent events have been evaluated through February 1, 2024, which is the date the financial statements were available to be issued.
