401(k) Plan and Trust

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Florida Medical Clinic, LLC 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Florida Medical Clinic, LLC 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of Florida Medical Clinic, LLC (the "Company") who have completed two months of service and are age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Employer contributions may be made to the profit sharing trust fund in amounts determined by the Company's Board of Directors. There is no obligation on the part of the employer to make a contribution for any year, beyond the 3% safe harbor provision.

All employees who become participants in the Plan are eligible to make salary reduction contributions up to the lesser of 60% of their compensation or the maximum amount allowed by the Internal Revenue Code. Employees may also designate a portion or all of the deferral contributions as Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. The employer may make matching contributions equal to a discretionary percentage, to be determined by the employer, of the participants' contributions. The Plan also has a 3% safe harbor provision. Accordingly, all participants are fully vested in the first 3% of all employer discretionary contributions. See Note A4 for more information on vesting.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution, (2) plan earnings, and (3) forfeitures of terminated participants' non-vested accounts. Participants' accounts are kept separately from employer contribution and salary reduction contribution allocations.

The Company's matching contributions, if any, are allocated in proportion to each participant's elective contribution.

The Company's non-elective contributions, if any, are allocated based on a participant's allocation group and the ratio of the participant's compensation to the compensation of other members of the participant's allocation group.

Plan earnings are allocated by the Plan trustee based on the investments contained in each participant's account.

NOTE A - DESCRIPTION OF THE PLAN - Continued

4. Vesting

Participants are immediately 100% vested in their salary reduction contributions and 100% vested in employer safe harbor contributions. The vested portion of any participant's Discretionary Employer Contributions Account and Matching Employer Contributions Account is determined according to a graduated scale based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. Payment of Benefits

A participant who retires or becomes disabled will be paid the benefit, to which they are entitled, in one lump sum payment unless installment payments are elected. If the participant is deceased, their beneficiaries will be paid the entitled benefits in one lump sum payment unless installment payments are elected. Terminated participants will share in allocations of earnings/losses under the Plan until such time as a distribution is made. Benefits are recorded when paid.

6. Forfeitures

As of December 31, 2022 and 2021, forfeited non-vested accounts approximated \$113,000 and \$181,000, respectively. These accounts will be used to reduce future employer contributions. In 2022, employer contributions were reduced by approximately \$213,000 from forfeited non-vested accounts.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants become 100% vested in their accounts in the event of Plan termination.

8. Participants' Benefits

Some Plan participants have terminated employment with the Company but had vested balances in the Plan at December 31, 2022 and 2021. These unpaid benefits approximated \$39,490,000 and \$27,812,000 at December 31, 2022 and 2021, respectively. There were no participants who requested benefit payments who were not yet paid at December 31, 2022 or 2021, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with ASC 820. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year-end. The investment in the common/collective trust fund ("CCT") is stated at fair value, as determined by the issuer of the CCT based on the fair value of the underlying investments using net asset value as a practical expedient. CCTs with underlying investments in investment contracts are valued daily at value of the underlying investments.

In accordance with Financial Accounting Standard Board (FASB), fully benefit-responsive investment contracts are presented at contract value. However, when CCTs hold fully benefit-responsive investment contracts, the plan's investment in the CCT is not considered a fully benefit-responsive investment contract and are reported at fair value. As such, the Plan's investment in the CCT described in Note D is reported at fair value.

Purchases and sales of all plan securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net gains or losses on the disposal of investments and changes in the current value of investments are reported in the statement of changes in net assets available for benefits as a net appreciation or depreciation in fair value of investments.

2. Notes Receivable from Participants

Notes receivable from participants are recorded at amortized cost based on unpaid principal balance, plus any accrued interest. This valuation method is considered a good faith approximation of fair value. Generally, participants may take a loan at the lesser amount of (a) \$50,000 or (b) up to one-half of their vested balance. Interest is charged on amounts outstanding with fixed interest rates ranging between 4.25% and 8.00%.

Florida Medical Clinic, LLC  
401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

A note receivable from participants is considered in default if there is an outstanding principal balance existing after the last scheduled re-payment date. At December 31, 2022, there was approximately \$3,000 of notes receivables in default that were not yet deemed distributions.

3. Plan Expenses

The employer incurs substantially all administrative expenses related to the Plan.

4. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosure. Actual results could differ from those estimates and such differences could be material.

5. Concentration of Credit Risk

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE C - INVESTMENTS

The Plan adheres to the provisions of Financial Accounting Standards Board, Accounting Standards Codification 820 ("FASB ASC 820"). FASB ASC 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement), a middle priority to quoted prices for similar assets or liabilities (Level 2 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022

NOTE C - INVESTMENTS - Continued

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021:

*Mutual funds:* Valued at the net asset value of shares held by the Plan at year end. Investments in certain restricted mutual funds are valued at quoted market prices of the issuer. (Level 1)

*Common/collective trust:* Valued by the issuer of the common/collective trust fund based on the net asset value per share of the underlying investments. Common/collective trust funds with underlying investments in investment contracts are valued at net asset value of the underlying investments using the practical expedient method, and are not leveled in the fair value hierarchy.

*Money market account:* Valued at the quoted market price of the issuer (Level 1).

*Common stock:* Valued at quoted market prices of the issuer (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables present financial assets measured at fair value on a recurring basis as of:

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>

The Company follows ASU 2015-07 - Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) which does not require the Plan to place certain investments in the fair value hierarchy that are valued using a net asset value model.

The following tables present financial assets measured using the net asset value of shares using the practical expedient method, as of:

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

The Plan's investments appreciated (depreciated) in value during the year ended December 31, 2022 as follows:

Mutual funds	\$ (56,567,002)
Common/collective trust	(1,236,952)
Common stock	<u>(181,352)</u>
Net depreciation	<u>\$ (57,985,306)</u>

NOTE D - COMMON/COLLECTIVE TRUST

The Fidelity Managed Income Portfolio Class I (the "Fund") is a common/collective trust sponsored by Fidelity. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of \$1 per unit.

Distribution to the Fund's unit holders are declared daily from the net investment and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022

NOTE D - COMMON/COLLECTIVE TRUST - Continued

The Fund invests in fully benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the Fund are invested in shares of money market funds and in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities). The Fund may also invest in futures contracts, option contracts, and swap agreements.

Fidelity Management Trust Company, as investment manager and trustee of the Fidelity Group Trust for Employee Benefit Plans, has claimed an exemption from registration under the Commodity Exchange Act and is not subject to registration or regulation under the Act. At the time of purchase, all Contracts and securities purchased for the fund must satisfy the credit quality standards specified in the Declaration of Separate Fund.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

*Restrictions on the Plan* - Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions

Florida Medical Clinic, LLC  
401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022

NOTE D - COMMON/COLLECTIVE TRUST - Continued

- Complete or partial termination of the Plan or its merger with another plan

*Circumstances that Impact the Fund* - The Fund invests in assets, typically fixed income securities or bond funds, and enters into “wrap” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow the Fund to maintain a constant NAV and protect the Fund in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay the Fund the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer
- Any change in law, regulation, or administrative ruling applicable to a Plan that could have a material adverse effect on the Fund’s cash flow
- Employer-initiated transactions by participating plans as described above

In the event that wrap contracts fail to perform as intended, the Fund’s NAV may decline if the market value of its assets decline. The Fund’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet their financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund’s inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any position of its assets in default in excess of a certain percentage of portfolio assets.

NOTE E - TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 1999, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE E - TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE F - TRUSTEE CERTIFICATION (UNAUDITED)

Fidelity Management Trust Company ("Fidelity") has certified the investment balances, including the related income and allocations as being complete and accurate under CFR 2520.103-8 of the Employee Retirement Income Security Act of 1974 for the balances presented as of December 31, 2022 and 2021 and for the year ended December 31, 2022.

NOTE H - ADMINISTRATION OF PLAN ASSETS/PARTIES-IN-INTEREST

Fidelity holds the Plan's assets. As Plan trustee, Fidelity provides recordkeeping for the Plan and charges certain fees. Company contributions are managed by the trustee who invests cash received, interest and dividend income, and makes distributions to participants and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by plan participants for investment management services are included as a reduction of the return earned. Record-keeping and independent audit fees are charged to the Plan and are included in total deductions from net assets.

Officers or employees of the Company also perform administrative functions. No officer or employee received compensation from the Plan.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to December 31, 2022 as of February 8, 2024 which is the date the financial statements were available to be issued.
