Independent Auditors' Report

To the Trustees and the Plan Administrator of
Synnex Corporation 401(k) Plan:

Opinion on the 2022 Financial Statements

We have audited the financial statements of Synnex Corporation 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule of Assets as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated December 15, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 20X1 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

SYNNEX CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) **Description of Plan**

The following description of Synnex Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan’s provisions.

(a) **General**

The Plan is a defined contribution plan that was established in 1993 by Synnex Corporation to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the “Code”) and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective July 1, 2022 the Plan adopted the Principal non-standard Plus Cycle 3 Adoption Agreement.

Effective September 1, 2021, the Synnex Corporation and Tech Data Corporation completed a merger and became TD SYNEX, with TD SYNEX (the “Company”) becoming the Plan Sponsor on that date.

(b) **Administration**

The Company has appointed the 401(k) Plan Committee (the “Committee”) to manage the operation and administration of the Plan. The Company has contracted with Principal Financial Group (“Principal”), formerly Wells Fargo Bank, N.A. (“Wells Fargo”), to act as the trustees, and with Principal Life Insurance Company, formerly Wells Fargo Institutional Retirement and Trust, to act as third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Plan, except for professional fees which are paid by the Company.

(c) **Eligibility**

Certain employees of the Company are eligible to participate in the Plan upon meeting the age requirement of 18. Employees of specific divisions who meet Plan eligibility requirements will be automatically enrolled at a rate of 3% of eligible compensation, unless the employee opts out. The automatic enrollment percentage increases 1% each year up to a maximum of 15%.

(d) **Contributions**

Eligible employees may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan Document and current income tax regulations. Participants may also elect to contribute their eligible after-tax compensation (as Roth contributions) to the Plan. Elective deferrals were limited to \$20,500 in 2022, with catch-up contributions limited to \$6,500.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified, employee-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant’s direction and the Plan’s provisions.

(1) Description of Plan - Continued

(d) Contributions - Continued

The Company may also make matching contributions as defined in the Plan and as approved by the Board of Directors. For the year ended December 31, 2022, the Board of Directors approved a discretionary match of 50% of 6% of each eligible participant's pre-tax compensation. The Plan also allows for a discretionary profit-sharing contribution. No discretionary profit-sharing contribution was approved for the year ended December 31, 2022.

The Plan allows participants to direct their contributions to any investment option.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contributions, if any. Allocation of the Company's contributions is based on participant contributions or eligible compensation, as defined in the Plan.

(f) Vesting

Participants are immediately vested in their contributions. Participants are vested in the employer's matching and discretionary profit-sharing contributions allocated to their accounts in accordance with the Plan's vesting schedule: 30% at one year of credited service, 60% at two years of credited service, and 100% at three years of credited service.

(g) Forfeited Accounts

Forfeited nonvested accounts at December 31, 2022 and 2021, totaled approximately \$39,000 and \$175,000, respectively, and may be used to pay plan administrative expenses and then to reduce future employer contributions. In 2022, approximately \$393,000 of forfeitures were utilized to completely fund employer contributions.

(h) Payment of Benefits

Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installment payments equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000.

The Plan allows participants to withdraw a portion of their account balance in the event of an immediate financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

(1) **Description of Plan - Continued**

(i) **Notes Receivable from Participants**

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the current prime lending rate of Principal, plus 2% and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee.

(2) **Summary of Significant Accounting Policies**

(a) **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) **Investment Valuation and Income Recognition**

The investments are reported at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments for the year is reflected in the statement of changes in net assets available for benefits.

(c) **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) **Payment of Benefits**

Benefits are recorded when paid.

(e) **Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Company deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risk. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Administrative Expenses

All significant administrative costs related to the Plan are incurred by the Employer or are paid by the Plan. If paid by the Plan, expenses are allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of plan participants.

(3) 2021 Trustees Certification of Plan Investments (Unaudited)

In 2021 the Company elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal and Wells Fargo, the trustees of the Plan, certified to the completeness and accuracy of the investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2021.

(4) Party-in-Interest Transactions

The Plan invested in certain mutual funds, including a money market fund, managed by Principal during 2022 and 2021, and Principal also managed all notes receivable from participants of the Plan. During 2022, the Plan made direct payments for investment advisory, audit, and recordkeeping services of approximately \$240,000. While these transactions qualify as party-in-interest transactions, as defined by Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rule.

(5) Tax Status

The Plan has adopted a non-standard pre-approved profit-sharing plan with CODA effective July 1, 2022. The Internal Revenue Service has determined that pre-approved profit-sharing plan with CODA is acceptable for use by employers for the benefit of their employees under the Internal revenue Code (IRC) Section 401 and informed the trustee of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter. The plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Fair Value Measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (“Level 1 measurements”) and the lowest priority to unobservable inputs (“Level 3 measurements”). The three levels of the fair value hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) quoted market prices for similar assets or liabilities in active markets;
- (b) quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) input other than quoted prices that are observable for the asset or liability; and
- (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methods used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2022 and 2021.

Mutual funds and money market fund: The money market and mutual fund accounts are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Stable value fund: A stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued using the NAV practical expedient, an estimate of fair value. The NAV practical expedient is based on the fair value of the underlying assets owned by the stable value fund, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a stable value fund is calculated based on a compilation of primarily observable market information. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to require additional notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(6) Fair Value Measurements - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets Measured at Fair Value at December 31, 2022	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 1,575,616	1,575,616	-	-
Total assets at fair value	\$ 1,575,616	1,575,616	-	-

Description	Assets Measured at Fair Value at December 31, 2021	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 269,859,727	269,859,727	-	-
Money market fund	2,925,034	2,925,034	-	-
Total assets at fair value	272,784,761	272,784,761	-	-
Investment measured at NAV practical expedient	16,634,744 (a)			
Investments at fair value	\$ 289,419,505			

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(7) Plan Termination

On December 16, 2022, the Board of Directors voted to merge the Plan effective January 1, 2023 into the TD SYNNEX 401(k) Retirement Plan, which will be the successor Plan. On December 30, 2023, certain participant account balances, participant notes receivable and forfeitures balances were liquidated and in transit to the TD SYNNEX 401(k) Retirement Plan. ‘
